File No. 246-65-2, Resolution No. 20-67.

Explanations of Votes.

Supervisor Morrison stated that his vote in Committee was cast in favor reluctantly and for one reason only: because he feels that any member of the Board has the right to bring any measure before the Board for a determination. He said he did not believe in the apparent intent of the measure that the Board should take up particularized tax measures without consideration of the complete problem.

The Finance Committee is currently undertaking a study of a wide variety of tax measures. Although such a study is time-consuming, Supervisor Morrison said that this kind of study seemed to him to be the proper way for the Board to approach the problem.

Supervisor Francois urged an "aye" vote on the subject legislation. While he supports the idea of a comprehensive tax program, he felt that the Board should seriously consider taking certain immediate actions to relieve the tax burden on the home owners of San Francisco; i.e., increasing the hotel tax, imposing a tax on the transfer of real property, and a local amusement tax.

Supervisor Blake stated he is opposed to the subject legislation and to the legislation proposed to be amended thereby because in his opinion the Board should be concerned about bringing efficiency and economy to City government in order to reduce taxes rather than finding ways to increase taxes. Supervisor Blake stated that in his opinion a

budget review division should be established under the direction of the Clerk of the Board of Supervisors.

Adopted by the following vote:

Ayes: Supervisors Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—8.

Noes: Supervisors Blake, Boas—2.

Absent: Supervisor Casey—1.

Request Granted.

Report by Finance Committee on Proposed Survey of City and County Tax Structure.

In response to questions by Supervisor McCarthy, Supervisor Morrison stated that in his opinion the Finance Committee will need either the assistance of temporary personnel or a consultant in order to undertake a comprehensive survey of San Francisco's tax structure. It is too big and time-consuming a job for the Committee to do on its own. He estimated that it would be at least six to eight months before recommendations can be formulated.

Supervisor Ertola, Chairman of a sub-committee of the Finance Committee delegated to study the effects of A.B. 80, advised that he had been in touch with the Assessor, City Attorney, and Mayor, concerning the problem he believes this Bill forces the City to face. Supervisor Ertola said he had hoped to be able to report to the Board before the end of 1966. However, even with his staff working diligently, the Assessor will not be prepared to present any facts for Board consideration until the middle of January.

Supervisor McCarthy suggested that the Chairman of the Finance Committee be requested to present to the Board the results of the study presently being undertaken by the Committee and the subcommittee along with recommendations for Board action. Supervisor McCarthy asked for information concerning the different kinds of taxes which might be considered and the amount of revenue that could be expected to be received from each. He stated that one of the major pieces of legislation before the State Legislature will be an increase in the State sales tax and that the Board should make a policy decision on this question before imposing any new local taxes.

Supervisor Morrison suggested that the Committee be directed to report to the Board on January 23, 1967, its recommendations for procedure to be followed in undertaking a survey of the City's tax structure. He said that while he would welcome the kind of directive suggested by Supervisor McCarthy, he did not believe the Committee would be able in three weeks to forecast revenue receipts to be expected from the various tax proposals being considered.

The Chair directed that the Finance Committee report to the Board January 23, 1967, on the progress made toward conducting a survey of the City's tax structure.

Urging study of means of securing additional revenues to grant tax relief to home owners.

Addressing himself to the question of the extent to which the Board of Supervisors can realistically hope to relieve home owners by effecting economies in City and County Government, Supervisor Francois called the Board's attention to the fact that of a total budget for 1965-66 of some \$389,000,000, \$352,000,000 consists of fixed items over which the Board has no control. JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Monday, January 16, 1967—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

No objection and request granted.

Approval of Journals.

There being no objection, the Journal of Proceedings for the meeting of Tuesday, December 27, 1966, and the Journal of Proceedings for the Board sitting as a Board of Equalization, Tuesday, December 27, 1966, were considered read and approved.

SPECIAL ORDER—2:00 P.M.

Board of Supervisors sitting as a County Board of Equalization to equalize assessment made outside the regular assessment period.

File No. 300-66.

(Application No. 89. E. C. Cooley Company, 1186 Folsom Street.)

(See Board of Equalization Journal of Proceedings.)

Consideration Continued.

There being no objection, on motion of Supervisor Blake, the following recommendation of State and National Affairs Committee, appearing on the Calendar under "New Business" was taken up out of order:

Requesting State to return control of port of the City and County of San Francisco and directing that City not participate in development of Port Authority surplus property until control of port is returned to San Francisco.

File No. 356-66-2, Resolution No.

Supervisor Blake urged an "aye" vote, saying that if these lands along the waterfront are to be developed, the development should be done in an orderly manner under the auspices of the City and County, either through the Redevelopment Agency or by private investors.

Supervisor Beeman stated that he is sympathetic to the intent of the resolution. However, he believes action should be postponed because of the fact that the City Planning Department is currently conducting a study of the northern waterfront area and because this is a very involved question on which the Board does not have all the facts.

Adopted.**Motion to Continue Consideration.**

Supervisor Beeman, seconded by Supervisor Francois, moved that consideration be continued to January 30, 1967.

In response to a question by Supervisor Morrison, Joseph Barnwell, Chief Planner, Department of City Planning, advised that the Department and the Port Authority are cooperating in the present study of the northern waterfront. The study is not concerned with ownership of the land in question but rather the use of that land. It is anticipated that the study will be completed next October. Mr. Barnwell said he believed it would be detrimental to progress of the study if the conditions under which the study was begun are changed at this time.

Ruled Out of Order.**Motion to Amend.**

Supervisor Blake moved amendment of the legislation as follows: Before the last paragraph add a new paragraph reading: "Further

Resolved, that the existing study being undertaken by the Department of City Planning continue until completed."

Supervisor Beeman objected to the introduction of proposed amendments at this time, since his motion to continue consideration takes precedence over a motion to amend.

The Chair ruled that a motion to amend was out of order at this time.

Supervisor McCarthy asked Supervisor Blake if he would be agreeable to an amendment which—in addition to seeking transfer to the City of the lands in question—would endorse creation of a regional authority for operation of all Bay Area ports.

Supervisor Blake indicated that such an amendment would be agreeable to him.

Request Granted.

Reports from Controller and City Attorney.

Supervisor O'Shea requested that the Controller be asked for a report as to the amount of indebtedness the City would assume in acquiring the port lands and that the City Attorney be asked to examine and determine whether or not port property can be sold to private owners, based upon the tideland restriction in the Constitution.

No objection and Clerk directed to comply.

The Chair indicated that it was his intention, if consideration is continued, to move that the privilege of the floor be extended to interested members of the public for a full hearing of the question.

Supervisor Blake said that he would object to such a motion, since a full public hearing was held by the Committee.

Motion to continue consideration to January 30, 1967, adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Noes: Supervisor Blake—1.

Absent: Supervisor Casey—1.

Adopted.

There being no objection, on motion of Supervisor Ertola, the following recommendation of Joint Finance and Streets and Transportation Committee, appearing on the Calendar under "New Business" was taken up out of order:

Declaring intention to proceed with preparation of plans and appropriation of funds for construction of a combination police station-public parking facility at 770 Vallejo Street.

Explanation of Vote.

Supervisor Blake stated that he would vote against the proposal because, in his opinion, it is a poor compromise and a mistake to place a garage in this location. He said that a garage under Washington Square would be far preferable.

Adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Noes: Supervisor Blake—1.

Absent: Supervisor Casey—1.

The Board thereupon resumed consideration of Calendar items in the order printed therein.

Adding intersection of Columbus Avenue and Montgomery Street to list of street intersections from which left-hand turns are prohibited at all times.

File No. 39-66-13, Resolution No.

(Columbus Avenue, southeast-bound traffic, turning left into Montgomery Street.)

Supervisor Ertola suggested that the legislation be re-referred to Committee for notice to residents and property owners in the area.

William Marconi, Traffic Engineer, advised the Board of actions already taken to control traffic at this intersection and stated that the area had been posted with notices prior to a public hearing by both the Department of Public Works and the Fire, Safety and Police Committee.

Supervisor Ertola, seconded by Supervisor Francois, moved that consideration be continued to January 30, 1967, and that notices be sent to all interested persons in the area of the proposed action with an explanation of why it is necessary, making it clear that discussion will not be open to public during the Board's consideration.

Supervisor Beeman stated that he would vote against the motion, since a traffic island has already been installed at the intersection and a contract has been let for installation of traffic signals. A head-on collision could be caused by a left turn at this intersection.

Motion to continue consideration adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Noes: Supervisor Beeman—1.

Supervisor Francois presented:

File No. 12-67-1, Resolution No.

Referred to State and National Affairs Committee.

Design of Powell Street and Montgomery Street rapid transit stations.

Supervisor McCarthy deplored the fact that the Directors of Bay Area Rapid Transit District had refused to accept the City's urgent requests that rapid transit stations at Powell Street and Montgomery Street be constructed in accordance with the clear-span design originally proposed. He said that he believed the Board should make a statement to the people of San Francisco that the kind of first-class, meaningfully attractive subway system they had hoped for is not going to be built in San Francisco.

Reference to Committee.

Disapproval by Federal Government of City's request for a grant of funds to conduct a survey and prepare plans for a Butchertown Redevelopment Project Area.

Supervisor McCarthy referred to reports in the press that the proposed redevelopment plan for Butchertown is being postponed due to a current lack of Federal funds. He stated that the fact that the City cannot get funds from the Federal Government for surveys and planning for this project indicates that the City has not communicated to the Federal Government how strongly it feels about proceeding with industrial development in those areas where it is possible so that dislocated businesses will not be forced to move out of the City.

Supervisor McCarthy moved that the President select the proper committee to hold hearings as soon as possible on this subject.

Referred to Planning and Development Committee.

Design of Powell Street and Montgomery Street rapid transit stations.

Supervisor Tamaras stated that he, too, was very disappointed at the decision of the Bay Area Rapid Transit District Directors not to construct clear-span transit subway stations at Powell Street and Montgomery Street. He said models of the approved design are reminiscent of the nineteenth century and he found it embarrassing to find that such a design would be constructed in San Francisco.

Adopted.

Motion that the Board adjourn its meeting this date out of respect to the memories of deceased as follows:

Sam Eubanks (Supervisor Morrison).

Phil Landis (Supervisor Ertola).

File No. 2-67.

In meeting of the Board of Supervisors, San Francisco, Monday, January 16, 1967—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

The Clerk presented a request from Supervisor Casey that he be excused from attendance because of illness.

No objection and request granted.

SPECIAL ORDER—2:00 P.M.

Board of Supervisors Sitting as a County Board of Equalization to equalize assessments made outside the regular assessment period.

File No. 300-66.

Motion to Sit as a County Board of Equalization.

Supervisor Ertola, seconded by Supervisor Francois, moved that the Board of Supervisors now sit as a County Board of Equalization to equalize assessments made outside the regular assessment period.

No objection and motion carried.

Rules of Procedure.

The Chair explained that the Board would hear first from applicants as to the reasons why assessment should be equalized, and then from the Assessor.

Application Granted.

Unsecured Roll:

No.	Name of Applicant	Location of Property	Penalty	
			Assessment	
89.	E. C. Cooley Co.	1186 Folsom St.	1964	\$ 82.31
			1965	166.38
			1966	230.46

John Larson, President of E. C. Cooley Company, and Miss Mildred Hunter, bookkeeper, were examined under oath with respect to the application.

Miss Hunter testified that the company is willing to pay the tax but not the penalty. The Company was not aware that commissions on orders received from principals out of the State were taxable. The omission to include these commissions was due entirely to a misunderstanding; therefore, the penalty of 200 per cent is punitive and injurious and not justified. These commissions are paid on accounts receivable collected by the Company's principals. It might be a year before some are collected.

William Paizis of the Assessor's office testified that failure to report was undoubtedly an inadvertence; however, the Assessor's interpretation of Section 1063 of the Revenue and Taxation Code is that he has no power to waive the prescribed penalty.

Supervisor Blake, seconded by Supervisor Francois, moved that the penalty assessments be reduced to nil.

Motion carried by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Motion to Adjourn.

Supervisor Morrison, seconded by Supervisor Ertola, moved that the Board of Supervisors sitting as a County Board of Equalization, adjourn.

Motion carried by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

ADJOURNMENT.

The County Board of Equalization adjourned at the hour of 2:20 p.m.

SPECIAL ORDER—2:00 P.M.

Progress report by Finance Committee on status of Committee's study of the City and County tax structure.

File No. 246-65.

Supervisor Morrison reported that the first object of the Committee in recent weeks has been to determine the effect of the application of a uniform assessment ratio as required by State law. A report on that subject was given by the Assessor last week, copies of which have been placed in the file and distributed to each Supervisor. It is estimated that the real property tax of the average home-owner will increase one-third. The Finance Committee believes the Board should ascertain if there is some feasible and desirable way to relieve the home owner of this added tax burden.

Because the Arthur D. Little Company has already conducted studies for the City in which they have done much of the work that will be required in a study of the tax structure, it seemed to the Committee there would be many advantages to having such firm make a study. Arthur D. Little Company has offered to do a four-month study at a cost of \$50,000 plus some additional expenses, mainly for printing of the report.

The Committee would submit suggested new sources of revenue and would ask that the study be directed to the amount of revenue each might raise, what administrative costs would be, and what incidence of the burden would fall upon various income groups. In this way, at the end of the four month period, the Board would have the information needed to decide whether to impose any new taxes.

If a tax measure should be adopted to become effective before September 1, 1967, Supervisor Morrison said he believed anticipated revenue therefrom could be taken into account in the setting of the tax rate on residential properties. Therefore, the Committee has recommended the initiation of a supplemental appropriation for the purpose of contracting with Arthur D. Little, Inc., for a comprehensive review of the tax structure.

The Finance Committee has also recommended establishment of a Tax Appeals Board in San Francisco, although the cost was somewhat daunting to the Committee. The Assessor predicts possibly 3,000 applications for equalization of assessments this year. If no preparation is made and 3,000 applications are received, the Board will be overwhelmed. Supervisor Morrison said he believed the Board must plan for that number of applications so that any taxpayer will have his case decided efficiently. If fewer than anticipated apply for equalization of assessment, of course less funds would be expended.

In response to a question by Supervisor Boas, both the Controller and the Chief Administrative Officer advised that their departments could not perform the study as described without the employment of outside assistance.

Also in response to a question by Supervisor Boas, Supervisor Morrison stated that the question of an appropriation of funds for a study by the Arthur D. Little Company will come before the Finance Committee again at a later date after processing by the Mayor and the Controller. At that time there will be full notice and hearing in public meeting of the Committee.

Supervisor Blake stated that in his opinion the Board's efforts should be directed to finding ways to cut the City and County budget and taxes in San Francisco rather than trying to find new sources of revenue. Transferring the tax burden from commercial and industrial properties to the home-owner will only be harmful to San Francisco. Downtown interests have been receiving the greater portion of the municipal services and therefore should carry the greater portion of the tax burden. Efforts should be made to amend Assembly Bill 80.

Supervisor Beeman informed the Board that he had met with the Chairman of the Municipal and County Government Committee of the State Assembly for the purpose of exploring with him possible amendments to A.B. 80. Supervisor Beeman said that he is willing to go to Sacramento and spend more time in pursuing this; however, it is his opinion that the Assembly Committee has absolutely no intention of amending A.B. 80 so as to affect San Francisco. The purpose of the proposed study by Arthur D. Little Company is not how to increase the City budget or increase taxes, but to find ways to raise revenue from those who are not now carrying their fair share of the burden.

Supervisor Ertola suggested that when the supplemental appropriation for entering into a contract with the Arthur D. Little Company comes before the Finance Committee again, the scope of the study be broadened to include a study of the social and economic effects the immediate and over-night tax shift required by A.B. 80 will have on home owners and tenants of San Francisco. With such information, San Francisco could present to the State Legislature facts in support of proposed amendments to A.B. 80.

Supervisor Tamaras said he believed funds should be appropriated for a study by Arthur D. Little Company, but that the Board should also follow the recent advice of the Chairman of the State Board of Equalization and support amendments of State legislation which would among other things, establish a lower assessment ratio for residential properties than for income-producing properties, permit a reduction of taxes for maintenance and repair of residential buildings, exempt household property from taxation and permit averaging of business inventory throughout the year.

Adopted.

Supervisor Boas, seconded by Supervisor Morrison, thereupon moved that the following recommendations of Finance Committee appearing on the Calendar under "New Business" be taken up out of order:

Motion—Authorizing and directing Clerk of the Board of Supervisors to transmit to the Mayor a supplemental appropriation request in the sum of \$55,000 to be appropriated to the Board of Supervisors for the purpose of contracting with Arthur D. Little, Inc., for a comprehensive review of the City and County tax structure.

File No. 69-67-3.

In response to a question by Supervisor Ertola, Supervisor Morrison stated that the exact terms with respect to the scope of the study will be worked out in Finance Committee and be reported to the full Board for consideration and approval.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, Ertola, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Noes: Supervisor Blake—1.

Absent: Supervisor Francois—1.

Passage for Second Reading.

Amending the Administrative Code by adding Chapter 2B thereto, creating a Tax Appeals Board.

File No. 520-66, Ordinance No.

Explanation of Vote.

Supervisor Blake stated that he is willing to give whatever time is required to hearing applications for equalization of assessments. Until the Board finds itself in a position where it cannot properly hear such applications, the Board should proceed as it has in the past. The need for establishment of a Tax Appeals Board has not at this time been demonstrated.

Supervisor Boas called attention to the fact that in Los Angeles County all but the most complex applications are heard in seven or eight minutes. He suggested that the Rules Committee consider establishing a time limit for presentation of each applicant's case before the Tax Appeals Board.

Motion to Amend.

Supervisor Boas, seconded by Supervisor McCarthy, moved that the legislation be amended as follows: Sec. 2B.3, at end of first sentence DELETE "." and ADD ", provided that each member of the Board of Supervisors shall be limited to three (3) nominees."

Motion to amend adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Ertola, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—8.

Noes: Supervisor Casey—1.

Absent: Supervisors Blake, Francois—2.

Passed for second reading as amended by the following vote:

Need for a Convention and Sports Center in San Francisco.

Supervisor O'Shea stated that the recent disaster at McCormick Place in Chicago brought to mind the need existing in San Francisco for a convention and sports center. He expressed his feeling that something should be done now to eliminate the possibility of San Francisco's missing the great amount of revenue such a center could bring to the City.

Questions of the moment are: (1) What is being done regarding a proposed site for a convention and sports center in the Yerba Buena Development Project area? (2) Should this be considered as a private, public, or joint private and public venture? (3) Can the center be built without the need of municipal financing on bond issues?

Supervisor O'Shea asked that the President designate a Committee of the Board to investigate these questions.

Referred to Cultural Activities Committee.

Statement of Supervisor Kevin O'Shea concerning charges of lack of good faith on the part of some members of the Board of Supervisors in the recent election of members of the Golden Gate Bridge and Highway District.

"Labor and the union movement, in San Francisco, with their fine traditions for equality and fairness, have always been for me subjects of deep interest and the highest respect. My own family background is one which is vitally concerned with union labor, and needless to say, the legitimate interests and aspirations of the labor movement will continue to have my unqualified support.

"With the foregoing as a prelude, and as an unequivocal statement of my principles, it was disconcerting and disturbing for me to read in the local press a short time ago that some labor representatives have termed unnamed members of the Board of Supervisors as being untruthful because they pledged their votes to certain union officials for election to the Golden Gate Bridge and Highway District and then failed to vote accordingly.

"If there are any members of our Board who have engaged in such a course of conduct, certainly they should be called to account for a reprehensible action. But to issue a blanket criticism of some Board members, and fail to name them, inevitably leads the public to conclude that any or all Supervisors are guilty of toying with the truth, and I for one most emphatically resent any such implication directed at me.

"Let me emphasize beyond any possibility of misunderstanding—any statement or innuendo that I fail to live up to my promises fully and completely is untrue and scurrilous; any blanket indictment of members of the Board of Supervisors on such charges includes me,

and I resent it intensely as an attack upon my personal integrity; and, finally, when any vote is to be counted, all the people of San Francisco, including particularly those who are in and of the labor movement, may count without question upon my vote being in their best interests."

The Chair ordered that the foregoing statement be made a part of the record.

Caucus of the Board.

The Chair reminded Board members of a caucus to be held immediately upon adjournment for further consideration of personnel matters.

Adopted.

Motion that the Board adjourn its meeting this date out of respect to the memories of deceased as follows:

Supervisor Blake stated that it is a function of the Board of Supervisors to investigate why action is not being taken by the City; if the Narcotics Bureau of the Police Department needs more men in order to effect arrests of law breakers, a request should be directed to the Board.

File No. 98-67, Ordinance No.

Referred to Fire, Safety and Police Committee.

Allegations of violation of contract between City and Avery Brundage with respect to Avery Brundage oriental art collection.

Supervisor Blake referred to a report in the San Francisco Examiner of January 30, 1967, to the effect that Avery Brundage feels the City is violating its contract with him with respect to the care being taken of the Brundage oriental art collection. Supervisor Blake said that this collection is very important to San Francisco and if mistakes are being made by the City, the mistakes should be corrected. The Mayor should investigate the problem and the City Attorney should be asked to give whatever time is needed to negotiate the dispute and to correct the alleged violation of contract. If necessary, someone should travel east to see Mr. Brundage.

Supervisor Blake asked that a Committee of the Board calendar for discussion with the Mayor and other City officials the reported threat by Avery Brundage to take back the art collection he gave to San Francisco because the City is not taking proper care of it and is violating its contract with him.

Application of Keyston Bros. for Equalization of Assessments.

The Clerk presented a communication dated February 10, 1967, from Stephen H. Slabach of the law firm Cushing, Cullinan, Hancock & Rother, advising that a form of subpoena duces tecum directed to Ronald Welch will be delivered to the Clerk prior to the Board meeting today and requesting that Application No. 93 of Keyston Bros. for equalization of assessments billed by the Assessor during the month of January, which is scheduled to be heard by the Board on February 20, 1967, be continued for hearing during the month of March, 1967.

There being no objection, the privilege of the floor was granted Stephen H. Slabach, who informed the Board that it is anticipated he and a number of other attorneys will join in representing additional applicants who will file early in March. It is their desire to present at a single hearing all the evidence on the issue of the assessment ratio question in connection with these applications. If all can be heard at once, it should not be necessary to subpoena Mr. Welch more than once, i.e., for the March hearing.

In response to questions by Board members, Deputy City Attorney Bernard Ward advised that the law requires a hearing by the County Board of Equalization during the month following the month during which the assessment is levied, unless an extension of time is granted by the State Board of Equalization. Mr. Ward continued by saying that it may be possible to begin hearing Keyston Bros.' application on February 20 and continue the hearing to a date in March.

Supervisor Ertola, seconded by Supervisor Francois, moved that hearing by the County Board of Equalization on Application No. 93 of Keyston Bros. be begun February 20, with the understanding that the hearing will be continued to a date in March.

Raphael Taliaferro, Public Information Officer, Economic Opportunity Council, informed the Board that at the present time the Federal Government is contributing ninety per cent of the cost of the anti-poverty program. In January, 1968, it is anticipated that the Federal contribution will be reduced to eighty per cent, with local government contributing twenty per cent in cash or in kind. In 1969, the Congress must decide if it wishes to reduce the Federal contribution to fifty per cent.

Hearing Held.

Hearing of objection to correction of clerical error in Assessment Roll which will increase amount of taxes payable.

File No. 22-67-2.

Vol.	Block	Lot	Land	Building	Pers. Prop.	Exemption	Total
40	6745	60	\$2810	\$5500	—	—	\$8310

Ray Berdetta, representing the Olympian Oil Company, 35 South Linden Avenue, South San Francisco, stated that the City has taken a portion of this property. The only improvements now existing thereon are two gas pumps and one driveway. The remainder of the property in use is a former alley which is being rented from the City.

Samuel Duca of the Assessor's Office informed the Board that the lot number of this parcel had been changed and in the process a clerical error was made in not assessing the improvements. The Board's action today will correct that oversight.

In response to Mr. Berdetta's contention that the assessment on the land was too high, Mr. Duca stated that the assessment is in line with that of other property of its type; however, there will be a reassessment the coming year since the assessment is somewhat over 25 per cent.

Mr. Berdetta was advised of his right to file an application for equalization of assessment at the proper time.

There being no one else present desiring to speak, the Chair declared the hearing concluded.

Adopted.

The following from Finance Committee was taken up:

Appropriating \$55,000, Board of Supervisors, for a comprehensive review of the City and County tax structure by Arthur D. Little, Inc.

File No. 69-67-4, Ordinance No.

Supervisor Morrison, seconded by Supervisor Francois, moved adoption.

Supervisor Morrison stated that the Finance Committee is eager to have the thinking of all Board members as to the scope of the proposed study, specific tax proposals which should be included, and any appropriate conditions to its conduct. Supervisor Morrison invited all members to attend the Finance Committee meeting the next day so that the Board can reach a decision on these details before finally passing the ordinance now under consideration.

At the request of Supervisor Morrison, the Clerk read a draft by Arthur D. Little, Inc., of work to be conducted under the proposed contract, a copy of which draft is in the file.

In response to questions by Board members, Assessor Joseph E. Tinney stated that preliminary surveys of assessments of residential property indicate that some eighty thousand single-family residences in San Francisco appear to be assessed presently at nine to eleven per cent of full cash value, and about thirteen thousand at perhaps fifteen per cent. When reassessment is completed, property owners will be notified of what the Assessor determines to be the full cash value. Full cash value in the concept of appraising and assessing could be higher than sale price, but with respect to modest homes, it probably will be somewhat lower.

From Legislative and Personnel Committee with recommendation *"Do pass after Amendment."*

Salary Standardization Ordinance, Charter Sections 151 and 151.1, effective July 1, 1967, for miscellaneous employees.

An ordinance fixing and determining schedules of compensation to be paid municipal officers and employees and non-certificated employees of the San Francisco Unified School District whose offices and positions are allocated to classifications specified herein and compensations for which are subject to the provisions of Sections 151 and 151.1 of the Charter, establishing work schedules and conditions of employment, and method of payment for various work schedules; providing that the said schedules of compensation shall be effective beginning July 1, 1967.

File No. 270-66-6, Ordinance No.

**Statement and Motion to Amend by Supervisor Leo T. McCarthy,
Chairman of the Legislative and Personnel Committee**

As submitted by the Civil Service Commission, the Salary and Wage Survey dated January 30, 1967, proposes salary increases for 846 classifications, which include 9,260 permanently established positions. The estimated annual cost of the increase is \$8,096,281, including retirement contributions.

Proposed amendments to the compensation schedules and the administrative provisions of the Salary Standardization Ordinance are placed before you today by the Legislative and Personnel Committee, for reference to the Civil Service Commission. They include amendments offered by or on behalf of 609 classifications out of a total of 1,154 classifications, proposing increases beyond the salaries recommended by the Civil Service Commission.

On behalf of the Legislative and Personnel Committee and as recommendations thereof:

I offer as proposed amendments to said schedule of compensations all written requests for adjustment supported by necessary written

data filed with this Board. I move that such data, tentatively considered by this Board as warranting such proposed amendments, be transmitted to the Civil Service Commission for review and analysis, and report thereon to this Board not later than February 21, 1967. At the same time, the Commission shall submit a report as to what other changes, and the cost thereof, such proposed amendments would require to maintain an equitable relationship with other rates in said schedule.

For the purpose of this motion, the highest salary rate or range requested for each particular classification in said data is hereby proposed as an amendment to said schedule of compensations. The Clerk of the Board is hereby authorized and directed to tabulate such requested rates or ranges of salary and transmit such tabulation to the Civil Service Commission together with such data.

Additionally, the Clerk shall transmit to the Civil Service Commission, for similar report and recommendation, such data as have been duly filed with the Board in support of requests for amendments to the administrative provisions of the Salary Standardization Ordinance, which amendments are hereby proposed by the Board.

I further move that consideration of the proposed ordinance be continued until February 27, 1967, and that the Legislative and Personnel Committee in the interim continue to consider proposed amendments to the ordinance, for submission to the Board on February 27, 1967. File No. 105-67.

Mr. Alan S. Hart, District Engineer, California Division of Highways, discussed the features of a scale model of this portion of freeway which was on display in the Chambers and showed slides depicting the commercial activities in the area to be traversed and details of the scale model.

Mr. Hart stated that the purpose of the presentation was to present the design before it has been finalized. His department will not anticipate any further formal action before the Board unless the Board so requests. Mr. Hart then answered questions by various Supervisors concerning the relationship of the freeway to other developments under consideration. The presentation was then concluded.

The following from Finance Committee without recommendation was taken up:

Urging declaration of moratorium on enforcement of provisions of AB 80, the State of California Tax Assessment Reform Bill.

File No. 246-65-3, Resolution No. 144-67.

For the purpose of placing legislation before the Board, Supervisor Morrison moved adoption. Motion seconded by Supervisor Francois.

Supervisors von Beroldingen, Ertola, and Francois spoke in favor of adoption so that the legislature might have time to study and amend AB 80 in order to mitigate its effect on the residential property owner.

Supervisor Morrison spoke in opposition, calling attention to previous statements by the City Attorney and the Assessor that uniform assessment of property is a requirement of the California Constitution. The problem in San Francisco is not AB 80, but in finding ways to give some tax relief to the home owner.

At the request of Supervisor Morrison, the Clerk read a telegram from the Honorable John T. Knox, Assemblyman, 11th California District, advising that placing a moratorium on AB 80 would provide no tax relief to the residential property owner and pledging his support of any legislation, including modification or amendment of AB 80, which will effectively assist in solving the present assessment problems confronting San Francisco. Ordered filed.

Refused Adoption.**Motion to Re-refer to Committee.**

Supervisor Morrison, seconded by Supervisor Boas, moved re-referral to Finance Committee so that the coauthors of AB 80, Assemblymen Knox and Petris, can be invited to attend a meeting to discuss any specific amendments which Board members may propose, either before the Finance Committee or before the Board sitting as a Committee of the Whole.

Supervisors Blake, Ertola, Francois, and von Beroldingen spoke in opposition to the motion and urged adoption of the legislation.

Supervisor Beeman urged reference to Committee so that the Board might have an opportunity to hear from Assemblyman Knox as to what amendments he would be willing to sponsor in the State Legislature.

Supervisor McCarthy stated that he was adverse to asking for a moratorium unless the Board gives some guidance to the State Legislature as to what action the Board expects the Legislature to take. He suggested that the Board address itself to the specific provisions of AB 80.

Samuel Duca, representing the Assessor, stated that, even if AB 80 were repealed, the Assessor has a duty to equalize the assessment roll.

Supervisor Tamaras stated that he approves of a different assessment ratio as between residential and business properties and that he believed some of the suggestions of State Board of Equalization member, George Reilly, should be considered.

Motion to re-refer to Finance Committee refused adoption by the following vote:

Ayes: Supervisors Beeman, Boas, McCarthy, Morrison—4.

Noes: Supervisors Blake, Ertola, Francois, O'Shea, Tamaras, von Beroldingen—6.

Absent: Supervisor Casey—1.

Refused Adoption.**Motion to Amend.**

Supervisor McCarthy, seconded by Supervisor Boas, moved amendment of the legislation as follows: Paragraph 6, Line 5, after "and enforcement of the" ADD "assessment ratio".

Supervisors Ertola and Von Beroldingen urged a "no" vote on the motion to amend, saying that AB 80 is complex legislation and they would not be prepared to include only certain portions of the Bill in the request for moratorium. The entire Bill should be restudied.

Motion to amend refused adoption by the following vote:

Ayes: Supervisors Beeman, Boas, McCarthy, Morrison—4.

Noes: Supervisors Blake, Ertola, Francois, O'Shea, Tamaras, von Beroldingen—6.

Absent: Supervisor Casey—1.

Monday, February 27, 1967—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, February 27, 1967—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

Quorum present.

President Peter Tamaras presiding.

Adopted.

Motion adopting special rule of procedure for County Board of Equalization hearing commencing March 20, 1967.

File No. 300-66.

The Clerk presented a communication from Michael C. Hone, Attorney-at-Law, dated February 24, 1967, proposing that the County Board of Equalization adopt a streamlined procedure for an assessment ratio hearing commencing March 20, 1967, whereby one presentation would be made on the ratio question as to all agreeing taxpayers.

Supervisor von Beroldingen, seconded by Supervisor Ertola, moved that the Board adopt as a special rule of procedure for the County Board of Equalization hearing commencing March 20, 1967, the "streamlined procedure for an assessment ratio hearing" as proposed by Michael C. Hone, Attorney-at-Law, in his letter to the Board of Equalization dated February 24, 1967.

There being no objection, on motion of Supervisor Boas, seconded by Supervisor Beeman, the privilege of the floor was granted to Michael C. Hone.

Mr. Hone stated that he has no official authority to bind any taxpayer but he anticipates the vast majority of taxpayers will agree to

join in the presentation. A common element in all cases is the question of ratio. There may be other aspects of certain cases which are not common to all.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

The following from Legislative and Personnel Committee with recommendation "Do Pass After Amendment", heretofore considered, was taken up:

Salary Standardization Ordinance, Charter Sections 151 and 151.1, effective July 1, 1967, for miscellaneous employees.

An ordinance fixing and determining schedules of compensation to be paid municipal officers and employees and non-certificated employees of the San Francisco Unified School District whose offices and positions are allocated to classifications specified herein and compensations for which are subject to the provisions of Sections 151 and 151.1 of the Charter, establishing work schedules and conditions of employment, and method of payment for various work schedules; providing that the said schedules of compensation shall be effective beginning July 1, 1967.

File No. 270-66-6, Ordinance No.

STATEMENT BY SUPERVISOR McCARTHY.

Your Legislative and Personnel Committee presents to you today its recommendations in connection with File No. 270-66-6, the Salary Standardization Ordinance of 1967 for Miscellaneous Employees pursuant to Sections 151 and 151.1 of the Charter.

General Classification Survey: As for the past several years, incorporated in the Salary Standardization Ordinance for 1967 are new numerical classification designations for existing alphabetical classifications where no status problems are involved. Where status problems are involved the existing alphabetical-numerical designations have been retained. When those problems have been resolved, it is anticipated that numerical designations will be used exclusively for all classes of employments.

Administrative Provisions: The Civil Service Commission has considered and decided upon numerous and varied requests for amendments to the administrative provisions of the Salary Standardization Ordinance, affecting working conditions of the employees involved.

Culminating its considerations, the Commission has forwarded to the Board of Supervisors the administrative provisions as recommended by the Commission. A copy is before each Board member, accompanied by a letter of explanation of the recommended deletions, additions, and revisions.

The Legislative and Personnel Committee studied intensively these administrative provisions, giving careful attention to representations made both verbally and in writing by interested individuals and representatives of organizations. As a result, the Committee recommends that the Board approve and adopt only the amendments to the administrative provisions of the Salary Standardization Ordinance appearing

in the copy of the ordinance furnished you at this meeting. Any additions or deletions proposed by the members would have to be the subject of an appropriate motion to amend.

Briefly, the changes recommended in the administrative provisions are as follows:

Section IV (A). Increases from \$15 to \$20 per month differential payment for services requiring continuous personal exposure to contagious diseases, and provides that payment of differential shall be based upon the recommendation of the department head that employee is entitled to said extra compensation.

Committee has amended section to delete requirement for approval by the Civil Service Commission and that payment of said differential shall be based upon morbidity statistics provided by the Retirement Board.

Section IV (C). Provides that part-time counselors employed at Juvenile Hall whose concluding work hour is at 8:00 p.m. or later shall be entitled to premium pay for hours worked.

Section V (A). Provides that overtime work shall be compensated for at one and one-half times the rate established for normal work schedule and not on premium pay rates for those employees who are paid premium pay for work on holidays.

The committee proposes amendment to cover time worked in excess of eight hours' work on a holiday for those employees who receive premium pay for said holiday work.

Section VI (A) (paragraph 7). Provides that employees on a tour of duty other than Monday through Friday shall receive the same number of annual holidays as those employees who work a tour of duty from Monday through Friday.

Section VI (B). Provides that an employee who is on sick leave with pay on both sides of a legal holiday shall not be charged for sick leave with pay for said legal holiday.

Section VII (A) (paragraph 2). Provides that a permanent employee who accepts appointment to a non-promotive position shall receive a salary in his new position which shall be equal to or one step immediately in excess of the salary for his permanent position.

Section VII (B) (paragraph 4). Provides that salary of nurses shall not be reduced when converting from special compensation schedules established by Ordinance No. 44-67, approved February 9, 1967, to the regular compensation schedules as set forth in the Salary Standardization Ordinance.

Section VII (C). Provides that employees transferring from one department to another shall, for increment purposes, retain their original anniversary date.

Section VII (F). Permits employees to be certified to promotive positions in other departments but remain in present department for a short period of time because of emergency work at increased rate of pay.

Section VII (G). Civil Service Commission to define the term "permanent appointment." If to be considered as permanent appointment within City service, then the five-year limitation is approved; provided, however, that if said phrase is to be defined as permanent service within the particular classification then the period of service shall be reduced to four years.

Section VIII. Committee has transmuted cost-of-living symbols to regular compensation schedules, and accordingly has deleted section explaining said symbols.

Section IX (A) (1). Retains Class 2302-Orderly, Class 2312-Licensed Vocational Nurse and Class 2802-School Children's Orderly in, and adds Class 2772-Seamstress, to list of classes who shall advance to successive steps upon completion of six months' service in each step.

It is the recommendation of your Legislative and Personnel Committee that such proposed amendments to the administrative provisions of the Salary Standardization Ordinance be adopted, and therefore they are included in the comprehensive motion for amendment with which I opened these remarks.

Schedule of Compensations: The Legislative and Personnel Committee presents to the Board its recommendations for amendment of the schedule of compensations. The members of the Committee have made their recommendations with a full awareness of the needs of the community, the services rendered by the employees, the requirement for maintenance of equitable relationships, the mandate of the people as set forth in the Charter that compensations shall be in accord with the generally prevailing rates of wages for like service and working conditions, and the property tax base.

Each half-schedule number, i.e., .5, represents approximately a 2½% increase above the next lower schedule number, and each full schedule (for example, Schedule 21 compared with Schedule 20) represents approximately a 5% increase above the next lower schedule.

The miscellaneous employees of the City and County of San Francisco, those covered by the Salary Standardization Ordinance before you today, number 14,108, divided into 1,158 classifications.

I quote the following tabulation showing, generally and approximately but as accurately as possible, the increases provided for miscellaneous employees in 1966 and those which this year are recommended by the Civil Service Commission and/or Legislative and Personnel Committee:

Classes and Positions Recommended for Increases by Civil Service Commission:

	<i>Classes</i>	<i>Positions</i>	<i>Cost of Increases</i>	<i>Cost of Retirement</i>
1966	751**	7,851**	3,248,077	194,886
1967	1,098*	12,633*	7,638,001	458,280

**411 classes, 4,347 positions not included for increase by Civil Service Commission.

*60 classes, 1,475 positions not included for increase by Civil Service Commission.

Classes and Positions Recommended for Increases by the Legislative and Personnel Committee Additional to Those Recommended by the Civil Service Commission:

	<i>Classes</i>	<i>Positions</i>	<i>Cost of Increases</i>	<i>Cost of Retirement</i>
1966	330	6,150	894,228	53,653
1967	276	4,737	1,693,224	106,593

	<i>Classes</i>	<i>Positions</i>	<i>Cost of Increases</i>	<i>Cost of Retirement</i>
Total 1966	969	11,942	4,142,316	248,539
Total 1967	1,098	12,633	9,331,225	564,873

It should be noted that of the total amount of increases granted, the Civil Service Commission estimates that approximately \$132,000 is attributable to new positions created during the period which has elapsed since March, 1966.

Also noteworthy is the total of requested amendments, referred by the Board to the Civil Service Commission on February 16, 1967, aggregating \$9,133,124, which was in addition to the \$7,638,001 previously recommended by the Commission on January 30, 1967.

It is to be emphasized that the total costs involved will not necessarily be reflected in the forthcoming fiscal year's budget total. Many of the employees affected have not yet, nor will they in the next succeeding fiscal year or possibly three fiscal years attain the maxima of their respective salary ranges.

Your Legislative and Personnel Committee, Supervisor Jack Morrison, Supervisor Dorothy von Beroldingen, and the writer, has held six separate sessions of several hours duration each, during daytime, evening and holiday hours, in order to give mature deliberation to the important matter of salary standardization. It has conducted an exhaustive study of the data submitted by the Civil Service Commission, individual employees, other interested persons, and organizations. The counsel of all members of the Board was cordially invited at any or all of those meetings, and the Committee welcomed that which was offered. It was encouraging to note that some of the other Board members were in attendance at one or more of our meetings.

The Committee members are grateful for the full measure of advice which their Board colleagues so cooperatively offered.

Adopted.

Motion to Amend.

Supervisor McCarthy, as a recommendation of the Legislative and Personnel Committee, and as a substitute for the amendments proposed by the Board of Supervisors on February 13, 1967, to the schedule of compensations submitted by the Civil Service Commission on January 30, 1967, and revised by the Commission on February 24, 1967, moved that the compensations set forth in the Legislative and Personnel Committee recommendations be approved and adopted; that the schedule of compensations so amended be included in File No. 270-66-6, the Salary Standardization Ordinance of 1967 pursuant to Charter Sections 151 and 151.1; and that the amendments to the

Committee Consideration of Controversy over City's Care of the Avery Brundage Oriental Art Collection.

Supervisor Boas announced that the Cultural Affairs Committee will consider on March 7, 1967, File No. 99-67, the matter of the controversy over the City's fulfilling its part of the contract for care of the Avery Brundage oriental art collection. He stated that many reports of the controversy are contradictory; therefore, it would be helpful to the Committee to have as many facts available as possible prior to the March 7 meeting. Supervisor Boas requested that the Clerk be directed to send the following communications on behalf of Supervisor Boas:

To the City Attorney, asking for a memorandum summarizing the terms of the contract between the City and Avery Brundage, spelling out the responsibilities of each party;

To the Chief Administrative Officer, asking him to report on charges made by the Society for Foreign Art that the City has failed to provide adequate equipment for maintenance, including proper temperature and humidity controls, and that there has been no progress made in inventorying and cataloging the collection;

To the Civil Service Commission, asking for a memorandum on the classifications of positions available, when hired, qualifications required of applicants, and any other information pertinent to the charge of the Society that there is a lack of adequate personnel assigned to handling the collection;

To the Controller, asking for a memorandum outlining the history of budget and appropriation requests for the de Young Museum and the Brundage Wing, specifically, showing departmental requests and action thereon by the Mayor and Board of Supervisors.

Report on Meeting of the General Assembly of the Association of Bay Area Governments.

Supervisor von Beroldingen advised the Board that she had attended a recent meeting of the General Assembly of the Association of Bay

Area Governments as an alternate delegate from San Francisco, a report of which meeting is being prepared for distribution to the Board.

Supervisor von Beroldingen advised that San Francisco had been defeated on the questions of proportional representation, method of selection of representatives to the Executive Committee, and on the power of eminent domain with respect to acquisition of publicly owned lands. In light of these actions of the Association of Bay Area Governments, Supervisor von Beroldingen found it imperative that San Francisco re-examine its position with respect to retaining membership in the Association.

Supervisor McCarthy suggested that an appropriate committee of the Board schedule hearings on the question as soon as possible after legislation is introduced in the State Legislature.

Supervisor Blake presented:

File No. 168-67, Ordinance No.

Referred to Health Committee.

Authorizing travel of Supervisors to Rio de Janeiro to study vehicular tunnels in use and under construction in that city.

Supervisor Blake requested that members of the Streets and Transportation Committee of the Board and any other interested Supervisors be authorized to travel to Rio de Janeiro, Brazil, to observe the vehicular tunnels in use and under construction in that City and to discuss the cost and type of equipment in use there, with a view to construction of tunnels in San Francisco so that the beauty of the City will not be destroyed by the needs of vehicular transportation.

Referred to Finance Committee.

Complimenting General Manager of Utilities and General Manager of the Water Department.

Supervisor Ertola called attention to an accident on the Bayshore Freeway in which flaming gasoline poured over the freeway when an oil rig was overturned. If such a thing should happen on the City's water Department lands, serious pollution of water could result.

Supervisor Ertola complimented the General Manager of Utilities and the General Manager of the Water Department on foreseeing the possibility of such an occurrence in working toward a relocation of a portion of the Junipero Serra Freeway route over Water Department lands in order to protect San Francisco's water supply.

Adopted.

Supervisor Ertola requested that the California Academy of Sciences be requested to determine if it is possible for Steinhart Aquarium to acquire the species of fish because of its association with a local official.

No objection and request granted.

Reference to Committee.

SB 359, SB 371, SB 428, ACA 23, ACA 24, SCA 6, SCA 9, SCA 16, SCA 17, SCA 18, SCA 19, SCA 20.

Supervisor Francois requested that the following bills pending before the State Legislature, all relating to taxation of real property, be referred to Committee for a determination of policy by the Board of Supervisors: SB 359, SB 371, SB 428, ACA 23, ACA 24, SCA 6, SCA 9, SCA 16, SCA 17, SCA 18, SCA 19, SCA 20.

He noted that the State Legislation Committee, which had considered these bills at its meeting of March 10, 1967, has adopted a policy of opposing all bills which diminish the local tax base unless they contain a constitutional guarantee that the funds will be replaced with other revenue. In view of the fact that almost every member of the Board has expressed concern about the heavy burden of taxes upon home owners, Supervisor Francois said he believed the Board should establish a policy.

Referred to State and National Affairs Committee.

Opposing AB 1, SB 9, and SB 14, which contemplate repeal or modification of State laws prohibiting discrimination in housing.

Supervisor Francois presented:

File No. 13-67-2, Resolution No.

Reference to Committee.**Budget needs of the California Palace of the Legion of Honor.**

Supervisor Tamaras presented a communication from Mrs. Margaret G. Hindes advising of her hesitancy to add to the collection of jades she has given to the Palace of the Legion of Honor because of the lack of adequate security surrounding the portion of the collection given. Mrs. Hindes stated in her letter that she had been informed that the museum had requested funds in the past for this purpose but that such funds had not been appropriated. She urged that the Board of Supervisors give favorable consideration to the needs of the California Palace of the Legion of Honor for funds to provide adequate security.

Referred to Finance Committee.

Exclusion from additional assessments of certain additions and improvements to real property.

Supervisor Tamaras requested that the Board go on record favoring exclusion from taxation all additions and improvements to real property costing up to \$2,000. Supervisor Tamaras said he felt this would be a great incentive for property owners to rehabilitate their homes and would give a great deal of needed work to the construction industry.

Referred to Finance Committee.

File No. 6-67, Resolution No. 171-67.

File No. 300-66.

(See Board of Equalization Journal of Proceedings.)

Refused Adoption.

There being no objection, on motion of Supervisor Boas, the following recommendations of Joint Finance and Planning and Development Committee were taken up out of order.

(Supervisors Ertola and McCarthy dissenting in Committee.)

Approving undertaking of surveys and plans for an urban renewal project in an area to be known as Mission Street Survey Area and approving filing of an application with the United States of America for an advance in funds.

File No. 148-67-1, Resolution No.

Explanation of Votes.

Supervisor Boas explained that he would vote against the proposal because of the problem of relocation of persons at a time when Federal funds are not readily available to assist in rehousing persons who would be dislocated by the redevelopment process.

Supervisor Francois urged an "aye" vote, saying that in any event there will be substantial changes in the Mission District as the result of rapid transit construction. Relocation is difficult at best, but done under private means there would be no protection or assistance to the persons who must be relocated.

Supervisor Ertola stated he would oppose the measure because the people in the district do not want the plan, and because he did not believe adequate housing could be found for the many persons who would be forced to move and because—by approving this study—San Francisco would be committing itself to an expenditure of some thirty million dollars, the source of which is not known at this time.

Supervisor McCarthy stated that in his opinion the relocation of businesses in San Francisco is a serious problem and he believed the City should give priority to the proposed Butchertown redevelopment survey area.

Refused adoption by the following vote:

Ayes: Supervisors Beeman, Francois, Morrison, Tamaras, von Beroldingen—5.

Noes: Supervisors Blake, Boas, Casey, Ertola, McCarthy, O'Shea—6.

SPECIAL ORDER — 2:00 P.M.**Consideration Continued.****Hearing of protests—Improvement of Mullen Avenue between Montcalm and Rutledge Streets.**

Board of Supervisors to hear protests, if any, of all persons interested in the following described work done or in the warrant, assessment, or diagram for pay of the cost of the same, or in any property affected thereby: Improvement of Mullen Avenue between Montcalm and Rutledge Streets by Baldwin Warren Company, Inc., as described in Declaration of Intention, Order No. 71950 of the Department of Public Works, dated February 16, 1966.

File No. 213-66.

The Chair inquired if anyone present wished to protest.

Mrs. Ruby Brown of 338 Mullen Avenue protested the work, stating that the manhole covers are above the graded roadway, thus making it practically impossible to traverse the street by automobile and creating a hazardous condition. She asked for information about the assessments against property owners.

Herman Beneke of the Department of Public Works explained that the improvement consisted of installation of sewers only, which work was ordered done because of a danger to health from seepage from septic tanks. He stated that the assessed value of properties is so low that street pavement could not be included in the improvement. Properties have been assessed to the limit of the law. It is possible that by a supplemental appropriation of City funds up to a limit of \$11,000 the street could be paved.

Supervisor Blake, seconded by Supervisor Francois, moved that consideration be continued to April 10, 1967, during which time the Department of Public Works shall review the formula by which assessments were levied against the affected properties to see whether it is possible to reduce the assessments and report to the Board on the possibility of using gas tax funds for the balance of the street improvement.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Casey, Ertola, Francois, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, McCarthy—2.

Consideration Continued.

The following from Streets and Transportation Committee was taken up:

It is moved that the warrant, assessment and diagram for the improvement of Mullen Avenue between Montcalm and Rutledge Streets be and they are hereby confirmed and the Director of Public Works be and he is hereby authorized and directed to deliver, or cause to be delivered, said warrant, assessment and diagram to the contractor.

Supervisor Beeman announced that the Regional Office of the Bureau of Housing and Urban Development had authorized him to communicate to the Board its full approval of such an application by San Francisco. He added that Congressman Phillip Burton has also informed him of his strong support. Supervisor Beeman urged adoption of the proposed resolution today.

(See Journal of Board of Equalization for withdrawal of request.)

Supervisor Ertola requested that the City Attorney render an opinion on several questions which will be arising at the County Board of Equalization meeting on April 17. He asked for (1) a computation of the average ratio on personal property assessed during the years 1964, 1965, and 1966; (2) the legal points and authorities justifying reassessment of companies, firms, corporations, and individuals who fully reported personal property and who are now being reassessed; and (3) whether the Board—after hearing taxpayers' presentations on April 17—has the legal power to set a ratio different than fifty per cent.

No objection and request granted.

Request Granted.**Use of Dual-Headed Parking Meters.**

Request Granted.

Installation of Overhead Traffic Signals.

Supervisor Francois asked that a letter be written to the Department of Public Works asking the Department to explore the possibility of using single overhead traffic signal lights in certain locations, since there is a long list of intersections awaiting installation of traffic signals, and perhaps installation of single overhead lights would save money and accelerate the program.

Supervisor Francois asked that a letter be written to the Department of Public Works asking the Department to initiate an amendment of the Electrical Code so as to bring the Code into compliance with the policy as enunciated by the Board of Supervisors in Resolution No. 337-66 with respect to undergrounding of utilities.

No objection and Clerk directed to comply.

Bills Pending Before State Legislature.

Statement in support of proposed resolution urging reallocation of Federal funds from the Rapid Transit Corridor Project to Butchertown Industrial Park Redevelopment Project.

Supervisor Francois stated that he joins Supervisor McCarthy in the introduction of a proposed resolution urging reallocation of Federal funds from the Rapid Transit Corridor Project to Butchertown Industrial Park Redevelopment Project with some reservation. He expressed his hope that sometime in the future the City will proceed with planning for the inner Mission District and, if this be so, that the Board's support of a transfer of funds from the Rapid Transit Corridor Project will be rescinded.

Adopted as Amended.**Urging reallocation of Federal funds from Rapid Transit Corridor Project to Butchertown Industrial Park Redevelopment Project.**

Supervisor McCarthy, joined by Supervisors Tamaras, von Beroldingen, Ertola, Morrison, Beeman, O'Shea, Casey, Francois, presented:

File No. 245-67-1, Resolution No. 232-67.

Supervisor McCarthy, seconded by Supervisor Ertola, moved adoption.

Supervisor McCarthy urged adoption, saying that the Butchertown Industrial Park has the potential for an increase of sources of employment in San Francisco and will greatly extend the property tax base. The project has wide support from the community and from City agencies.

Supervisor von Beroldingen urged approval. She stated that the City should move as promptly as possible to implement this one outstanding program, since the Federal Government had indicated it will very shortly withdraw funds from communities which have not applied for capital grants. This project will increase job opportunities for those in the lower economic bracket.

Supervisor Morrison stated he would support this resolution since it is obviously important that San Francisco act now to try to save this money for San Francisco. He stated that in his opinion language should be included in the resolution indicating that the City also be-

lieves that the \$5.8 million should be retained and reserved for renewal activities in the Rapid Transit District Corridor.

Motion to Amend.

Supervisor Morrison, seconded by Supervisor Beeman, moved amendment of the resolution as follows: Immediately preceding last paragraph ADD "FURTHER RESOLVED, That the remaining \$5.8 million which has been allocated by the Federal Government for use and activities in the Rapid Transit Corridor of San Francisco be retained and reserved for that use by San Francisco; and be it".

JOURNAL OF PROCEEDINGS BOARD OF SUPERVISORS

Monday, April 10, 1967—2:00 p.m.

In meeting of the Board of Supervisors, San Francisco, Monday, April 10, 1967—2:00 p.m.

The Board of Supervisors met in regular session.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

Quorum present.

President Peter Tamaras presiding.

Approval of Journal.

There being no objection, the Journal of Proceedings for the meeting of Monday, March 20, 1967, was considered read and approved.

Communication.

The Clerk presented a communication from Bruce M. Cowan of the law firm of Steinhart, Goldberg, Feigenbaum & Ladar, dated April 7, 1967, requesting that the County Board of Equalization not hear contested applications with the City Attorney as legal advisor, since the City Attorney will also be acting as an advocate of the matter in dispute.

In response to questions by Supervisor Morrison, Deputy City Attorney James Stark stated that Section 26 of the Charter is the authority that the City Attorney represent and advise officers, departments, Boards and Commissions of the City and County. The City Attorney is not representing both sides on this case. His advice to the Board and to the Assessor is basically the same—that the writ of mandate must be obeyed until an appellate court decides otherwise.

Supervisor Morrison, seconded by Supervisor Casey, moved that the communication be filed.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Noes: Supervisor Blake—1.

File No. 213-66.

Herman Beneke of the City Engineer's Office stated that in response to the Board's request last week the department has found that—within the legal limits—the City can reduce assessments on improved property by two-thirds.

Mrs. A. Saunders, 369 Mullen, owner of Block 5534, Lot 35, stated that she is unable to pay the cost of connecting her house to the sewer and asked if the City could give any financial aid for this work.

In response to a question by Supervisor Francois, Mr. Beneke stated that the only assistance his office could suggest would be to lower the assessment as previously mentioned. He stated he would contact the Bureau of Building Inspection and ask that Bureau to investigate what avenues of financing might be available to Mrs. Saunders.

Supervisor Francois stated that he could foresee the possibility of a home owner facing extreme financial hardship in such cases. He called attention to the fact that he had sponsored a resolution directing placement on the ballot of a proposed bond issue to establish a revolving fund for the purpose of providing low-interest loans for rehabilitation of dwellings and small business properties. He urged support of such a proposal.

There being no one else present desiring to protest, the Chair declared the hearing concluded.

Adopted.

The following from Streets and Transportation Committee, heretofore considered, was taken up:

SPECIAL ORDER—2:00 P.M.

Hearing Concluded.

Hearing of protests — Improvement of Mississippi Street north of Twenty-fifth Street.

Board of Supervisors to hear protests, if any, of all persons interested in the following-described work done or in the warrant, assessment, or diagram for pay of the cost of the same, or in any property affected thereby: Improvement of Mississippi Street north of Twenty-fifth Street by Pacific Pavement Company, Ltd., as described in Declaration of Intention, Order No. 68,749 of the Department of Public Works, dated February 19, 1965.

File No. 190-65.

Herman Beneke of the City Engineer's Office advised the Board that the Department has been in contact with the Bureau of Street Repair, which will make additional improvements fronting the property of Mrs. Thelma de Wilde to provide reasonable access to her property. The Superintendent of the Bureau of Street Repair stated that, if necessary, he will have a wooden stairway constructed to provide improved pedestrian access.

In response to Mrs. de Wilde's protest that this would not take care of pick-ups and deliveries at her property, Mr. Beneke stated that Mrs. de Wilde does have legal access to Mississippi Street and that scavenger service, for example, is provided to many San Francisco properties having more difficult access than Mrs. de Wilde's property will have.

Mr. Beneke also stated that the City Engineer will have a contractor place more fill in front of property owned by Don J. Gallardo so that he will have better vehicular access to his garage and that this arrangement is satisfactory to Mr. Gallardo.

There being no one else present desiring to protest, the Chair declared the hearing concluded.

Adopted.

MAYOR'S BUDGET MESSAGE TO THE BOARD OF SUPERVISORS

To the best of my knowledge, seldom has a Mayor come before the Board of Supervisors personally to deliver the budget.

I am doing it for the following reasons:

To inform you and the people of San Francisco as forcefully as I know how that this is a bedrock budget . . .

That despite all I have been able to do after 100 days and nights of pruning and paring, it will be up \$24 million plus . . .

And that, gentlemen, we have a crisis, because the people of San Francisco, the property taxpayers, can't afford that increase.

We are taxpayers, too

In other words, that \$24 million increase is beyond my control to cut—and we are going to have to look somewhere else for the money.

The stark, hard facts are these:

For the past three and one-half months, I have personally urged every single department and office to hold down hard on their requests for the coming year.

Many departments have done just that.

And those that have not, we have done it for them.

Yet, the requests totaled \$79 million more than this year's budget. I have cut \$55 million from that \$79 million.

It has not been easy.

The remaining \$24 million increase is, to a great extent, beyond my reach. Or frankly, I would have cut it, too.

On the number of employees:

The departments and offices other than the School Department, asked for 906 new people.

I have blue-penciled 645—and, at the same time, eliminated 92 existing jobs.

That leaves an increase of 169 in all.

And, of those, 40 are school crossing guards—who will free police patrolmen for strictly anti-crime functions in our neighborhoods.

In other words, I have trimmed every department and office request to the barest essential.

And yet, the newspapers today and tomorrow may headline the story of the budget in the traditional way:

City Sets Record Budget. Unquote.

For that is true, as far as it goes.

The present 1966-67 budget is \$404 million.

The budget I am proposing for next year is \$428 million.

There is not, of course, a state or major city in the nation whose budget will be smaller next year than last year.

As even California's new governor has discovered, it just cannot be done.

In fact, his budget is 9.5 percent higher than last year. My proposed budget is 6 percent.

Almost all of the \$24 million increase—some \$22.5 million—is in four areas I cannot touch, easily or at all:

Schools, built-in wage increases, public utilities and social services.

1. The schools will spend \$6.2 million more next year.

That whopping increase is in our budget, even though by law we have no control over it.

2. Built-in salary increases, including the city nurses', total another \$3.8 million. And we, of course, cannot touch that, either.

3. Public Utilities (not including the Muni Railway) is up another \$7.6 million—with more than \$5 million of that for capital improvements at the airport, to enable it to handle the most modern jet traffic safely and swiftly.

4. Social services account for another \$4.9 million increase. The original request for \$11 million more.

I knocked out \$6 million, and would have eliminated more, but state and federal regulations prevent me. In other words, all of the increase in the social services area is to meet state and federal regulations.

As a result of our approach:

Dozens of departments and offices—from the City Attorney's Office to the Farmers' Market—will actually operate on less money next year than this year.

Many others will operate on exactly the same amount of money and with the same amount of manpower, despite increases in their workloads.

Let me cite a few examples:

The Human Rights Commission—a commission I recommended and believe in—wanted \$68,000 more to do its important work in '67-'68.

It will have to do without that \$68,000.

Not only that, it will have to do with \$33,000 less than it has had this year.

The Electricity Department wanted \$89,000 more.

That is out.

And so, too, is \$31,000 more than it is accustomed to having.

City Planning requested \$25,000 more for the coming fiscal year.

That has been eliminated. So has an additional \$62,000.

In some cases, departments—large and small—are going to have to do with fewer employees.

For example, Engineering in the Public Works Department will have to get by with 287 people, instead of the 301 it has now. The Parking Authority will have to get along with 3 people, instead of the requested 4. And so on.

In trimming the budget this year, I have gone over it again and again—line by line.

And I have asked each department head to justify each and every item—personally.

The result is that I think you will find almost every increase to be essential.

For example, to take some of the larger ones:

The De Young Museum budget will be up \$270,000, but it has to be in order to keep the magnificent Brundage collection in San Francisco.

The Assessor feels he needs 41 new people and \$640,000 more because of the drastic changes resulting from the new assessment law.

And he may be correct.

But I have had to whittle that to 18 new people and \$282,000 instead.

The Police Department is down for a \$284,700 increase, and the Fire Department will be getting \$175,000 more—but, I don't feel we can compromise where the safety of all of the people is involved.

The matter of having to hold two elections during fiscal '67-'68, rather than one, means a necessary \$259,901 more for the Registrar.

We have a new juvenile hall facility. It was approved by the voters some time ago and has just been completed at Hidden Valley Ranch in La Honda. But it will take 23 people and \$318,000 to put it into operation. And so on.

But, gentlemen, I know you see the point.

Faced with uncertainty over what the new assessment law will do to property taxes, particularly in the neighborhoods, I have tried to hold the line.

Veteran city experts on the budget tell me this is one of the tightest budgets they have ever seen.

Yet we are faced with the job of finding \$24 million more, for the coming fiscal year.

Forty percent of our present budget comes directly from the property taxpayer.

In other words, \$162 million.

I repeat, I don't think we can ask the property taxpayer to bear the brunt of this increase.

I again urge, as I did in my message of January 13, that we look beyond the property owner for new sources of revenue to maintain the services vital to this City and County.

If this means pursuing what the City Attorney has indicated is our legal prerogative to levy a salary or payroll tax such as those levied in New York and Philadelphia then we must consider such a course.

We must face the fact now that regardless of the findings of revenue studies currently underway no new tax or charge will be a popular issue. We will be damned by those who must provide the new revenue whatever the source. But, you and I and the general public will be doubly damned if we continue to pluck the golden goose that is our tax base—the property owner.

I have submitted with the budget a more formal and more complete statement of what I have attempted to do with this our annual fiscal responsibility. I felt I could not submit this document, however, without unburdening to you some of the realities that occupied my mind as I worked on the budget. I have done all I can do.

You may be able to cut still further without drastically curtailing or crippling services in San Francisco.

If you can, bless you—and good luck.

Request Granted.**Report on status of various City and County Capital Improvement Projects.**

Supervisor Blake mentioned that the San Francisco Building and Construction Trades Council has expressed its concern about the many thousands of men currently unemployed. He said that he himself has been concerned about the lack of employment possibilities for some time. Supervisor Blake urged the appointment of a committee delegated to try to bring work to the local shipyards and also that the Board of Supervisors reconsider its position with regard to construction of a Crosstown Tunnel, both of which would stimulate employment.

In this regard, Supervisor McCarthy stated that the report by the Building and Construction Trades Council had pointed out that expedition of City construction projects presently in planning stage would vastly improve the employment situation. He requested that letters be sent to the Mayor and the Chief Administrative Officer asking for a review of the various City projects and advice as to the current status and what action may be taken to hasten their completion.

Request Granted.

Committee Consideration of the Jurisdiction over the Golden Gate Bridge after redemption of all outstanding bonds.

Supervisor Morrison reported on recent actions of the Tripartite Committee on Transportation, of which he is Chairman. The Committee is made up of members of the Board's Streets and Transportation Committee, three Supervisors from the County of Marin, and three Golden Gate Bridge Directors. The goal of the Committee is to improve transportation between Marin County and San Francisco.

At the last meeting, the question of the Golden Gate Bridge was discussed. Marin County Supervisors are of the opinion that jurisdiction over the Bridge should be retained as an asset for northern California in order that revenues therefrom can be used for rapid transit. Supervisor Morrison stated that he had informed the Committee that in his opinion the prevailing view of the Board of Supervisors of San Francisco was that the Bridge should eventually revert to the State Toll Bridge Authority.

Supervisor Morrison requested that the Clerk direct a memo over his signature to the Streets and Transportation Committee of the Board, asking the Committee to take up the general policy question of jurisdiction over the Golden Gate Bridge after the bonds are redeemed, along with all bills introduced in the State Legislature this year bearing on this question.

No objection and Clerk directed to comply.

Tabled.

The following called out of Finance Committee by Supervisor Morrison was taken up:

Establishing a budget division under the jurisdiction of the Controller and providing for its personnel, powers and duties.

File No. 271-65-1, Ordinance No.

Supervisor Morrison urged adoption of this legislation as the creation of a budget division under the Controller is the most logical and practical means of obtaining good budgetary investigation. If a Charter amendment were adopted placing a budget analyst under the Board of Supervisors, it would take at least ten years before such a bureau could be operational.

Supervisor McCarthy traced the history of the problems the Board of Supervisors have had in the past in struggling through the budget every year to make various deletions. The problem could be solved by an analyst bureau in the Board of Supervisors.

After considerable discussion, Supervisor Morrison, seconded by Supervisor Francois, moved that item be tabled.

No objection and motion carried.

Consideration Continued One Week.

The following recommendation from the Fire, Safety and Police Committee was presented by Supervisor Casey.

Declaring policy that summer influx of indigent young people is unwelcome and that applicable law will be strictly enforced.

File No. 181-67, Resolution No.

Supervisor Francois stated that during the committee hearing he was called out on a personal telephone call and upon his return to the meeting the vote had already been taken. He has not seen the legislation in question.

Supervisor Francois thereupon offered a substitute resolution, as follows:

Declaring policy that any summer influx of transient, indigent visitors will be confronted with fair and firm law enforcement to assure preservation of public peace and welfare.

File No. 181-67-1, Resolution No.

Supervisor Francois, seconded by Supervisor Beeman, moved adoption.

Supervisor Casey, along with Supervisor Morrison, both agreed that the substitute resolution of Supervisor Francois had very little difference and that the intent was about the same as the original legislation. Adopted.

Supervisor McCarthy asked that the Board of Supervisors employ the services of a court reporter for the meeting of May 8, 1967, for the Redevelopment Agency presentation on the Embarcadero Center. Also, a court reporter be employed in the future for any presentations by the Redevelopment Agency.

Supervisor Ertola suggested that a tape recorder be rented to cut down on the cost of the employing of a court reporter. A tape could be made available to the public if they wished to hear the presentation.

Supervisor Francois stated that this might start a precedence for a court reporter for other matters on the calendar and urged a no vote.

Supervisor McCarthy further stated that this is his own idea and such reporting would give some continuity to the proceedings.

The City Attorney was asked if this employment was legal. Mr. James J. Stark, Deputy City Attorney, stated that since this involved an expenditure of funds, it should be referred to the Finance Committee. The Clerk of the Board stated there are funds in the Legislative Expense account for such an expenditure.

Supervisor McCarthy, seconded by Supervisor Casey, moved adoption.

Supervisor Francois requested permission to withdraw the pending motion.

Motion to Amend.

Supervisor Francois, seconded by Supervisor Morrison, thereupon moved that the legislation be amended, and that the amendment be expressed in the title as follows: "Declaring policy that reaffirms the right of citizens to move about freely in and about our country, but urges against predicted influx to San Francisco of large numbers of indigent young people."

Supervisor Francois stated that he believed this new amendment was closer to the sentiments expressed both in the communication from the Mayor and the presentations by Dr. Sox and Chief Cahill during the meeting of the Committee.

Supervisor von Beroldingen voiced the opinion that since this problem was a matter of simple law enforcement, it should not properly be before this Board. She stated that we must respect the Constitutional rights of every citizen and that this Board has no right to delegate to itself standards for personal behavior.

SPECIAL ORDER — 2:00 P.M.

The following from Finance Committee with recommendation "Do pass after amendment" was taken up:

Annual budget of the City and County of San Francisco for the fiscal year 1967-1968.

File No. 100-67.

BUDGET STATEMENT OF SUPERVISOR JACK MORRISON ON BEHALF OF FINANCE COMMITTEE

The Finance Committee presents to the Board of Supervisors today the proposed budget of the City and County of San Francisco for the fiscal year 1967-1968. The Committee, in view of the time limitations established by law, asks that the Board adopt the proposed budget at the regular meeting of the Board today, May 15, after approval of the amendments proposed by the Committee.

Two itemized lists (1) budget, and (2) supplemental budget, of Finance Committee recommendations have been furnished Board members. They, together with the two volumes of the budget, and the supplemental budget requests, constitute a comprehensive budget report.

While the members of the Finance Committee (my colleagues are Supervisors Blake, Boas, Ertola and Francois) did not agree completely on every one of the thousands of appropriations requested by the department heads, they reviewed each item as their individual consciences dictated, in what was deemed by each to be the best interests of the community. Putting aside the relatively minor differences of opinion which developed, and in order to submit unified and on the whole acceptable recommendations to the Board, they have agreed that their recommendations shall come to the Board with unanimity and without recollection of any of the informal dissents which may have been expressed in Committee sessions. However, each reserves the right of debate should the occasion therefor arise.

The Finance Committee has held eighteen separate meetings to consider the voluminous proposed budget, many of which have extended into the early morning hours. After exhaustive scrutiny, and with the object of curtailing expenditures without impairing essential services, it submits the recommendations dealt with hereinbelow.

BUDGET TOTALS AND TAX RATE

Submitted to Mayor by departments:

Budget requests (excluding bond funds and Salary Standardization)	\$483,248,485
Supplemental budget requests (including Salary Standardization)	3,634,679
Total	\$486,883,164
Increase over 1966-67 budget	\$82,861,878

Submitted to Board by Mayor (including Salary Standardization adjustment to date, but excluding bond funds):

Budget requests	\$435,660,925
Supplemental budget requests	1,892,900
Total	\$437,553,825
Increase over 1966-67 budget	\$ 33,232,569

Recommended to Board by Finance Committee:

Budget requests	\$431,385,293
Supplemental budget requests	1,725,859
Total	\$433,111,152
Reduction from Mayor's budget and supplemental budget recommendations	\$ 4,442,673

Portion of total reduction which will reduce ad valorem
tax rate \$ 2,953,444

The foregoing figures are subject to certain adjustments which will be computed by the Controller in due course.

The precise amount of the ad valorem tax rate cannot be ascertained at this time because of revenue and other adjustments anticipated prior to September, when the tax rate will be fixed. The expanded governmental services which our citizens expect and demand, and the accompanying inflationary economic trend, have in recent years been reflected in a steady rise in the tax rate. Changes in assessment practices, made necessary by State law, will have an as yet undetermined impact upon the tax rate, but in any event, our most effective method of resisting the inflationary trend is firm insistence upon operational economies in all our departments, a course to which your Finance Committee is dedicated.

As in past years, the Committee reminds the Board of the following budget items over which, among others, the Board has no control:

Board of Education budget, subject to possible increase
for salary adjustments and other purposes..... \$ 86,057,367

Salary requirements for all employees, including increments made mandatory by the voters' approval of various Charter salary standardization methods..... 158,179,940

Retirement and Workmen's Compensation contributions 19,096,390

Health Service System contributions..... 5,487,600

Social Security contributions 3,879,226

Mandatory appropriations for construction, maintenance and improvement of:

Libraries 705,408

Parks and squares 1,763,520

Playgrounds 1,234,464

Art Commission, for a symphony orchestra..... 88,176

Streets, sewers and buildings..... 12,229,529

Elections 804,775

Civil Service 88,176

S. F. Bay Area Air Pollution Control District..... 195,701

Bond interest and redemption 30,587,518

TOTAL \$320,397,790

The absence of Supervisorial control over these items and others stresses the correlative that there is a relatively minor portion of the total budget over which the Board may exert any control. The Board's jurisdiction extends mainly to items for contractual services, personal services, equipment, materials and supplies (none of which they may increase), capital expenditures, reconstruction and replacement, and maintenance and repair.

Nevertheless, a determined and, in some respect, innovative effort has been made to minimize the tax rate, which will be computed in September following ascertainment of revenue and other adjustments.

SPECIFIC ITEMS:

Since a few of the items which appear in the budget before you have attracted more than average public interest as reflected in correspondence, press reports, personal contacts, and otherwise, the Finance Committee should like to recall your attention to them specifically and briefly.

NEW EMPLOYMENTS:

Department heads requested in the budget and supplemental budget a total of 1276 new employments. The Mayor reduced that number to 473. The Finance Committee recommends that the Board allow 355.

Of the latter number, substantial components are located as follows:

	<i>New Employ- ments</i>	<i>Net Changes</i>
Police Department	40	27
Fire Department		— 6
Social Services Department	71	50
Juvenile Court	22	22
Public Health Department	24	—36
M. H. de Young Memorial Museum..	10	10
S. F. Unified School District and Children's Centers Fund	280	280
Airport	9	9
Civil Service Commission	6	6
Sheriff	12	12

Of the new employments, 40 are school crossing guards in the Police Department, 59 in the Social Services Department are not funded pending further status determinations, and 280 are in the School District and included in budget statistics for informational purposes only.

ART COMMISSION:

An appropriation item of \$232,000 which would normally be carried over from the current fiscal year to the next fiscal year for the specific purpose of providing funds for redesign and enhancement of Civic Center Plaza has been recommended by the Finance Committee for reversion to the General Fund and reduction of the amount of ad valorem taxes to be required when the tax rate is fixed in September. At such time as a general and acceptable agreement has been reached by all concerned regarding the details of proposed redesign, the request for implementing funds may be submitted through normal channels.

In the supplemental recommendations, the item for Neighborhood Arts Program and Supporting Services was approved by the Mayor in the amount of \$35,000. The Finance Committee recommends that \$26,000 be approved, with the stipulation that if Publicity and Advertising Funds are subsequently allocated for this purpose, which appears to be a cultural one, a commensurate reduction in the \$26,000 appropriation from ad valorem tax revenues will be made.

CITY PLANNING DEPARTMENT:

It was represented to the Finance Committee that the new Director of Planning considers the element of urban design a singularly important

one in his program. Therefore, new positions requested were approved as follows:

- 1 Administrative Assistant to Director of Planning
- 1 Director's Assistant for Urban Design
- 1 Assistant City Planner-Urban Design Specialist, and
- 1 Associate City Planner-Urban Design Specialist.

However, the latter two positions have not been funded on the theory that there is a fairly high rate of turnover in the professional planning classifications, and as vacancies occur in them, the Director of Planning may request through appropriate channels that two general planning positions be abolished and the two urban design specialties funded, if he still considers his needs in the latter area to be more pressing than in general planning activities.

CIVIL SERVICE COMMISSION:

New personnel authorized for this department are related to the Centralized Medical Processing Center and to the fact that six positions have existed in a temporary status for the past two- and one-half years, and under civil service rules because of their extended duration, should be included in the permanent salary appropriation.

FIRE DEPARTMENT:

In order to comply with the policy of paying differential compensation to men assigned temporarily to higher promotional positions, twenty-seven positions are recommended for creation in the promotional ranks, with a corresponding abolishment of twenty-seven Firemen positions. In addition, six Firemen positions have been deleted since there are approximately fifty unfilled vacancies in this classification at the present time. In the event that all authorized positions are filled in the future, the Department may institute, through regular channels, a request for reinstatement and funding of said six positions.

PARKING AUTHORITY:

The Finance Committee, culminating some years of discussion and consideration, is of the opinion that the duties, functions and operations of the Parking Authority can be integrated with the normal workload of other departments, including the Real Estate Department which now performs a great deal of the work generated by the Off-Street Parking Program. Sufficient funds for the operation of the Authority through December 31, 1967, are recommended, by which date it will have been possible to phase out the Authority's assignments and arrange for transfer to existing agencies of the City and County.

POLICE DEPARTMENT:

The Finance Committee has concurred in the Mayor's recommendation that forty School Crossing Guards, part time, with a compensation of \$2.10 per hour be authorized. The Commission declares that such personnel will relieve the equivalent of fifteen Policemen for assignment to active police duties. Six Policemen have been deleted from the authorized complement of 1324 in view of the foregoing, and in order to allow a greater assignment of men to patrol duty. There are more than twenty vacancies in the ranks at the present time, and should the need for reinstatement of those six positions become evident at a future date, request therefore should be submitted to the Finance Committee through regular channels.

SOCIAL SERVICES DEPARTMENT:

Fifty-nine professional positions allowed by the Mayor have been recommended by the Finance Committee for inclusion in the budget, but the funds for payment of salaries have been deleted. While the positions are to be created and approved, the funds will be deleted subject to consideration for restoration upon submission by the Social Services Commission on or before August 1, 1967, of a report indicating which of said positions are intended to comply with *policy rules or directives* of a State agency, which of said positions are required by Federal or State *statutes*, the cost of each of such positions to the City and County and the State, and the Commission's opinion as to which of such position requests may be modified or eliminated.

SHERIFF:

The Committee recommends allowance of twelve of the twenty-four new positions recommended by the Mayor, and the appropriation of \$25,000 with which to plan major improvements at the San Mateo County Jail, all in accordance with recommendations of the State Board of Corrections.

CONTROLLER:

All of the positions, services, equipment, materials and supplies, etc., related to the Electronic Data Processing Program, and up to this time located in the accounts of various operating departments, are recommended for transfer to the centralized EDP complex under the Controller. Transferred funds in the supplemental budget total \$1,078,054.

BOARD OF SUPERVISORS:

The Committee recommends deletion of three electric typewriters, air-conditioning of the Chambers in the amount of \$71,000, and two new positions of Clerk Stenographer.

JUVENILE COURT, HIDDEN VALLEY RANCH SCHOOL:

This is a few facility designed to accommodate approximately 100 boys in the 10-15 year age group. Estimated appropriations have been approved on the basis of comparable operations at the nearby Log Cabin Ranch School. The Mayor recommended a total of \$344,574, including twenty-three employees. The Finance Committee recommends elimination of three positions inasmuch as Log Cabin Ranch School has a total of nineteen and it is thought possible for one chef to serve both facilities, thus numerically equalizing the two staffs.

MAYOR:

A supplemental appropriation has been approved by the Mayor and recommended by the Finance Committee in the amount of \$350,000 for addition to a sum of \$150,000 from the Housing Authority, thus comprising a total amount of \$500,000 necessary to perform a minimal program of maintenance and rehabilitation of the so-called "inner core" buildings of the Ridge Point Temporary War Housing Project at Hunters Point. In the absence of a change in applicable State law, all temporary war housing in San Francisco is to be demolished by the latter part of 1970, when it is contemplated that the Redevelopment Agency will acquire the land for redevelopment and use for housing purposes.

The Mayor has also approved, and the Finance Committee has recommended, appropriation of \$81,886, which represents the City and County's capital contribution toward the cost of the local Community Action Programs. The approximate cost of Community Action Pro-

grams at the time the Finance Committee considered the Mayor's request was \$4,245,206. The Economic Opportunity Act of 1964 requires that ten percent of the cost of Community Action Programs be provided by the local community. The approximate local share required is thus \$424,521, the "in kind" contributions from various delegate agencies total \$342,635, and the City's cash contribution to complete the local share is \$81,886. The appropriation of \$81,886. it is to be stipulated, shall not be released by the Controller unless and until additional approval of the Community Action Programs within which said appropriation will be extended is forthcoming from the Finance Committee. The Finance Committee has been apprised by the Economic Opportunity Council that in all probability a request for additional City funds will be forthcoming in the near future.

PUBLIC WORKS:

The Finance Committee has recommended that the appropriation for net permanent salaries in all bureaus of the Department of Public Works, on a compensation reserve basis, be reduced from a total of \$1,507,720 (see budget page 437) to \$1,307,720, which will reflect a savings of \$200,000 to be reflected in the tax rate. The Controller is to make certain computations to allocate the reduced sum among the various bureaus, and it is his belief that no diminution or elimination of services will result therefrom.

A requested appropriation of \$240,000 for provision of facilities for patients who must be moved out of Ward 61 and Ward 62 of Building 60 at San Francisco General Hospital has been recommended for deletion, at least for the time being. The Finance Committee is informed that such temporary quarters were not contemplated by the Health Center Bond Issue and that therefore this provision must be financed from ad valorem taxes. The Committee is hopeful that some other and adequate means of transferring the patients temporarily will be devised by the Public Health Department, without resort to all or most of the tax monies requested.

PUBLICITY AND ADVERTISING FUND:

The current budget estimates reflect an anticipated revenue from the Hotel Room Tax Fund of \$1,651,045. The Finance Committee proposes to appropriate from that amount a total of \$1,200,000 to the Publicity and Advertising Fund with the understanding, concurred in by the Chief Administrative Officer, that \$200,000 thereof will be held in reserve as part of San Francisco's contribution to the Republican National Convention next year, if San Francisco is chosen as its site. Thus, \$1,000,000 will become available for distribution by the Chief Administrative Officer for publicity and advertising purposes, pursuant to the sole authority thereover which is vested in him by the Charter. It is entirely possible that there will be no reduction in the amount of funds allocated to the Convention and Visitors Bureau, the Symphony and the Opera, as compared with last year's allocations, leaving a substantial balance for the City's participation in other cultural, artistic, publicity and advertising activities. In any event, it is emphasized that the decision to allocate or not to allocate, to any group, is solely within the province of the Chief Administrative Officer, and the Board of Supervisors may not interfere therewith. The critical situation which confronts the ad valorem taxpayer this year demands all available relief, certainly to the extent of the three or four cents in the tax rate which will be saved by the appropriation referred to hereinabove.

de YOUNG MUSEUM:

An increase of \$212,553 in the budget as compared with the current year has been approved by the Mayor and is recommended substantially by the Finance Committee. The increase is occasioned principally by provision of services and operating funds with which to carry out the City's obligations under its contractual arrangement for care and display of the Brundage Collection of Oriental Art.

PUBLIC LIBRARY:

The Finance Committee has recommended that the appropriation for library and reference books be increased from \$700,000 to \$716,500, thus restoring almost one-half of the \$34,375 deleted by the Mayor, and raising the total amount to \$76,500 more than the amount to be expended during the current fiscal year. A supplemental request for \$134,702 with which to equip, staff and operate the new Excelsior Branch Library has been recommended.

RECREATION AND PARK:

The Special Services to the Handicapped Program last year was allocated \$55,000. In the requested budget, the Mayor submitted a total of \$68,000. The Finance Committee recommends reduction to \$60,000, but also recommends the approval of \$10,950 for painting and miscellaneous repairs of the Handicapped Center, which constitutes a total of \$70,950, or \$15,950 more than last year's operational appropriation of \$55,000.

The matter of completing improvement of Sunnyside Playground with a field house and other improvements has been the subject of increasing and justifiable pressure from the adjacent neighborhood. The Mayor disallowed a departmental request for \$160,000 for this purpose, and in an effort to expedite the project, the Finance Committee has asked the Department of Public Works to submit a full and detailed report on its current status and the schedule for completion.

SPECIAL GAS TAX STREET IMPROVEMENT FUND:

Sixth Avenue improvement, Noriega to Lincoln Way, \$33,000; appropriation recommended, but to be released by the Controller only following further approval by the Finance Committee after justification by the Department of Public Works.

Elk Street widening, Bosworth to Sussex, \$342,900; same instructions.

Seventh Avenue and Laguna Honda Boulevard widening, Lawton to Woodside, \$137,100; same instructions.

Crossover Drive in Golden Gate Park, concrete curb, \$8,100; same instructions.

Seventh Avenue and Laguna Honda Boulevard widening, Lawton to Woodside, land purchase, \$100,000; same instructions.

ROAD FUND:

Bosworth and O'Shaughnessy widening, Lyell to Ulloa, \$123,500; same instructions;

Bosworth and O'Shaughnessy widening, Lyell to Ulloa (1.04 cents matching funds), \$1,100,000; same instructions.

Crossover Drive widening north of Lincoln Way, \$82,000; same instructions.

Street Tree Planting: The Buildings, Structures & Improvements items with priority ratings of 12, 13, 14, 16 and 17 have been deleted or reduced, as well as the reconstruction and replacement items which appear on budget page 960. In lieu thereof, additional street tree planting and landscaping projects in various sections of the City are recommended by the Finance Committee for approval, total \$280,000. The Committee also recommends approval of \$12,200 for tree planting in and adjacent to properties of the Municipal Railway. These recommendations will assure a reasonable and highly desirable continuity of the street tree planting program and merely defer other road fund projects which have been assigned relatively low priorities.

WAR MEMORIAL:

A major item, part of the continuous rehabilitation program, has been recommended in the total amount of \$239,860 for purchase and installation of contour and other curtains, and appurtenances, within the Opera House.

MUNICIPAL RAILWAY:

A total appropriation for replacement and new equipment has been recommended in the amount of \$113,000, which is the same amount as was appropriated during the current fiscal year. The Finance Committee desires it stipulated by the Board that the ten 2-way radios approved by the Mayor (20 were requested by the department), for protection of bus drivers, be purchased within the total amount allowed for equipment. The balance of the 2-way radios requested, numbering ten, may be the subject of a supplemental appropriation request during the current fiscal year if recommended by the Public Utilities Commission and the Mayor.

WATER DEPARTMENT:

Under Reconstruction and Replacement, various items have been deleted or reduced in amount, so that the revenue surplus, if any, in the accounts of the Water Department, may be reviewed and reported to the Finance Committee by the Controller prior to August 1, 1967, so that any related revenue adjustments which may be decided upon as a result thereof can be incorporated in the tax levy to be enacted on or about September 15, 1967.

HETCH HETCHY PROJECT:

A new item for rentals of office space in the amount of \$135,000 has been approved, but the funds are not to be released by the Controller unless and until further justification is presented to, and has been approved by, the Finance Committee.

CHIEF ADMINISTRATIVE OFFICER:

The supplemental budget contains an item of \$100,000 for Centralized Housing and Business Relocation Service. This is for assistance of San Franciscans whose homes and businesses are disrupted as a result of governmental action in requisitioning their real property interests, and is an integral and essential part of the workable program upon which grants of Federal funds are dependent. The Finance Committee recommends approval.

DEPARTMENT OF PUBLIC WORKS:

Bureau of Building Inspection: All of the positions and related appropriations relative to the inspectional services which a recent Charter amendment required be transferred from the Department of Public Health to the Bureau of Building Inspection are being shifted to the latter by a supplemental budget request, which the Finance Committee is recommending for approval.

DEPARTMENT OF PUBLIC HEALTH:

Venereal Disease Control Bureau: A supplemental budget request for rental in the amount of \$69,050 has been submitted to the Board with the Mayor's approval but is recommended by the Finance Committee for deletion at this time. The Venereal Disease Control Bureau will have to relocate its quarters because the present location at 33 Hunt Street is to be acquired by the Redevelopment Agency as part of the south of Market Redevelopment Project. However, the Finance Committee feels that the proposed move to a north of Market location is not necessarily economical or better designed to serve the clinic's patients. Present rental is far lower than the proposed \$69,050, and it would appear probable that another site in the general vicinity of the present clinic can be obtained for a much lower rental. Also recommended by the Finance Committee for deletion in this respect is an item in the Capital Improvement Section of the Department of Public Works budget, under the Bureau of Building Repair, in the amount of \$6,650, with which it was contemplated that the new, high-rental quarters north of Market would be remodeled in order to make them adaptable for the clinic's use.

TRAVEL EXPENSE:

A large number of departmental requests for increased appropriations for intra-State and out-of-State travel were scrutinized, and most were cut back to levels of previous years. Additionally, the Finance Committee has laid down the condition that no more than two persons from any department shall attend a convention, conference, etc., unless prior approval for a greater number is obtained from the Committee.

ADMINISTRATIVE PROVISIONS:

The Finance Committee, on the basis of data furnished by the Controller's Office, recommends continuation of the same charges levied during the current year for accommodations, services, and facilities furnished to employees in the various departments. Additionally, a one cent per mile increase in mileage allowances for employees is recommended. Also recommended is a provision to permit the Controller to disburse terminal vacation allowances from available funds, thus obviating enactment of supplemental appropriation ordinances for replacement personnel.

ACKNOWLEDGMENTS:

The Finance Committee commends and thanks Controller Nathan B. Cooper and his budget assistant, David Fong, for their valued assistance.

BOARD ACTION:

In order that all the members of the Board may have an opportunity to consider in complete detail the Committee's recommended changes in relation to the entire budget, the Committee has completed its

review of the budget as much before adoption as was possible in view of the numerous meetings required. The Charter provides that the Board shall adopt the budget not earlier than May 15. The Budgetary Procedure Ordinance declares that the budget may not be adopted later than May 21. Because of deadlines which must be met for the preparation and printing of the Annual Appropriation Ordinance and the Annual Salary Ordinance, action by the Mayor, etc., the budget must be adopted this year on Monday, May 15.

At the regular Board meeting of May 15, I will move that the budget, as amended by the Board, be adopted.

Motion to Adopt.

On behalf of the Finance Committee, Supervisor Morrison moved that the annual budget, as submitted by the Mayor, be amended in accordance with the recommendations of the Committee as set forth in the two lists (one for budget items and one for supplemental budget items) presented to the Board.

Motion seconded by Supervisor Ertola.

Referred to Finance Committee.

Explanation of appropriation for rehabilitation of Ridge Point temporary war housing projects.

In response to questions by Supervisor Tamaras, Supervisor Morrison and Eneas Kane, Executive Director of the Housing Authority, explained the need for an appropriation of \$350,000 to the Office of the Mayor for rehabilitation of Ridge Point temporary war housing projects, appearing on Sheet 1, Line 1, of supplemental budget requests.

Mr. Kane explained that the City took jurisdiction from the Federal Government of temporary war housing which the Federal Government was abandoning because the City did not have sufficient housing units. At that time there was no limitation on income of tenants and the City has no legal right now to inquire as to income. These buildings are in deplorable condition and must be maintained in some degree of decency. Because of the condition of the buildings, it would not be feasible to raise rents to the extent necessary to pay for the proposed rehabilitation. Mr. Kane added that there is not at the present time a sufficient supply of housing in the private sector for these people. The Authority is moving as speedily as possible to construct additional low-rent housing.

Explanation of appropriation for widening of Bosworth Street and O'Shaughnessy Boulevard.

In response to a question by Supervisor Beeman, Supervisor Morrison explained that the Finance Committee's action in including the item for Bosworth Street and O'Shaughnessy Boulevard widening, Lyell to Ulloa Streets, in the Road Commissioner, Road Fund, appearing in the budget on Page 971, Line 2, does not mean the projects will necessarily go forward. The question of this street improvement is presently pending before the Streets and Transportation Committee. A hold has been placed on the funds until the Department presents further information satisfactory to the Committee. Once the Board of Supervisors has made a policy declaration in regard to this project, the Finance Committee will follow that policy.

In response to questions by Supervisor McCarthy, Nathan Cooper, Controller, stated that this appropriation of funds is required in order that the City may receive matching State funds.

Rescission of Action.**Motion for adoption of the Annual Budget as amended.**

Supervisor Blake stated that, in view of the need to keep the tax rate as low as possible, it had been his feeling that the Publicity and Advertising Fund was one place in which the Board could reduce an appropriation. However, he said he has now been informed that as a result of the Board's action there will be many substantial cuts in certain cultural activities. With that in mind, Supervisor Blake moved that the Board rescind its previous action in adopting the annual budget.

Motion seconded by Supervisor von Beroldingen.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, McCarthy, O'Shea, Tamaras, von Beroldingen—6.

Noes: Supervisors Beeman, Ertola, Francois, Morrison—4.

Absent: Supervisor Casey—1.

Motion to Amend.

Publicity and Advertising Fund.

Supervisor Blake, seconded by Supervisor von Beroldingen, thereupon moved to amend the proposed Finance Committee amendments to the proposed annual budget, by deleting the Committee's recommended amendment to the item for Publicity and Advertising appearing on Page 766, Line 1, and Page 816, Line 5, so that said items will remain at \$1,622,136, as recommended by the Mayor.

Supervisor Morrison stated that the Finance Committee had adopted the sound principle that the Board should keep expenditures as nearly as possible to the level of the current year. Supervisor Morrison asked Supervisor Blake if he would be willing to reduce the appropriation for Publicity and Advertising to that level: \$1,500,000.

Supervisor Blake thereupon moved, as an amendment to his pending motion, that the item for Publicity and Advertising appearing on Page 766, Line 1, and Page 816, Line 5, be changed from \$1,200,000, as recommended by the Finance Committee, to \$1,500,000.

Motion as amended adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Motion seconded by Supervisor Francois.

Adopted by the following vote:

Adopted.

The following from Finance Committee was taken up:

Authorizing correction of clerical error in 1965-66 Unsecured Property Assessment Roll which will increase amount of taxes payable.

File No. 22-67-12, Resolution No. 338-67.

Supervisor Morrison, seconded by Supervisor McCarthy, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Reference to Committee.

There being no objection, on motion of Supervisor Morrison, the following recommendation of Joint Finance and Cultural Activities Committee appearing on the Calendar under "New Business" was taken out of order:

Approving in principle the offer of San Francisco Stadium, Inc., to aid the City and County in financing and constructing additional improvements to and expansion of Candlestick Park Stadium.

File No. 219-67, Resolution No.

Motions to Amend.

Supervisor Morrison stated his belief that it was the sentiment of the Committee that, although the Committee wished to go ahead with this improvement, the Board should reserve a final decision until a time when additional information becomes available.

Supervisor Morrison moved that the first "FURTHER RESOLVED" paragraph be amended to read as follows: "FURTHER RESOLVED, That the aforesaid offer of San Francisco Stadium, Inc., is approved in principle, subject, however, to further review and final decision with necessary legal documents submitted with the approval of the Recreation and Park Commission to the Board of Supervisors; and be it".

Supervisor Blake, seconded by Supervisor Ertola, moved that legislation be amended by adding a new paragraph reading as follows: "and be it FURTHER RESOLVED, That schematic plans for said improvement shall be prepared under the direction and on behalf of the City and County of San Francisco, acting through the Department of Public Works, with John S. Bolles, architect who designed Candlestick Park Stadium, being retained for said purpose, provided that funds are available therefor, and that subsequent preliminary and final plans shall be submitted to and approved by said City and County acting through the Recreation and Park Commission and the Board of Supervisors."

A discussion ensued of how the architect would be chosen and paid for preparation of plans for the stadium improvement.

The Director of Public Works called attention to the fact that the figure of 320,000 mentioned as a fee for preparation of plans is an estimate of the cost of complete plans and specifications. He suggested that schematic drawings, which would cost about \$60,000, would be an adequate basis on which the Board might make a decision.

John S. Bolles, Architect, stated that he would guarantee a cost of \$60,000 for preparation of schematic plans but would not at this time guarantee the cost of complete plans and specifications.

Motion to Refer to Committee.

Supervisor Morrison thereupon withdrew his motion to amend and moved, seconded by Supervisor Ertola, re-referral to Committee for further consideration.

Motion to refer adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Ertola, Francois, McCarthy, Morrison, Tamaras, von Beroldingen—8.

Noes: Supervisors Blake, O'Shea—2.

Absent: Supervisor Casey—1.

File No. 427-66, Ordinance No.

Motion to Refer to Committee.

Supervisor Blake protested that a public hearing had not been held on suggestions made by him at the Board meeting of May 15, 1967.

Noes: Supervisors Blake, Boas—2.

Absent: Supervisor Casey—1.

Passage for Second Reading.

There being no objection, the following recommendation of Streets and Transportation Committee, heretofore considered, appearing on the Calendar under "Unfinished Business" was taken up out of order:

Authorizing the Mayor to enter into a contract with the United States, and to enter into a joint exercise of powers agreement with the Bay Area Rapid Transit District in connection with the obtaining and expending of aid in the financing of a capital improvement project as proposed and described in the application of the City made under the Urban Mass Transportation Act of 1964, and dated February 23, 1966.

File No. 137-67-4, Ordinance No.

Supervisor McCarthy suggested that the Board should have current information concerning the Bay Area Rapid Transit District's schedule for construction in San Francisco.

Edward I. Murphy, Project Manager of the Transit Task Force, stated that in three months he would furnish the Board with such a report.

Passed for second reading by the following vote:

Ayes: Supervisors Beeman, Blake, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, Casey—2.

Urging opposition to Section 131 (g) of the Highway Beautification Act of 1965, which provides for payment of compensation upon the removal of certain outdoor advertising signs.

File No. 122-67, Resolution No.

Supervisor Morrison stated that in the face of the Committee's opposition to the subject legislation, he would be willing to let the City Planning Commission make a decision concerning the City's position.

Supervisor Morrison, seconded by Supervisor Beeman, moved that the question be referred to the City Planning Commission with a request for a report and recommendation to the Board on June 5, 1967.

Supervisor Francois stated that he could not understand how anyone who favored the City's recent regulation of signs could support this legislation, since the ultimate effect would be to make it prohibitively costly to require removal of signs in compliance with the recently enacted sign ordinance.

Supervisors von Beroldingen and Ertola stated their opinion that when the power of eminent domain is exercised, a person is entitled to compensation for property taken thereby.

Supervisor Morrison, seconded by Supervisor Beeman, thereupon moved as an amendment to his pending motion that consideration be continued to May 29, 1967, and that the Department of City Planning be requested to present the department's views at that time.

(Supervisor McCarthy dissenting in Committee.)

Adopted as Amended.

There being no objection, on motion of Supervisor O'Shea, the following recommendation of joint Finance and Cultural Activities Committee was taken up out of order:

(Supervisors Morrison and Beeman dissenting in Committee.)

Approving in principle the offer of San Francisco Stadium, Inc., for improvement and expansion of Candlestick Park Stadium.

File No. 219-67, Resolution No. 391-67.

In response to a question by Supervisor Blake, Deputy City Attorney Jerome Cohen stated that the improvement could be financed in either of two ways: by the nonprofit corporation's selling its bonds or by the City issuing general obligation bonds. Under the present proposal the City and County will lease the stadium and pay an annual rental sufficient to pay off the principal and interest on the corporation's bonds.

Controller Nathan Cooper advised that in his opinion the interest the City and County would pay on revenue bonds issued by the corporation would not be significantly less than San Francisco Stadium, Inc., will be paying on revenue bonds issued by that corporation with a lease guaranteeing payment.

Supervisor Beeman stated that the confusion over the question of financing had been one of the reasons he had voted against the proposal in Committee. He said he would vote for the resolution today but if, at the time the details are presented to the Board, all questions are not answered to his satisfaction, he would not vote to approve the plan.

Supervisor Morrison stated that while he agreed the City must have a sport center, he felt there were so many unanswered questions with respect to the present proposal that it appears inadvisable to proceed at this time with a project which will add at least \$800,000 a year to the budget. He said that thorough studies should be made by City departments as to traffic problems which will be generated by increased attendance, need for additional parking space, probable wind conditions in the stadium after rehabilitation and enlargement.

Withdrawn.

Motion to Amend.

Supervisor Blake, seconded by Supervisor O'Shea, moved amendment as follows: Subparagraph 1, Line 1, DELETE "Selection of the architect by San Francisco Stadium, Inc., shall be subject to the approval of"; Line 3, after "through the" ADD "Chief Administrative Officer and the"; after "Director of Public Works" ADD "shall designate the necessary studies and hire consultants, including an architect." Subparagraph 5, Line 1, after "and cost estimates are approved" ADD "by the Chief Administrative Officer and the Board of Supervisors,".

Upon explanation by Controller Cooper that this amendment would require an appropriation of funds, which could not be made until one

or two months after the tax rate is established, Supervisor Blake withdrew the proposed amendment.

Adopted.

Motion to Amend.

No objection and request granted.

**Effect of Limitations on Use of Real Property on Assessment
for Tax Purposes.**

Supervisor Francois called attention to a legal question on a problem created by AB 80: taxation of property which has a limited use. The

Board of Supervisors has granted authorizations for conditional use of property, on occasion, in order to protect the public from undesirable extensions of a use. If reduced tax revenue results from such limitation on use, the Board should be aware of the fact.

Supervisor Francois requested that a letter be sent the City Attorney and/or the Assessor, requesting some clarification of this question and asking whether the Board will be advised as to the effect on taxes of future proposed action relating to classification or use of real property.

SPECIAL ORDER—2:00 P.M.

Hearing Held.

Hearing of all persons interested in the recommendation of the Public Utilities Commission for abandonment and discontinuance of service on portions of Municipal Railway Motor Coach Lines No. 71 and 72.

File No. 264-67.

Mr. Vernon W. Anderson, General Manager of the Municipal Railway, testified that due to the increased traffic on Haight Street between Stanyan Street and Masonic Avenue, the Municipal Railway was requesting the rerouting of the No. 71 and 72 lines one block over to Waller Street to bypass the severe traffic delays being experienced.

Mr. Thomas P. White, Public Utilities Commissioner, stated that through personal observance and conversations with the bus operators, he found that the public would not be greatly inconvenienced by the rerouting to avoid the traffic delays but would be better served.

Mr. S. M. Tatarian, Director of Public Works, stated that studies were being made to consider both the possibility of making Haight Street a one-way street and removing parking from one side of the street in order to relieve the traffic congestion.

Miss Marguerite Warren, Chairman, Transportation Committee of the Sunset Improvement Club, stated that residents of the Sunset District who must necessarily use the No. 71 and 72 lines were the ones who were being greatly inconvenienced by the traffic tieups on Haight Street.

Mr. Matthew Boxer, San Francisco Council of District Merchants Associations, stated that the rerouting of bus lines off of Haight Street would be a great disservice to the merchants who are vitally involved, and urged a further study before discontinuance of the transit service.

Mrs. Leland Guth, Secretary of the Haight-Ashbury Merchants Association, concurred in the statement of Mr. Boxer.

Supervisor Beeman urged against voting for this proposal since it was based upon a temporary situation, and further urged that the Dept. of Public Works be given an opportunity to make further traffic studies.

Supervisor Morrison stated that it was his opinion that to abandon this line and to not restrict private transportation was unwise traffic engineering, and asked for a thorough study before this proposal was voted upon.

Supervisor Francois urged an "aye" vote in order to relieve the present traffic situation and improve the bus service to the public, rather than harm the Haight Street merchants by prohibiting parking.

Refused Adoption.

The following from Public Utilities Commission was taken up:

Adopted.

There being no objection, on motion of Supervisor Blake, seconded by Supervisor Boas, the following recommendation of the Planning and Development Committee, appearing on the Calendar under New Business, was taken up out of order:

Approving Workable Program for Community Improvement for the

City and County for the period July 1, 1967, to July 1, 1968, with the exception of the section pertaining to housing for displaced families, which is to be submitted for legislative approval at a later date.

File No. 250-67, Resolution No. 415-67.

Supervisor von Beroldingen stated that this Program was being presented for adoption today to take advantage of the federal funds available before they are frozen by the federal government. The Redevelopment Agency is presently working on a survey of housing available to displaced families which will be ready in August.

Supervisor Blake, seconded by Supervisor Francois, moved that members of the public be allowed to speak for five minutes each.

No objection and motion carried.

Supervisors Morrison, Francois and Beeman questioned Mr. T. J. Kent, the Mayor's Deputy for Development, and Mr. R. L. Rumsey, Secretary of the Redevelopment Agency, on the plans being made for the relocation of persons displaced by redevelopment. It was explained that the Redevelopment Agency and Housing Authority were working together to provide low-cost housing for these families.

Mr. James Stark, Deputy City Attorney, after questioning by Supervisor Beeman, stated that if the Workable Program were not adopted today all of the redevelopment projects in the City would be jeopardized, not only the Western Addition A-2.

Supervisor McCarthy suggested that when the Redevelopment Agency's report on relocation of displaced persons is received in August, the Board sit as a Committee of the Whole for a complete public hearing on the entire question of the City's relocation machinery.

Supervisor Francois requested that the Clerk direct a letter to the Housing Authority asking for advice on their specific plans for construction of low-rent housing, the time schedules, locations, capacities of such projects, and the extent to which leasing arrangements will be utilized to accommodate displaced persons displaced in the Western Addition Redevelopment Area.

No objection and request granted.

Privilege of the floor was granted to the following persons protesting the proposed legislation:

Earl Cranshaw, 1682 McAllister Street, representing Western Addition Citizens' Organization.

Helen Little, Chairman, Welfare Rights, Western Addition Citizens' Organization.

Mr. Hanibal Williams, 839 Leavenworth Street.

Mr. Kenneth Brown, 2827 Pine Street.

Supervisor Blake, seconded by Supervisor Francois, moved adoption.

Adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Noes: Supervisor Boas—1.

Absent: Supervisor Casey—1.

Taken Up Out of Order.

Refused Passage.

There being no objection, at the request of Supervisor Morrison, seconded by Supervisor Ertola, the following recommendation of the Finance Committee, appearing on the Calendar under New Business, was taken up out of order:

(Supervisor Ertola dissenting in Committee.)

Appropriating \$60,000, Juvenile Court, Probation Office, for a study of the Juvenile Court, Youth Guidance Center and the Juvenile Prevention Program.

File No. 80-67-24, Ordinance No.

Supervisor Morrison, seconded by Supervisor Beeman, moved "adoption."

Supervisor Ertola stated that he objected to spending taxpayers money for a study which he believed could as well be made by the California Youth Authority without charge. He set out five recommendations which he predicted would come out of the study: (1) A new, enlarged and modern facility to be built for the Youth Guidance Center; (2) The case load for probation officers and other workers is too high, thus more probation officers and special personnel must be hired; (3) The administration of the Youth Guidance Center should be separated from the Juvenile Court Judge; (4) More stress must be placed on rehabilitation; emphasis must be to avoid recidivism; and (5) Greater care should be given to the dependent, as yet non-delinquent, youngsters.

Supervisor Beeman said that he would not prejudge the study but that the California Youth Authority has stated that it was not competent to make a complete study of the administration of the Juvenile Hall and Court system or to recommend any changes in State legislation.

Supervisor Francois remarked that since the recommendation for the study by the National Council on Crime and Delinquency came from the Juvenile Justice Commission itself, he felt we should accept this.

Supervisor O'Shea explained that he felt the study should first be made by the California Youth Authority, and after that, if there is shown a need, a further study could be made by the NCCD.

Mr. Stark, after questioning by Supervisors Morrison and Francois, stated that the Welfare and Institutions Code provided that the Director of the Youth Authority shall examine the Juvenile Hall upon request of the Chief Probation Officer and cannot arbitrarily refuse to do so; and it was not within the province of the Board to designate who would make the study.

Mr. Elmer Gaetjen, Chief Probation Officer, and Mr. Michael Salarno, Chairman of the Juvenile Justice Commission, upon questioning by Supervisor Tamaras, stated that their original idea was to have the study done by the California Youth Authority.

Refused passage by the following vote:

Ayes: Supervisors Beeman, Boas, Francois, McCarthy, Morrison—5.

Noes: Supervisors Blake, Ertola, O'Shea, Tamaras, von Beroldingen—5.

Absent: Supervisor Casey—1.

Thereupon the Board took up consideration of calendar items in the order in which they appeared therein.

Board of Supervisors Sitting as a County Board of Equalization.

File No. 300-66.

Supervisor Morrison, seconded by Supervisor McCarthy, moved that the Board of Supervisors now sit as a County Board of Equalization to equalize assessments made outside the regular assessment period.

Motion carried by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Rules of Procedure.

The Chair explained that the Board would hear first from applicants as to the reasons why assessments should be equalized, and then from the Assessor. A rebuttal period would be allowed each.

The Clerk presented a communication from John J. Vlahos, Attorney for the Applicant, 1 Kearny Street, requesting that consideration be continued to February 27, 1967.

Supervisor Ertola, seconded by Supervisor von Beroldingen, moved that consideration be continued to February 27, 1967.

No objection and motion carried.

Application Denied.

No.	Name of Applicant	Location of Property
91.	The Learner Company	2200 Jerrold Ave.

Louis J. Glicksberg, Attorney for the Applicant, 1 Montgomery Street, appearing for the applicant, was examined under oath concerning the value of the property. Mr. Glicksberg stated that the company takes the position that the inventory on which the assessment is made was committed to and engaged in foreign commerce on the lien date and as such was exempt from taxation.

William V. Paizis of the Assessor's Office testified that deficiencies occurred only in inventory and that verification had been made of date of delivery to railway carriers for shipment to ocean vessels.

Deputy City Attorney George Baglin stated that the only material assessed was on the premises of the company. There is no assessment on goods in transit.

In response to a question by Supervisor Tamaras, Deputy City Attorney James Stark stated that the authority and power of the County Board of Equalization is to equalize improper evaluations. There is here no challenge to evaluation, but a question of whether the property is subject to taxation. That question is for a court of law to determine.

Supervisor McCarthy, seconded by Supervisor Francois, moved that application be denied.

Motion carried by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Reduction Granted.

The following were examined under oath concerning the value of the furniture and equipment, which are the subject of the deficiency assessment:

Orville Wright, Attorney-at-Law, representing applicant;

Col. H. C. Parks, President of the Board of Directors, Marines Memorial Association;

Col. W. E. Barnes, General Manager, Marines Memorial Association;

Henry R. Morris, Member of the Board of Directors, Marines Memorial Association.

Each requested that the furniture and equipment be equalized in harmony with the general level of residential property in San Francisco.

Mr. Morris requested that the assessed value of the furniture and equipment be set at \$51,948 for the year 1964, and at \$54,290 for the year 1965, and that the assessment for 1966, \$105,716, be considered an excessive evaluation.

William V. Paizis of the Assessor's Office testified concerning the audit and the deficiency found in the valuation placed on furniture and equipment.

In response to a question by Supervisor Morrison, Deputy City Attorney James Stark advised that it would appear the Assessor has re-evaluated the property of the applicant, found a deficiency, and has imposed an assessment on the deficiency found.

Supervisor Blake, seconded by Supervisor Ertola, moved that the assessed valuation for 1964 be reduced to \$51,948 and that the assessed valuation for 1965 be reduced to \$54,290.

Supervisor Morrison urged a "no" vote on the motion, stating that there has been no contention that the audit and reassessment was unfair and that the Board would exceed its jurisdiction by failing to find in accordance with the figures resulting from that reaudit.

Motion to reduce assessed valuation adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, O'Shea, Tamaras, von Beroldingen—9.

Noes: Supervisor Morrison—1.

Absent: Supervisor Casey—1.

Consideration Continued.

No.	Name of Applicant	Location of Property
93.	Keyston Bros.	755 Mission St.

Stephen H. Slabach, Attorney for the Applicant, 333 Montgomery Street, requested that consideration be continued to February 27, 1967, by which time the question of the assessment may be resolved.

Supervisor O'Shea, seconded by Supervisor Ertola, moved that consideration be continued to February 27, 1967.

No objection and motion carried.

Motion to Recess.

Supervisor O'Shea, seconded by Supervisor Ertola, moved that the County Board of Equalization recess until Monday, February 27, 1967, at 2:00 p.m.

Motion carried by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

SPECIAL ORDER—2:00 P.M.

Board of Supervisors sitting as a County Board of Equalization.

File No. 300-66.

Motion to Sit as a County Board of Equalization.

Supervisor Francois, seconded by Supervisor Morrison, moved that the Board of Supervisors now sit as a County Board of Equalization to equalize assessments made outside the regular assessment period.

No objection and motion carried.

Adopted.

Motion—Adopting supplemental rules of procedure for County Board of Equalization hearings commencing March 20, 1967.

File No. 300-66.

The Clerk presented a communication from Michael C. Hone, Attorney-at-Law, dated February 24, 1967, proposing that the County Board of Equalization adopt a streamlined procedure for an assessment ratio hearing commencing March 20, 1967, whereby one presentation would be made on the ratio question as to all agreeing taxpayers.

Supervisor von Beroldingen, seconded by Supervisor Ertola, moved that the Board adopt the following rules for conduct of hearings of the County Board of Equalization of the City and County of San Francisco, to be in effect during the period February 27, 1967, through April 30, 1967, as supplements to the County Board rules effective as of July 1, 1966, and shall augment and supersede such rules only to the extent reasonably necessary to accomplish the purpose of facilitating hearings as set forth in the rules below:

RULE 20. All hearings on alleged deficiency assessments which, pursuant to provisions of applicable law, would be heard in March 1967, shall commence no earlier than March 20, 1967.

RULE 21. Commencing March 20, 1967, as part of the hearing by the County Board of Equalization on the first protesting taxpayer's petition for equalization, a ratio presentation shall be made to the County Board of Equalization by the protesting taxpayers and all those acting on their behalf pursuant to the County Board of Equalization Rules and Applicable Law. The City and County of San Francisco, the Assessor of the City and County of San Francisco, the Director of Property, and all those otherwise entitled to present evidence may also make their presentations during said hearing as provided in the County Board of Equalization Rules and Applicable Law. At said hearing evidence shall be introduced solely on the question of what was the true, correct, proper and average ratio applied to the full cash value of property of all types and descriptions taken as a whole and in subcategories in the City and County of San Francisco in the tax years 1964-65, 1965-66, 1966-67, and what assessment ratio should be applied to the full cash value of property subject to deficiency assessments; said question is hereinafter called the "ratio question."

RULE 22. All affidavits to be used in the ratio hearing shall be served as follows:

a) On or before March 10, 1967, a copy of each affidavit not presented by the Assessor of the City and County of San Francisco or the City and County of San Francisco or anyone acting on their behalf shall be personally served on George E. Baglin, Deputy City Attorney, and the Honorable Joseph E. Tinney and the original shall be filed with the County Board of Equalization.

b) On or before March 15, 1967, a copy of every other affidavit shall be personally served on Jack H. Olive at 260 California Street, San Francisco, California 94111, and a copy shall be deposited in the United States mail in a prepaid envelope addressed to V. Judson Klein, 833 First Western Bank Building, Oakland, California 94612, and the original shall be filed with the County Board of Equalization.

c) The serving of said affidavits shall not do away with the

requirement of having the affiant present at the hearing when his affidavit is introduced in evidence before the County Board of Equalization.

RULE 23. The whole of the presentations on the ratio question as set forth in Rule 21 above will be treated as a part of the presentation given by or against each protesting taxpayer and as such will be incorporated in his record as though actually made at the time of his hearing.

RULE 24. As to each protesting taxpayer, no evidence shall be admitted or deemed to have been presented before the County Board of Equalization in regard to the ratio question, except during the ratio presentations as provided in Rule 21 above.

RULE 25. Definitions:

a) As used herein a "deficiency assessment" or "deficiency assessments" mean any assessment or assessments proposed, levied, threatened or impending during 1967 which are not the normal assessment or assessments for the tax year 1967-68.

b) As used herein a "protesting taxpayer" or "protesting taxpayers" is an individual, individuals, association or associations, entity or entities orally consenting to these Supplemental Rules Approved Feb. 27 and March 6, 1967 at the outset of his or their separate hearing before the County Board of Equalization in March or April, 1967.

c) As used herein an "affidavit" or "affidavits" shall not refer to or mean a deposition or depositions.

RULE 26. Each protesting taxpayer's case will be considered on its own merits.

There being no objection, on motion of Supervisor Boas, seconded by Supervisor Beeman, the privilege of the floor was granted to Michael C. Hone.

Mr. Hone stated that he has no official authority to bind any taxpayer but he anticipates a vast majority of taxpayers will agree to join in the presentation. A common element in all cases is the question of ratio. There may be other aspects of certain cases which are not common to all.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

The Board thereupon considered applications in the order in which they appeared on the Calendar.

95.	Morgan & Allen Company	657 Mission St.

Robert S. Lovett, Office Manager, Morgan and Allen Company, stated under oath that the penalty imposed is on notes receivable. The Company does not feel it should be required to pay a penalty when there is a difference of opinion as to whether or not such notes are taxable.

William V. Paizis of the Assessor's Office stated the imposition of the penalty is mandatory upon the Assessor when receivables are not reported by the taxpayer, either through inadvertence or ignorance. There had been some confusion in the Assessor's Office as to whether or not such notes receivable are taxable; however, the Assessor has taken the stand that they are taxable.

Supervisor Blake, seconded by Supervisor Francois, moved that the penalties for years 1964, 1965, and 1966 be reduced to nil.

Supervisor Morrison stated that since the taxpayer has acceded to the Assessor's case and is willing to pay the tax due, it does not seem advisable to relieve him of the penalty.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, O'Shea, Tamaras, von Beroldingen—9.

Noes: Supervisors Casey, Morrison—2.

Supervisor Beeman, seconded by Supervisor Francois, moved that consideration be continued to March 6, 1967, in order that the Assessor might have an opportunity to acquaint himself with the contents of the supplemental application.

No objection and motion carried.

MONDAY, MARCH 6, 1967—2:00 P.M.

In meeting of the Board of Supervisors, San Francisco, Monday, March 6, 1967—2:00 p.m.

The Board of Supervisors met in recessed session, sitting as a County Board of Equalization.

CALLING THE ROLL.

The roll was called and the following Supervisors were noted present:

Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

SPECIAL ORDER—2:00 P.M.**Board of Supervisors sitting as a County Board of Equalization.**

File No. 300-66.

Motion to sit as a County Board of Equalization.

Supervisor Ertola, seconded by Supervisor Francois, moved that the Board of Supervisors now sit as a County Board of Equalization to equalize assessments made outside the regular assessment period.

No objection and motion carried.

COMMUNICATION.**Requesting Postponement of Hearing.**

The Clerk presented a communication from Michael C. Hone of the firm of Kelso, Cotton & Ernst, Attorneys at Law, dated March 6, 1967, requesting that the hearing on the ratio question now scheduled for March 20, 1967, be postponed until April 17, 1967, to permit adequate preparation by applicants.

Supervisor Morrison, seconded by Supervisor Ertola, moved that hearing be postponed from March 20, 1967, to April 3, 1967.

There being no objection, the privilege of the floor was granted to Michael C. Hone, who spoke in support of his written request.

Motion to continue adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

Adopted.**Amendment of Rule 21 of Supplemental Rules of Procedure.**

Supervisor Morrison, seconded by Supervisor Casey, moved that Rule 21 of the Supplemental Rules of Procedure for the County Board of Equalization be amended as follows: At the end of second sentence, DELETE "At said hearing evidence shall be introduced solely on the

question of what was the true, correct, proper and average assessment ratio applied to the full cash value of property of all types and descriptions taken as a whole and in sub-categories in the City and County of San Francisco in the tax years 1964-65, 1965-66, 1966-67, and what assessment ratio should be applied to the full cash value of property subject to deficiency assessments; said question is hereinafter called the 'ratio question.'" and ADD "At said hearing evidence shall be introduced solely on the question of what assessment ratio the Assessor should have applied in making deficiency assessments pursuant to the writ of mandate in Knoff vs City and County et al., San Francisco Superior Court No. 564237; said question is hereinafter called the 'ratio question.'"

George Baglin, Attorney for the Assessor, advised that this proposed amendment would make certain there will be no divergence from the Writ of Mandate under which the Board is acting.

Michael C. Hone requested permission to have the proceedings recorded by a stenographer reporter. The Chair granted permission with the understanding that a copy of the transcript will be furnished to the Board for the file.

Mr. Hone objected to the proposed amendment.

Supervisor Francois, seconded by Supervisor Morrison, moved amendment of the proposed amendment as follows: At the end of the second sentence, DELETE "." and ADD "on the ratio question."; DELETE "At said hearing evidence shall be introduced solely on the question of what was the true, correct, proper and average assessment ratio applied to the full cash value of property of all types and descriptions taken as a whole and in subcategories in the City and County of San Francisco in the tax years 1964-65, 1965-66, 1966-67, and what assessment ratio should be applied to the full cash value of property subject to deficiency assessments; said question is hereinafter called the 'ratio.'" so that Rule 21 will read as follows:

"RULE 21. Commencing March 20, 1967, as part of the hearing by the County Board of Equalization on the first protesting taxpayer's petition for equalization, a ratio presentation shall be made to the County Board of Equalization by the protesting taxpayers and all those acting on their behalf pursuant to the County Board of Equalization Rules and Applicable Law. The City and County of San Francisco, the Assessor of the City and County of San Francisco, the Director of Property, and all those otherwise entitled to present evidence may also make their presentations during said hearing as provided in the County Board of Equalization Rules and Applicable Law on the ratio question."

Motion to amend Rule 21 to read as printed immediately above adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Noes: Supervisor Ertola—1.

Refused Adoption.

Amendment of Rule 25a of Supplemental Rules of Procedure.

Supervisor Morrison, seconded by Supervisor Casey, moved that Rule 25a be amended as follows: After "As used herein a 'deficiency Assessment' " DELETE "or 'deficiency assessments' may mean any assessments proposed, levied, threatened or impending during 1967 which are not the normal assessment or assessments for the tax year 1967-68." and ADD "means an assessment made pursuant to the Writ of Mandate in Knoff vs City and County, San Francisco Superior Court No. 564237."

Michael C. Hone objected to the proposed amendment, saying that the assessments are made pursuant to the Revenue and Taxation Code and not pursuant to the Writ of Mandate.

George Baglin, attorney for the Assessor, recommended adoption of the amendment.

Supervisor Francois, seconded by Supervisor Morrison, moved as an amendment to the pending motion to amend that Rule 25a be amended to provide that "deficiency assessments" be defined as assessments made during the period March 28, 1966, to March 20, 1967, as required by Superior Court Action No. 564237, Knoff vs. City and County.

Supervisor Ertola stated that the Board of Equalization is established under the Revenue and Taxation Code. Under this new set of temporary circumstances, the Board should not enact new rules. He opposed changing rules while the proceedings are in progress.

Supervisor Beeman said he would vote against the motion. Favorable action would constitute an ex post facto definition of the meaning of "deficiency assessment."

Motion to amend refused adoption by the following vote:

Ayes: Supervisors Francois, Morrison, Tamaras—3.

Noes: Supervisors Beeman, Blake, Boas, Casey, Ertola, McCarthy, O'Shea, von Beroldingen—8.

Withdrawn.

Motion to Rescind Action.

Supervisor Ertola moved that the Board rescind its previous action in amending Rule 21. Upon further discussion and explanation by Supervisor Francois, Supervisor Ertola withdrew his motion to rescind.

Consideration Continued.

Taking of Depositions of Assessor and his Staff.

The Clerk presented a communication from James K. Haynes of the firm of Orrick, Herrington, Rowley & Sutcliffe, dated March 2, 1967, proposing that depositions be taken from the Assessor and his staff on behalf of all consenting applicants jointly.

In response to a question by Supervisor Francois, Deputy City Attorney James Stark advised that he finds no authority in the Revenue and Taxation Code for issuance of subpoenas by the Board for the taking of depositions.

Supervisor McCarthy, seconded by Supervisor Ertola, moved that consideration be continued to March 13, 1967, and that the applicant be asked to submit in writing all facts and citations he has in support of his request and that the City Attorney be asked to respond in writing.

No objection and motion carried.

Consideration Continued.

Request Granted.

Requests for issuance of subpoenas for taking of depositions of the Assessor and his staff and issuance of subpoenas duces tecum to members of the State Board of Equalization.

The Clerk presented City Attorney's Letter Opinion No. 67-8-A, responding to the Board's request of March 6, 1967, advising that "neither existing statutory law nor case law authorizes or empowers

a board of supervisors, sitting as a county board of equalization, to issue subpoenas for prehearing depositions in equalization proceedings."

The Clerk presented a communication from Stephen H. Slabach, regarding Application No. 106 of Eng-Skell Company, transmitting amended papers in support of application for issuance of subpoenas for the taking of depositions of Assessor Tinney, Messrs. Leavitt, Wong, Obiashi, Duca, Paizis, Brayton and Rizos, and issuance of subpoenas duces tecum directed to Messrs. Welch, Howland, Bailey, Baker, Dal Busco, Eisenlauer, Ennis, Fawcett, Ortland, Parle, Reed and Uhl of the State Board of Equalization.

Discussion was had of the need for issuance of subpoenas to all persons named above and of procedure to be followed if any individual is unable to answer any pertinent questions put.

Supervisor Boas, seconded by Supervisor Beeman, moved as an amendment to the pending motion that the Board issue subpoenas for the taking of depositions of Assessor Tinney, Samuel Duca and William V. Paizis.

Supervisor Francois stated that he would accept the amendment to his motion with the understanding that the applicants are not prejudiced from requesting additional subpoenas if they find it necessary to do so.

Motion—That all pending applications based upon January billings, together with pending applications based upon February and March billings for which requests have been filed for a March hearing, be calendared for hearing on March 27, 1967.

The Clerk presented communications from various applicants requesting that their applications for equalization of assessments be calendared for consideration today or March 27, 1967.

He called the Board's attention to the fact that all except those firms billed in January have been postponed for consideration on April 3, 1967. With respect to those assessments billed in January, the State Board of Equalization has stated that it has no authority to continue consideration into April. Unless the Board schedules hearings on those applications today or on March 27, no hearing will be possible.

Supervisor Morrison, seconded by Supervisor von Beroldingen, moved that all pending applications based upon January billings, together with pending applications based upon February and March billings for which requests have been filed for a March hearing, be calendared for hearing on March 27, 1967.

Philip S. Ehrlich, Attorney, representing Applicant 180, San Francisco Hilton, stated under oath that the Applicant and the Assessor have reached an agreement on an adjusted figure. George Baglin, Attorney for the Assessor, advised that a settlement has been agreed upon subject to concurrence of the Board.

In response to questions by Supervisor Blake, Mr. Baglin stated that if the Board so desires, the Assessor will refuse to settle any of these cases. The Code requires that escape assessments be taxed at the rate of the year in question. It is uniform practice to recommend a two-third settlement in these cases. There is a difference based upon whether the 1964, 1965, or 1966 tax rate is used or whether the 1966 tax rate with a ten percent penalty is used. The Assessor has approved the ratio for settlement but he does not participate in actual negotiations and settlements.

Supervisor Francois, seconded by Supervisor Beeman, moved that the compromise settlement as agreed upon by the Assessor and the applicant be approved (details of settlement are shown in the recapitulation infra).

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Paul E. Anderson, Attorney, representing Applicant 108, American Smelting & Refining Company, stated under oath that the Applicant and the Assessor have reached an agreement on a compromise settlement.

George Baglin, Attorney for the Assessor, advised that a settlement has been agreed upon subject to concurrence of the Board.

Explanation of Vote.

Supervisor Blake stated that he is voting against these compromise settlements because he does not believe in this system of compromise. If the property owner owes the taxes, he should pay the full amount; if he does not, he should go to court for relief.

Supervisor Francois, seconded by Supervisor McCarthy, moved that the compromise settlement as agreed upon by the Assessor and the applicant be approved (details of settlement are shown in the recapitulation infra).

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Noes: Supervisor Blake—1.

Orville Wright, Attorney, representing Applicant 110, Stadler Company, and the General Manager of the Stadler Company were examined under oath concerning the value of the property, declaring that the Assessor has not adequately recognized the obsolescence of much of the inventory.

William V. Paizis of the Assessor's Office agreed that obsolescence is the only question at issue. He stated that the Assessor has made an allowance for obsolescence but can recommend no further reduction.

Supervisor Francois, seconded by Supervisor Beeman, moved that the application of Stadler Company be denied.

Supervisor Blake moved as an amendment to the pending motion that the assessed value for the year 1964 be reduced to \$25,863 and for 1965 to \$25,835.

In response to a point of order being raised by Supervisor Francois, the Chair ruled that the amendment as proposed by Supervisor Blake was out of order.

Motion to deny application refused adoption by the following vote:

Ayes: Supervisors Beeman, Francois, Morrison—3.

Noes: Supervisors Blake, Boas, Casey, Ertola, McCarthy, O'Shea, Tamaras, von Beroldingen—8.

Supervisor Morrison, seconded by Supervisor Beeman, moved that the applicant be allowed a thirty percent reduction for obsolescence.

Supervisor Blake, seconded by Supervisor von Beroldingen, moved as an amendment to the pending motion that the escape assessment be reduced to nil, making the total assessment for 1964, \$25,863 and for 1965, \$25,835.

Motion as amended adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, O'Shea, von Beroldingen—6.

File No. 300-66.

Supervisor Ertola, seconded by Supervisor Morrison, moved that the Board of Supervisors now sit as a County Board of Equalization to equalize assessments made outside the regular assessment period.

No objection and motion carried.

Rules of Procedure.

The Clerk read a memorandum from the President of the Board to the County Board of Equalization dated March 27, 1967, regarding procedure to be adhered to in the forthcoming hearings, a copy of which is contained in the file.

In response to a question posed by the President in the above-described memorandum, Deputy City Attorney James Stark advised that in the City Attorney's opinion, a hearing is begun when the matter is called by the Clerk, a witness is sworn and offers some evidence in support of the taxpayer's contention.

Clark Maser, Attorney for the Applicant, stated under oath that Applicant had originally filed full reports and therefore feels he may not be reassessed. The only issue is the ratio question.

Frank McCoy, Comptroller for Jenkel-Davidson Optical Company, was examined under oath concerning the value of the property.

Clark Maser then requested that consideration be continued for consideration with the common ratio question.

In response to a question, Deputy City Attorney James Stark advised that in his opinion more than enough evidence had been submitted to consider the case begun.

Supervisor Francois requested that the record reflect the fact that Assessor Tinney took office as Assessor May 31, 1966.

Supervisor McCarthy, seconded by Supervisor Ertola, moved that consideration be continued for hearing with the common ratio hearing.

Morgan I. Pitcher, Jr., an employee of Chandler's Shoe Stores, was examined under oath concerning the value of the property.

William V. Paizis of the Assessor's Office advised that the auditors were unable to establish the lien date of inventories and submitted a computation based on averaging percentages. The Assessor did not accept this method, feeling he should rely on the physical inventory figures at the end of the year, so rendered an assessment on fifty per cent of those. The taxpayer contends that the lien date inventory varied by fifteen per cent from the physical inventory. The Assessor would not be adverse to adjustment by the Board in this direction.

Such a fifteen per cent adjustment in inventory would reduce assessments to the following: For 1964, \$12,439 with a penalty of \$1,244; for 1965, \$13,854, with a penalty of \$1,386; for 1966, \$12,804, with a penalty of \$1,280.

Supervisor Francois, seconded by Supervisor McCarthy, moved that the Board reduce inventory fifteen per cent.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

Motion to Recess.

Supervisor Boas, seconded by Supervisor Ertola, moved that the County Board of Equalization recess in order to consider items on the regular calendar of the Board of Supervisors.

Motion to Reconvene.

Supervisor McCarthy, seconded by Supervisor Ertola, moved that the Board of Supervisors reconvene as a County Board of Equalization.

Morgan I. Pitcher, Jr., an employee of Leed's Shoe Stores, Inc., was examined under oath concerning the value of the property.

William V. Paizis of the Assessor's Office advised that the situation here was exactly the same as that described in the preceding Application No. 97 of Chandler's Shoe Stores, Inc. The Assessor would not be adverse to a fifteen per cent adjustment in inventory which would reduce assessments to the following: For 1964, \$31,414, with a penalty of \$3,141; for 1965, \$37,091, with a penalty of \$3,709; for 1966, \$27,867, with a penalty of \$2,787.

Supervisor Francois, seconded by Supervisor Ertola, moved that the Board reduce inventory fifteen per cent.

In response to questions by Supervisor O'Shea, Deputy City Attorney Baglin stated that the Assessor has not solicited any proposals for compromise, but have made it known to each that he was entertaining suggestions for compromise.

William V. Paizis explained that the two-thirds compromise settlement forecloses any right the applicant might have to appeal in court. These fifteen per cent adjustments would still leave the taxpayer his legal right to go to court if he wishes.

Morgan I. Pitcher, Jr., stated that he and his company understands this and would prefer to accept the fifteen per cent adjustment at this time.

106.	Eng-Skell Company	1035 Howard St.

Albert D. Elledge, Attorney for Applicant No. 100, Simi Fine Foods, was examined under oath. He stated that property involved is merchandise purchased for resale. The auditors set up a base of fifty per cent of cost appearing on the books, which is too high; it is discriminatory and illegal. The only issue here is the ratio question.

Supervisor O'Shea, seconded by Supervisor Francois, moved that consideration be continued to the hearing at which the Board will consider the consolidated presentation on the ratio question.

Motion adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Orville Wright, Attorney for Applicant No. 101, Lewis-Westco Co., stated under oath that the only issue involved in this application is the problem of assessment ratio. He requested continuance until the common ratio hearing.

Supervisor O'Shea, seconded by Supervisor Ertola, moved that consideration be continued until the common ratio hearing.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

The Clerk read a communication from Stephen H. Slabach, Attorney for Applicant No. 106, Eng-Skell Company, dated March 27, 1967, transmitting original of court reporter's record of proceedings March 24, 1967, when Assessor Tinney refused to give his deposition, and requesting that the Board direct the City Attorney to cooperate with counsel for the taxpayers in taking appropriate action to accomplish the taking of depositions and that the common ratio hearing currently set for April 3, 1967, be postponed.

Deputy City Attorney Stark advised that before the request for continuance is discussed, some evidence should be presented so that the hearing is begun. With respect to request that the Board direct the City Attorney to cooperate, the City Attorney would be only too happy to cooperate in getting this matter before the Superior Court.

Mr. Slabach advised that he is planning to go directly to the State Supreme Court for a decision concerning the taking of depositions of the Assessor and his staff; therefore, he requested that consideration of the ratio question be continued to April 17, 1967, at which time the question may be resolved by the court.

Mr. Slabach requested to have his testimony taken by a stenographic reporter with the understanding that a copy of the transcript will be furnished the Board.

There being no objection, the Chair granted permission and Mr. Slabach began presentation of his case.

Motion to Postpone Common Ratio Hearing.

Supervisor Francois, seconded by Supervisor Ertola, moved that hearing of the common ratio question be postponed from April 3, 1967, to April 17, 1967.

Supervisor Morrison stated that he would vote against the motion. At this time it is not known if the court will impose any restraint on the Board. In any event, it is not the Board's position to try the taxpayer's case for him. The April 17 date will conflict with the Board's consideration of the City and County budget. The Board should stay with the schedule it has set for itself and hear this matter on April 3.

Motion to postpone adopted by the following vote:

John Alden Doty, Attorney for Applicant No. 109, M. Greenberg's Sons, Inc., stated under oath that the Applicant and the Assessor have

reached an agreement on a compromise settlement. George Baglin, Attorney for the Assessor, advised that a settlement has been agreed upon subject to concurrence of the Board.

Supervisor Francois, seconded by Supervisor O'Shea, moved that the compromise settlement as agreed upon by the Assessor and the Applicant be approved (details of settlement are shown in the recapitulation infra).

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Noes: Supervisor Blake—1.

John Alden Doty, Attorney for Applicant No. 168, Golden Gate Magazine Company, stated under oath that the Applicant and the Assessor have reached an agreement on a compromise settlement. George Baglin, Attorney for the Assessor, advised that a settlement has been agreed upon subject to concurrence of the Board.

In response to questions by Supervisor Blake, Assessor Tinney explained that Deputy City Attorney Baglin is representing the Assessor's Office. Under the writ of mandate and under the direction of the Board the Assessor has been trying to carry out the Board's request. The Assessor has had audits made, computed deficiencies, issued bills. The taxpayers now have applied for equalization. It is now within the City Attorney's province to make recommendations to the Board. The whole process has been reported to Justice Bray. There has been no objection by the Court or by the attorneys representing the taxpayers who brought the suit.

Mr. Baglin stated that all these matters are under the writ of mandate concerning which there is a great deal of **legitimate controversy**. The City Attorney, with the concurrence of the Assessor and the Court, believes it is good business to effect settlements if possible.

Supervisor Francois, seconded by Supervisor O'Shea, moved that the compromise settlement as agreed upon by the Assessor and the applicant be approved (details of settlement are shown in the recapitulation infra).

Request Withdrawn.*(See Journal of Board of Supervisors April 3, 1967)***City Attorney's opinion as to powers of the County Board of Equalization.**

Supervisor Ertola withdrew his request made earlier during the meeting of the Board of Supervisors to the effect that the City Attorney render his opinion as to whether the Board is bound to assess property at the fifty per cent ratio, in view of the advance copy of Justice Bray's order in the Knoff case, just now called to the Board's attention by Deputy City Attorneys Baglin and Stark, which appears to require use of a ratio of fifty per cent of full cash value.

Request Granted.**City Attorney's opinion as to legality of Judge's Order in the Knoff case.**

Supervisor Morrison requested that the City Attorney render his opinion as to whether Justice Bray's order of this date is proper and binding upon the Board.

No objection and request granted.

The Clerk presented communications from Richard M. Eigner, Attorney, representing twelve applicants; Orville I. Wright, Attorney, representing two applicants; and James K. Haynes, Attorney, representing one applicant; requesting that they be heard today.

Applications Taken Under Advisement.

No.	Name of Applicant	Location of Property
186.	Del Webb's San Francisco Towne House, Inc.	Market at Eighth St.
187.	Hotel Canterbury	750 Sutter St.

Orville Wright, Attorney for Applicants Nos. 186 and 187 requested permission to have the proceedings taken by a stenographic reporter. There being no objection, the Chair granted permission with the understanding that the Board would be furnished a copy for the file.

Orville Wright, Attorney for Applicant No. 186, Del Webb's San Francisco Towne House, Inc., was examined under oath concerning the value of the property. He submitted for the record Exhibit No. 1, appraisal of George Urban Morf, Appraiser, of the full market value of furniture, furnishings and equipment.

In response to a question by Supervisor Francois, Deputy City Attorney Stark stated that Justice Bray's order this day is merely a clarification of his original order in the Knoff case and as such is binding. Justice Bray's order has been appealed by the City Attorney; however, there has been a denial of a petition for a writ of prohibition that would suspend the order pending appeal.

Deputy City Attorney Baglin advised the Board that in his opinion

acceptance of the appraisal of George Urban Morf would tend to come into collision with the Knoff mandate and that the Board should not permit its submission as evidence.

Supervisor Ertola, seconded by Supervisor von Beroldingen, moved that the appraisal of George Urban Morf be accepted as evidence.

Deputy City Attorney Stark agreed that acceptance of this evidence could amount to a violation of the writ of mandate and suggested that the Board ask counsel to make an offer of proof.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Blake, Boas—2.

George Urban Morf, Appraiser, was examined under oath concerning his appraisal of the furniture, furnishings and equipment.

William V. Paizis of the Assessor's Office recommended no reduction.

Supervisor Beeman moved that the taxpayer be accorded full relief.

Deputy City Attorney Baglin advised that the court mandate would not permit such action.

Request Granted.

City Attorney's Opinion as to powers of the County Board of Equalization.

Supervisor Ertola renewed his request that the City Attorney render his opinion as to whether or not the Board may find that a different cash value of property exists, contrary to the conclusion of the Assessor.

No objection and request granted.

In response to a question by Supervisor O'Shea, Deputy City Attorney Stark advised that in his opinion the Board could deny relief to taxpayers on the basis that they are precluded from doing so under the writ of mandate. The taxpayers could pay under protest, file for refund of taxes paid, and then bring an action at law for review by the court.

Sidney Hay, General Manager of Del Webb Towne House was examined under oath as to the condition of the furniture, furnishings and equipment.

Supervisor Ertola, seconded by Supervisor von Beroldingen, moved that the Application No. 186 be taken under advisement.

Motion to Sit as a County Board of Equalization.

File No. 300-66.

No objection and motion adopted.

President's Memorandum re Procedure.

The Clerk read a memorandum dated April 17, 1967, from President Tamaras to the County Board of Equalization as follows:

"Due to the number of equalization applications before the Board today, it is necessary that the Board, petitioners or their representatives, and all other participants in the hearings adhere strictly to procedural rules which will facilitate a speedy and orderly disposition of the applications.

"Accordingly, as the presiding officer, I wish to announce some ground rules which I believe will expedite the business of the Board.

"The rules of the County Board of Equalization effective during the current fiscal year will be applicable, but the City Attorney has advised us categorically that equalization hearings on escape assessments imposed pursuant to the court mandate in the Knoff case are not ordinary equalization proceedings, and therefore I will make clear here and now to all applicants and their representatives the scope to which this hearing will be confined.

"The City Attorney has informed us in his letter opinion No. 67-18-A dated April 10, 1967, among other things, that:

- (1) At this juncture, the Knoff mandate and order are binding and must be obeyed by the County Board of Equalization.
- (2) Neither ratio nor cost is an open question, and it is emphasized for the information of each applicant that no evidence will be received on either question.
- (3) Cost under the Knoff judgment and mandate has been duly determined by independent Certified Public Accountants. The County Board of Equalization may not determine otherwise.
- (4) The County Board of Equalization cannot inquire into or take testimony concerning the evidence and propriety of various ratios, including average ratios.
- (5) Any taxpayer who contends the Assessor has made a clerical error, or who contends that the taxpayer has supplied the Assessor with erroneous information, resulting in an excessive assessment justifying a refund, may claim a refund pursuant to Revenue and Taxation Code, Section 5096 and following sections.
- (6) As to each contested application, there will be no equalization hearing in the ordinary sense. The taxpayer's equalization application shall be deemed his offer of proof, and no other offer of proof will be entertained. The Board will proceed to make a blanket denial of all contested applications, and following the reading of this memorandum at the Board meeting, I will entertain a motion that all pending contested applications for equalization of assessments arising out of the Knoff case be denied.
- (7) Following adoption of the motion last referred to, the Board will proceed to call in numerical sequence those applications as to which settlements have been negotiated

pursuant to a formula worked out by the Assessor and the City Attorney. Each settlement is effected subject to Board approval by motion. The Board's approval is to be viewed as a stipulated equalization order or an approval of a compromise of litigation, or both.

- (8) Following adoption of the immediately preceding motions approving settlements, I understand there are a very few applications pending before the Board involving applicants not subject to the mandate in the Knoff case. With respect to those applications, they will be called individually, and the Board will dispose of them in accordance with its procedure applicable to ordinary equalization hearings."

Motion to Deny all Applications arising out of the Knoff Case.

Supervisor Morrison, seconded by Supervisor Francois, moved that all applications arising out of the Knoff case be denied.

In response to questions by Supervisor Blake, Deputy City Attorney Baglin stated that all taxpayers have not been formally notified of the possibility of making a compromise settlement, although the newspapers have reported the fact and the Assessor has attempted to let taxpayers with whom he has come in contact know of the possibility. Mr. Baglin suggested that consideration be continued to April 24 of applications of taxpayers who were not aware that compromise settlements were being reached, subject to approval by the Board of Supervisors.

Jack H. Olive, Attorney, 260 California Street, chairman of the ratio committee of a group of tax counsels, was granted permission to speak.

Mr. Olive called attention to the fact that the proceedings were being taken by a stenographic reporter and requested permission to have the entire proceeding so recorded. There being no objection, the Chair granted permission with the understanding the Board would be furnished a copy of the transcript. (See File 300-66D.)

Mr. Olive stated that his group had requested special rules for this Board and were here today under Rules 20 through 26 to make a presentation. Rule 6 of the memorandum just read would deny to all of these taxpayers the privilege of a hearing, due process, and equal protection under the law.

Mr. Olive offered for the record written material. The Chair informed him that the material would not be received. Mr. Olive then asked that the documents be marked Exhibits A, B, C, D, and E for identification only. The Chair directed that the exhibits offered be so marked.

In response to questions by Board members, Deputy City Attorney Baglin stated that he would not want to negotiate settlements after taxpayers' applications had been denied. He suggested that any applicant who wishes to settle should request continuance to April 24.

Withdrawn.**Motion that all Contested Applications Be Denied.**

Supervisor Morrison, seconded by Supervisor Francois, withdrew his previous motion and moved that all contested applications be denied.

After further discussion of the advisability of permitting applicants who have not had an opportunity to settle, to do so, Supervisor Morrison withdrew his motion.

Adopted.**Motion to Consider Proposed Compromise Settlements.**

Barnett Sumski, Attorney, 1 Montgomery Street, representing Applicant No. 275, James Allan & Sons, stated under oath that the applicant and the Assessor have reached an agreement on a compromise settlement. George Baglin, Deputy City Attorney for the Assessor, advised that a settlement has been agreed upon subject to concurrence of the Board.

Supervisor Morrison stated that in his opinion the Board should require that either the Assessor or the Court recommend proposed settlements and, in the absence of such recommendation, the Board should deny all such settlements.

Assessor Tinney said that the City Attorney has conducted all negotiations with the applicants; the Assessor has not encountered any suggestions made by the City Attorney with which he has any disagreement. He assured the Board that if he should disagree with any settlement, he will inform the Board.

Supervisor Boas, seconded by Supervisor McCarthy, moved that the compromise settlement as agreed upon by the Assessor and the applicant be approved.

Supervisor Morrison stated he believed the Board must have a direct recommendation for settlement from the Assessor. In response to a question, the Assessor stated he did not recommend the settlement.

Supervisor Boas thereupon withdrew his motion to approve the settlement.

Supervisor Morrison moved that all proposed settlements and all

contested applications be continued to April 24. Motion seconded by Supervisor Francois.

President's Memorandum re Procedure.

The Clerk read a memorandum dated April 24, 1967, from President Tamaras to the County Board of Equalization as follows:

"Due to the number of equalization applications before the Board today, it is necessary that the Board, petitioners or their representatives, and all other participants in the hearings adhere strictly to procedural rules which will facilitate a speedy and orderly disposition of the applications.

"Accordingly, as the presiding officer, I wish to announce some ground rules which I believe will expedite the business of the Board. I am extremely hopeful that the members of the Board will find it possible to abide by them so that we may dispose of all pending cases today.

"The rules of the County Board of Equalization effective during the current fiscal year will be applicable, but the City Attorney has advised us categorically that equalization hearings on escape assessments imposed pursuant to the court mandate in the Knoff case are not ordinary equalization proceedings, and therefore all applicants and their representatives are hereby advised of the scope to which this hearing will be confined.

"The City Attorney has informed us in his letter opinion No. 67-18-A dated April 10, 1967, among other things, that:

- (1) At this juncture, the Knoff mandate and order are binding and must be obeyed by the County Board of Equalization.
- (2) Neither ratio nor cost is an open question, and it is emphasized for the information of each applicant that no evidence will be received on either question.
- (3) Cost under the Knoff judgment and mandate has been duly determined by independent Certified Public Accountants. The County Board of Equalization may not determine otherwise.
- (4) The County Board of Equalization cannot inquire into or take testimony concerning the evidence and propriety of various ratios, including average ratios.
- (5) Any taxpayer who contends the Assessor has made a clerical error, or who contends that the taxpayer has supplied the Assessor with erroneous information, resulting in an excessive assessment justifying a refund, may claim a refund pursuant to Revenue and Taxation Code Section 5096 and following sections.
- (6) As to each contested application, there will be no equalization hearing in the ordinary sense. The taxpayer's equalization application shall be deemed his offer of proof, and no other offer of proof will be entertained. The Board will proceed to make a blanket denial of all contested applications, following their identification by the Clerk according to application number and name of applicant. Accordingly, after the reading of this memorandum at the Board meeting, I will entertain a motion that all pending contested applications for equalization of assessments arising out of the Knoff case be denied.
- (7) Following adoption of the motion last referred to, the Board will proceed to call in numerical sequence those applications as to which settlements have been negotiated pursuant to a formula worked out by the Assessor and the City Attorney. Each settlement is effected subject to Board approval by motion. The Board's approval is to be viewed as a stipulated equalization order or an approval of a compromise of litigation, or both.
- (8) Following adoption of the immediately preceding motions approving settlements, I understand there are a very few applications pending before the Board involving applicants not subject to the mandate in the Knoff case. With

respect to those applications, they will be called individually, and the Board will dispose of them in accordance with its procedure applicable to ordinary equalization hearings."

In response to questions by Supervisors Blake and Morrison, Deputy City Attorney Stark explained that contested cases are those where no offer of settlement has been made. Actions of the Board sitting as a County Board of Equalization are controlled by the writ of mandate issued by the Superior Court in the case of Knoff v. the City and County. Accordingly, the statement under No. 6, above, is in accordance with the order issued in the Knoff case. The settlements mentioned under No. 7, above, have been approved by the Superior Court this morning in connection with an order presented to it and the Board was instructed to accept the proposed settlements in the members' discretion.

Consideration Continued.

"IN THE SUPERIOR COURT OF THE STATE OF CALIFORNIA,
IN AND FOR THE CITY AND COUNTY OF SAN FRANCISCO.

IDA KNOFF, et al.,

Petitioners,

vs.

No. 564,237

CITY AND COUNTY OF SAN FRANCISCO,

et al.,

Respondents.

**ORDER APPROVING KNOFF ESCAPE AND/OR
PENALTY TAX BILL COMPROMISES**

In the above cause the compromises of escape and/or penalty tax bills, based on escape and/or penal assessments made pursuant to the investigation and procedures ordered by the Knoff judgment and mandate, shown on the following list, are hereby approved, and the City and County, and its officers, boards, city attorney and deputy city attorney are hereby authorized in their own discretion to effect said compromises, and to execute releases to the taxpayers on receipt of the compromise amounts, and to make refunds as hereinafter set forth to the taxpayer in those cases where the escape and/or penal tax was paid under protest and application for equalization was timely filed (that is, within the month following the month in which the billing was made). It is expressly understood that each taxpayer compromising its escape and/or penal tax bills, in consideration of and as part of the compromise, foregoes and abandons and releases any and all right to litigate or otherwise contest with the City and County, its officers and boards, the validity of the escape and/or penal tax or taxes which is (or are) the subject of the compromise, and the validity of the escape and/or penal assessments on which said tax or taxes is (are) based.

In the following list, the designation CC ("Contested Case"), where same appears in the column headed "Compromise Amount," means that the taxpayer named has not made an offer to compromise the escape and/or penal tax bills and which are based on the escape and/or penal assessments made pursuant to the investigation and procedures ordered by the Knoff judgment and mandate.

Compromise amounts followed by (R) mean that the taxpayer has paid his tax under protest and that a refund will be due it, the amount of which is the difference between amount of taxes billed and the compromise amount.

Attorneys for Knoff Petitioners

(Note: Double parentheses denotes deletion.)

Gerald Romeck, Attorney, representing **Gallenkamp Stores Company, Application 308**, requested that this application be considered as a proposed settlement rather than a contested case. Deputy City Attorney Baglin agreed that it should be so considered.

There being no objection, the Chair granted applicant's request.

In response to questions by Supervisor Blake, Deputy City Attorney Baglin stated that the Order does not require the Board to approve the proposed settlements. The Judge has approved them and authorizes the Board to do so. The Board may either approve the settlements

as shown in the Order or reject them.

Supervisors Francois and Ertola stated their belief that the Board should not approve the settlements in the absence of a recommendation by the Assessor or an order by the Court.

Refused Adoption.

Motion to Approve Proposed Settlements.

Supervisor Boas, seconded by Supervisor McCarthy, moved that the proposed compromise settlements as approved by Justice Bray and listed in the Order above be approved by the County Board of Equalization.

Supervisor Blake stated he would vote "no" on the proposed motion because he did not feel such settlements are in the best interest of all taxpayers of the City and County. If the Board accepts these compromises, an additional tax burden will be transferred to other taxpayers. Each taxpayer should pay his full share.

Supervisor Boas said he believed approval of the settlements is in the best interests of the taxpayers, since the Board would be acting on the advice of Justice Bray, the attorneys for Ida Knoff, and the City Attorney.

In response to questions by Supervisor McCarthy, Deputy City Attorney Baglin advised that these additional assessments arose out of litigation, the judgment on which is presently under appeal. The taxpayers feel there is doubt about the legality of the judgment. In such cases, attorneys generally work toward a settlement.

In response to questions by Supervisor McCarthy, Assessor Tinney stated that Mr. Baglin reviewed with a member of the Assessor's staff each assessment on which a settlement is proposed. Mr. Tinney said he had no objection to the proposals that have thus far been made by Mr. Baglin.

At the request of a representative of **Wesic Electric Heater Company, Application 300**, Supervisor Beeman, seconded by Supervisor Francois, moved that Application 300 be removed from the list of proposed settlements and be considered a contested case.

No objection and motion carried.

Supervisor Beeman stated he would vote against the motion to approve the compromise settlements because he did not feel such action is justified without the recommendation of the Assessor or the Court.

Supervisor von Beroldingen said that she would vote against the motion because the Board is forbidden by the writ of mandate from inquiring into assessment ratio or costs.

Motion that compromise settlements as listed in the Court Order be approved refused adoption by the following vote:

Ayes: Supervisors Boas, McCarthy, Morrison, O'Shea—4.

Noes: Supervisors Beeman, Blake, Casey, Ertola, Francois, von Beroldingen—6.

Absent: Supervisor Tamaras—1.

Adopted.**Motion to Deny Contested Applications.**

Supervisor Beeman, seconded by Supervisor Casey, moved that all pending applications listed in Justice Bray's Order, above, as "Contested Cases" (CC) be denied.

At the direction of the Chair, Deputy City Attorney Baglin read to the Board the numbers of applications listed as "Contested Cases" in the foregoing Order.

James K. Haynes, Attorney, representing **Lilli Ann Corporation, Application 361**, and **Wilson-Rich Paper Company, Application 364**, stated that there is a possibility that the escape assessments levied may have been made after the first Monday in March. If this is the case, it is applicants' contention the assessments are void. If this is not the case, then the applicants are entitled to be billed at the tax rate for 1967.

James K. Haynes, Attorney, representing the Taxpayers' Ratio Committee, presented a communication dated April 22, 1967, to the Clerk of the County Board of Equalization, setting forth the Committee's position with respect to the current proceedings. Mr. Haynes requested that the letter be read to the Board or that he be permitted to state the objections at this time. The Chair denied Mr. Haynes' request and directed that the communication be made part of the record. (See "Main File 300-66E".)

Request for City Attorney's Opinion.

Supervisor Francois requested that the Clerk ask the City Attorney for an opinion as to whether the Board may instruct the City Attorney to abandon the City's appeal from the decision in Superior Court Action 564, 237, Knoff v. City and County.

No objection and Clerk directed to comply.

Adopted.**Motion that taxpayers have complied with Rule 10.**

On request of Richard Greene, representing **Carlisle Properties, Inc., Application 192**, and **Carlisle & Co., Application 130**, Supervisor Beeman, seconded by Supervisor Ertola, moved that all taxpayers not taking exception at this time be deemed to have complied with Rule 10 of the County Board of Equalization by being personally present or represented by counsel at this hearing.

No objection and motion carried.

Orville Wright, Attorney representing **Hotel Canterbury, Application 187**, requested permission to correct an error in the application. Owner's opinion of full cash value should be \$149,500. He also requested permission to correct **Application 186 of Del Webb's San Francisco Towne House, Inc.**, to show owner's opinion of full cash value to be \$348,000.

There being no objection, the Chair granted Mr. Wright permission to change the applications on the face in the Clerk's office.

Fielding Lane, Attorney representing **Soule Steel Company, Application 290**, requested that Application 290 be considered as a proposed settlement case. Deputy City Attorney Baglin stated he believed such a correction of the record would be proper.

There being no objection, the request was granted by the Chair.

Russell Shearer, Attorney, representing **Rockwell Manufacturing Company, Application 325; Philco Distributing Company, Application 326; Philco-Ford Corporation, Application 327; Graybar Electric Company, Inc., Application 328; Mine Safety Appliances Company, Application 329; and Bostitch-San Francisco, Inc., Application 336;** requested permission to amend those applications to state that the imposition of escape assessments for the year 1964 is barred by the statute of limitations.

On advice of Deputy City Attorney Baglin, the Chair denied the request.

Richard Harrington, Attorney, representing **Bally, Inc., Application 366**, advised that he had filed, in addition to an application for equalization of assessment, an application for refund. He asked that the Board distinguish the application for refund.

The Chair informed Mr. Harrington that an application for refund of taxes is not before the County Board of Equalization.

Thereupon the roll was called on the motion that all pending applications listed in Justice Bray's Order as "Contested Cases" (CC) be denied.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, von Beroldingen—10.

Absent: Supervisor Tamaras—1.

Adopted.

Motion to Deny Pending Proposed Compromise Settlements.

Supervisor Ertola, seconded by Supervisor von Beroldingen, moved that the proposed compromise settlements as approved by Justice Bray and listed in the Order above be denied.

James Haynes, speaking for his clients and other applicants included in this group, stated that upon denial he would be prepared to treat the applications as contested applications in all respects and to present witnesses and offers of proof. He made the same requests made in his letter submitted earlier for the record.

Deputy City Attorney Baglin advised that the Board should not take evidence on these applications. Deputy City Attorney Stark stated that he believed it would be correct, upon denial, to consider these applications as contested proceedings.

There being no objection, the Chair overruled all objections and denied all requests of Mr. Haynes.

Tevis Jacobs, representing **Weinstein Company, Inc., Application 144**, requested permission to amend the application. Deputy City

Attorneys Baglin and Stark advised that it would be proper to permit the applicant to change amounts shown on the face of the application.

No objection and request granted to change the application on the face in the Clerk's office.

Thereupon the roll was called on the pending motion that all pending applications listed in Justice Bray's Order as compromise settlements be denied.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Casey, Ertola, Francois, Morrison, von Beroldingen—7.

Noes: Supervisors Boas, McCarthy, O'Shea—3.

Absent: Supervisor Tamaras—1.

The Clerk advised that the result of the Board's action today leaves before the Board of Equalization only those applications which have been the subject of commenced hearings and have been postponed; those matters which have not been the subject of commenced hearings and have been postponed; and those matters which have been or will be filed with the Clerk during April but have not yet been calendared.

Adopted.

Motion that extension of time be requested of the State Board of Equalization.

Supervisor Ertola, seconded by Supervisor Beeman, moved that the State Board of Equalization be requested to grant a thirty-day extension of time to consider applications for equalization of assessment filed with the County Board during the month of March, 1967.

No objection and motion adopted.

The Board thereupon considered the following applications not covered by the writ of mandate issued in the Knoff case:

Reduction Granted.

No.	Name of Applicant	Location of Property
114.	Louma Hand Prints, Inc.	938 Harrison Street

Frank Chung, Attorney, representing Louma Hand Prints, Inc., was examined under oath concerning the value of the property. Reno Conti of the Assessor's Office stated that the applicant's figures are correct.

Supervisor Beeman, seconded by Supervisor Ertola, moved that the assessed valuations be reduced to the following: For 1964, \$6,809; for 1965, \$5,789; for 1966, \$8,228.

No objection and motion adopted.

Reduction Granted.

No.	Name of Applicant	Location of Property
136.	Henry B. Nathan	1255 Post Street

Henry Nathan was examined under oath concerning the value of the property. He presented a copy of his communication of January 24, 1967, to Assessor Tinney and figures in support of his claim that his property was originally assessed at the proper amount and no additional taxes are due. He stated that some of the property assessed does not belong to him.

Mr. Obiyashi of the Assessor's Office stated that the Assessor takes the position that the property was in Mr. Nathan's possession and assessed him accordingly.

Supervisor Boas, seconded by Supervisor Beeman, moved that consideration be continued to May 1, 1967, for further investigation by the Assessor.

Mr. Nathan asked that the Board reach a decision at this time.

Supervisor Francois, seconded by Supervisor Beeman, moved as an amendment to the pending motion that the assessed value of the property Mr. Nathan contends does not belong to him be reduced by fifty per cent.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, von Beroldingen—10.

Absent: Supervisor Tamaras—1.

After further discussion of the intent of the motion as adopted and a statement by Assessor Tinney that the only question in dispute is the ownership of certain of the property in Mr. Nathan's possession, Supervisor Beeman, seconded by Supervisor von Beroldingen, moved rescission of the foregoing motion.

Motion to rescind adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, Ertola, Francois, McCarthy, Morrison, von Beroldingen—8.

Absent: Supervisors Blake, O'Shea, Tamaras—3.

Supervisor Beeman, seconded by Supervisor von Beroldingen, thereupon moved that Mr. Nathan's application be granted and the escape assessments for the years 1964, 1965, and 1966, with penalties, be reduced to nil.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, Ertola, Francois, McCarthy, Morrison, von Beroldingen—8.

Absent: Supervisors Blake, O'Shea, Tamaras—3.

Supervisor Beeman, seconded by Supervisor Francois, moved that Application 185 be denied.

No objection and motion adopted.

Frank Chung, Attorney representing Page & Lyon Grocery, Application 218, was examined under oath concerning the value of the property. He stated that the applicant was willing to effect a compromise settlement. This store has had a series of robberies, as a result of which the owners have been closing at an early hour. Sales have dropped off greatly and the stock on the shelves is not being disposed of.

William V. Paizis of the Assessor's Office advised that the office had made a routine audit and had no recommendation to make.

Supervisor Beeman, seconded by Supervisor Boas, moved that Application 218 of Page & Lyon Grocery be denied.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, von Beroldingen—10.

Motion—Approving and adopting Rules of Notice and Procedure of the Tax Appeals Board.

It is hereby moved that the Rules of Notice and Procedure of the Tax Appeals Board of the City and County of San Francisco be and they are hereby approved and adopted.

File No. 520-66-1.

Supervisor Morrison explained that the Finance Committee had hoped that some of the rules could be made more permissive; however, this is not possible under applicable State law.

Supervisor Ertola asked that the record reflect that his vote in favor of adopting these rules of notice and procedure is based on the fact that the rules are necessary for the functioning of the Tax Appeals Board, but that, in his opinion, amendment in accordance with the wishes of the Finance Committee to permit more flexibility would have made for better and more equitable hearings.

In response to a question by Supervisor Blake, Deputy City Attorney Stark explained that the State Constitution provides that Boards of Supervisors adopt rules of notice and procedure. The Government Code provides that the State Board of Equalization shall prescribe the rules. Perhaps there will be some clarification of this language at a future date, but the City Attorney's present understanding is that the State Board writes the rules and county Boards of Supervisors adopt and put the rules into effect.

Supervisor Blake urged a "no" vote. He said that Rule 3 (a), which requires that if an application is made by an agent other than an attorney licensed to practice in the State, written authorization to so act must be filed with the application, is a nuisance to the taxpayer and constitutes harassment. Most of the people protesting will be those who can least afford to employ an attorney. Supervisor Blake suggested that a letter be written to the State Board of Equalization advising that it is the desire and duty of the Board of Supervisors to help protesting citizens and make the procedures as easy as possible.

Supervisor Francois advised that the Finance Committee did direct that a letter be sent the State Board of Equalization suggesting certain amendments to the California Administrative Code in order to make more flexible the administration of the Tax Appeals Board.

Consideration Continued.

The following recommendation of Joint Finance and Planning and Development Committee was taken up:

Approving and adopting a six-year Capital Improvement Program and a financing plan for the effectuation thereof, subject to further amendments.

File No. 121-67, Resolution No.

In response to a question by Supervisor Ertola, Deputy City Attorney Stark advised that the Administrative Code section stating that the Board shall on or before July 15 adopt or amend a six-year capital improvement program is directory only and not mandatory.

Refused Adoption.

Motion to Refer to Committee.

Supervisor Ertola, seconded by Supervisor Beeman, moved rereferral to Committee. Supervisor Ertola made the following statement:

"I strongly urge the report from the Capital Improvement Advisory Committee be sent back to committee for detailed study. We have been handed a six-year, \$800 million program for capital improvements. For the sake of every San Francisco taxpayer, we cannot afford to act hastily.

"We've been told the Board of Supervisors must approve this program by July 15. But we ourselves set up that date and we can rescind it. The July 15 date was based on the premise we would receive the report by May 15 and have 60 days to review it—but it came much later.

"Considering the magnitude of the projects involved we have the right—in fact, the obligation, to take whatever time is needed for a full-scale review.

"We cannot shrug off a report which proposes that \$425 million in bond issues be put before the voters in the next six years. The amount does not include a prospective Municipal Railway bond issue which has been estimated at \$50 to \$75 million.

"And such a program cannot help but add to the tax burden. The tax impact must be carefully weighed and analyzed.

"We need not fear extended study would delay bond issues we found to be essential. There would still be plenty of time to place them on the ballot.

"And they tell us that if we approve the program today we can amend it later. Let's not expect the amendment procedure to correct mistakes that came from insufficient study the first time around.

"I am not opposing the program outlined: I maintain none of us has enough information to be for or against it at this time.

"We owe it to the people of San Francisco to get this information before we act."

Supervisor Morrison urged defeat of the motion to refer to Committee. He stated that the Committee had been told that the Board's budget action this year was comprehended in the Capital Improvement Program. This program would provide for orderly scheduling of capital improvement projects and will be an aid to sound budgeting. This year's tax rate is not in any way affected by adoption of this program; therefore the present tax crisis is not relevant.

Supervisor Beeman stated that his reason for supporting the motion is not that he is opposed to a Capital Improvement Program but is simply that he did not have adequate time to study the program and, in effect, give endorsement to the steps and procedures outlined therein.

Supervisor Beeman, seconded by Supervisor Ertola, moved as an amendment to the pending motion, that the matter be referred to Committee with instructions to report back to the Board in four weeks.

Supervisor Blake stated he would support the motion. He said he had been prepared to vote against the measure since he feels the people of San Francisco cannot afford this program. The Board must adopt a new approach to the problem.

Supervisor Tamaras stated that he would support the Committee recommendation for adoption. He said that, while he appreciates the interest of his colleagues in the tax situation, he is aware that adoption of the program will have no effect on the tax rate, but is merely an orderly method of proceeding with needed improvements.

Motion as amended refused adoption by the following vote:

Ayes: Supervisors Beeman, Blake, Ertola, McCarthy—4.

Supporting SB 775, increasing tolls on the San Francisco-Oakland Bay Bridge to finance rapid transit facilities.

File No. 12-67-20, Resolution No.

Supervisor Morrison, seconded by Supervisor Francois, presented a proposed resolution favoring SB 775 on the condition that the language of the bill is absolutely neutral as to how the revenue from increased tolls will be spent by the Bay Area Rapid Transit District.

The Clerk asked if the Board wished to oppose SB 775 if the bill is amended to provide that the revenue could not be used to construct a Davis Street rapid transit station in San Francisco.

William Reedy of the Bay Area Rapid Transit District stated that he was in accord with the resolution as presented by Supervisor Morrison. If the Board should oppose SB 775 if the bill is amended to restrict construction of a rapid transit station at Davis Street, nothing will have been accomplished. He stated that the Bay Area Rapid Transit District must have additional funds in order to complete the basic transit system.

Supervisor Morrison, seconded by Supervisor Francois, moved that the resolution favor SB 775 on the condition that language of the bill is absolutely neutral as to how the revenue from increased tolls will be spent by the Bay Area Rapid Transit District and that no mention is made in the bill, directly or indirectly, of the Davis Street station.

Supervisor McCarthy stated that it seems clear that the anticipated \$65 million to be raised by increased tolls probably will not be sufficient to complete the basic system, much less construct an additional station at Davis Street. He expressed the hope that the Board would formally request from BARTD a statement as to how the money will be apportioned throughout the system.

In response to questions, Deputy City Attorney Bernard Ward, assigned to work with the State Legislative Representative, stated that it was his understanding that the City would support SB 775 on the basis that tolls will be increased to finance rapid transit facilities and that expenditure of the funds would be left to the discretion of BARTD. There is an indication that if it is possible to include a transit station at Davis Street, the District Directors would be willing to include such a station in the system. The State Legislative Representative's office would oppose vigorously if SB 775 were amended to prohibit construction of the Davis Street station.

The Board thereupon resumed consideration of the following item from the Emergency Calendar:

Reference to Committee.

Appropriating \$45,000, Mayor's Office, for Economic Opportunity Program; an emergency measure.

File No. 79-67-1, Ordinance No.

Supervisor Francois, seconded by Supervisor Morrison, moved "do pass."

Supervisor Ertola moved that the question be divided and the Board vote on whether or not an emergency does, in fact exist.

Supervisor Francois suggested the motion be enlarged to include reference to Committee.

In response to a question by Supervisor Blake, Deputy City Attorney James Stark read to the Board the paragraph of the ordinance declaring an emergency to exist.

In response to a question by Supervisor Blake, Controller Nathan Cooper advised that on the basis of the Mayor's declaration, he certified funds to be available from the Emergency Reserve Fund. On the basis of the determination by the Board will depend whether or not the Controller will pay out any of those funds.

Supervisor McCarthy stated that in his opinion San Francisco should be making very serious efforts to minimize employment problems and that such action should go well beyond the question of employment of persons for three months. Supervisor McCarthy stated that he did not believe this appropriation will achieve that objective; therefore he would not support it.

Supervisor Beeman urged an "aye" vote. He stated that the commitment of the Economic Opportunity Council to make employment available to these young people was not fulfilled. They have a right to be concerned and the fact that they looked to the City rather than to Washington to solve this problem is an indication that the City has a responsibility which it shares with all levels of government.

Supervisor Morrison recommended an "aye" vote. He recalled that the Board has on several occasions, without any public hearing, asked for great amounts of Federal money to employ young people during the summer. In view of that fact he did not feel it would be improper to enact this legislation immediately. The Mayor has made a judgment that an emergency exists and the Board should support him. This is not to deprecate the Board's responsibility for long-term planning.

Supervisor Francois urged an "aye" vote. He stated that he was sure that members of the Board were concerned that enactment of the subject legislation might be construed as confirmation in the minds of those who created the disturbances that this is the only way to get things done. However, the existing serious problem of unemployment contributes to a build-up of hostility. If the Board is going to support

the Mayor in his determination that the City should respond, it should act now. There is not sufficient time to go through lengthy committee hearings on the question.

Refused Adoption.

Motion to Refer to Committee.

Supervisor von Beroldingen, seconded by Supervisor Ertola, moved that the legislation be referred to Committee.

Supervisor von Beroldingen called the Board's attention to the fact that she had served on the Economic Opportunity Council. During that time funds frequently were used for employment of personnel and payment of salaries rather than for programs for which the funds were intended. Supervisor von Beroldingen stated that until she is convinced that the funds will be used for the purpose intended, she cannot support the legislation.

Supervisor Blake called attention to the fact that the need for increased employment in San Francisco is not new. He suggested that communications be directed to the Navy Department, Maritime Commission, our Congressional representatives and lobbyist in Washington, urging that the Federal Government stimulate employment in San Francisco by providing work in the fields of ship construction, ship repair, aircraft construction, or any other fields suitable for this area.

Motion to refer to Committee refused adoption by the following vote:

Ayes: Supervisors Casey, Ertola, O'Shea, Tamaras, von Beroldingen—5.

Noes: Supervisors Beeman, Blake, Boas, Francois, McCarthy, Morrison—6.

Supervisor Tamaras stated that he would vote against final passage. He said that he approves of the program for employment of youths during the summer. However, he does not approve of the way this ordinance was obtained; approval at this time would set a precedent which would be detrimental.

Refused passage by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, Francois, Morrison—5.

Noes: Supervisors Blake, Ertola, McCarthy, O'Shea, Tamaras, von Beroldingen—6.

Supervisor Morrison, seconded by Supervisor Ertola, moved that a communication be directed to the Mayor informing him that the Board would welcome the immediate return of the legislation so that it may be reconsidered.

Rescission of Action.

Supervisor Morrison, seconded by Supervisor Francois, moved, as an amendment to the pending motion, rescission of Board's action in refusing final passage.

Motion to rescind adopted by the following vote:

Ayes: Supervisors Beeman, Casey, Ertola, Francois, Morrison, O'Shea, von Beroldingen—7.

Noes: Supervisors Blake, Boas, McCarthy, Tamaras—4.

Supervisor Morrison, seconded by Supervisor Ertola, moved reference to Finance Committee.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Casey, Ertola, Morrison, O'Shea, von Beroldingen—6.

Abolishment of Titles of Tax Collector and Registrar of Voters.

Supervisor Ertola called his colleagues' attention to the fact that by passing for second reading File No. 80-67-26, referred to the Board by Finance Committee and appearing on the Calendar under "New Business," the Board had voted to abolish the titles of Tax Collector and Registrar of Voters. He suggested that next week when the matter is before the Board again for final passage, members might reconsider their action. Supervisor Ertola stated that this was one reason he had voted against the ordinance, in addition to his opposition to spending additional funds.

Supervisor Ertola stated that he believed the titles of Tax Collector and Registrar of Voters should be retained technically as well as in practice. Amending the License Code by adding Section 201 thereto, licensing of painting and decorating contractors, and establishing an annual license tax of \$30.

File No. 196-67-1, Ordinance No.

In response to an invitation by Supervisor Morrison, Chief Administrative Officer Mellon explained that he is concerned primarily because the City will be assuming a responsibility and obligation that is the primary responsibility of the State. While this applies only to one category of contractors; nevertheless, Mr. Mellon said he was certain that if it passes, it will become a precedent and it will only be a matter of time before other industries ask for the same service. Other areas of concern are the fact that the proposal represents an added expense to the City, since the proposed fee will undoubtedly be insufficient to cover costs. Also, there is a tendency at this time for the State to pass on as many of its responsibilities as it can to local jurisdictions; this is presently happening in the field of public health and other areas.

There being no objection, on motion of Supervisor Morrison, seconded by Supervisor Casey, consideration was temporarily postponed for attendance by Chief Deputy City Attorney Thomas Blanchard.

Rescission of Action.**Reference to Committee.**

There being no objection, on motion, the following from Finance Committee, heretofore considered and refused final passage, were taken up:

Appropriating \$117,999, various departments, for the creation of nine positions and the abolishment of nine positions.

File No. 80-67-26, Ordinance No.

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

Supervisor Ertola moved that the question be divided and the appropriation for the Department of City Planning be referred to Committee.

Supervisor Morrison, seconded by Supervisor Beeman, moved as an amendment to the pending motion that the entire appropriation of \$117,999 be referred to Committee.

Supervisor Ertola spoke in favor of dividing the question and referring only that portion pertaining to the Department of City Planning.

Motion to refer to Committee adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, McCarthy, Morrison, Tamaras—6.

Noes: Supervisors Blake, Ertola, Francois, O'Shea, von Beroldingen—5.

Supervisor O'Shea, seconded by Supervisor Ertola, moved rescission of Board's previous action refusing final passage.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, McCarthy, Morrison, Tamaras—6.

Noes: Supervisors Blake, Ertola, Francois, O'Shea, von Beroldingen—5.

Reference to Committee.

The Board thereupon resumed consideration of the following from Finance Committee, heretofore considered and temporarily postponed:

Amending the License Code by adding Section 201 thereto, licensing of painting and decorating contractors, and establishing an annual license tax of \$30.

File No. 196-67-1, Ordinance No.

In response to a question by Supervisor Morrison, Chief Deputy City Attorney Thomas Blanchard advised that a limitation could be placed upon the amount to be expended for enforcement by amending the legislation as follows: In Section (g), Line 7, after "enforcement of this section" ADD"; provided, however, that the total costs of enforcement under this section shall not exceed the revenues derived from the license tax herein imposed."

Chief Administrative Officer Mellon said that the State is enforcing the law now in some measure, although they, of course, welcome local assistance. He reiterated his previous statement that the primary responsibility lies with the State. When it comes to administering legislation wherein expenditures will be limited to the amount of money collected, a rather difficult administrative problem arises. Mr. Mellon said he would expect that no firm estimates could be made as to method expenditure until funds have actually been received.

Supervisor Francois, seconded by Supervisor Morrison, moved referral to Committee for further consideration.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, von Beroldingen—9.

Noes: Supervisors Boas, Tamaras—2.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

Finally passed by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

Adopted.

The following recommendation of Joint Finance and Planning and Development Committee, heretofore considered, was taken up:

Approving and adopting a six-year Capital Improvement Program and a financing plan for the effectuation thereof, subject to further amendments.

File No. 121-67, Resolution No. 480-67.

Supervisor Ertola stated that in approving this Capital Improvement Program the Board will be taking an important and far-reaching action. One thing to which he objects in the program is approval of a revolving fund for use in refining details of the program. To the extent that time, work, and money are put into refining the proposals, the City will be bound to the program. Supervisor Ertola also called attention to various items in the program about which he had serious question.

Supervisor Ertola moved rereferral to Committee. Motion lost for want of a second.

Adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

(Supervisor Ertola dissenting in Committee.)

Rescinding appropriation of \$38,121, City Planning and Human Rights Commission, Demonstration Cities Accounts, and appropriating \$38,121, City Planning and Human Rights Commission, for Continuing Hunters Point-Bayview Program Account.

File No. 80-67-29, Ordinance No.

Supervisor Morrison, seconded by Supervisor Francois, moved amendment as follows: Reduce amount rescinded of Human Rights Commission, Demonstration Cities Account, from \$21,121 to \$15,573; reduce amount appropriated to Human Rights Commission, Continuing Hunters Point-Bayview Program Account, from \$21,121 to \$15,573; reduce total appropriation, from \$38,121 to \$32,573.

Supervisor von Beroldingen stated that she could not support this

proposal in view of her personal knowledge of the feelings of a preponderancy of the residents. She said that she could support the proposal if it were re-referred to Committee and there were public hearings so that those who have previously expressed their opinions could do so again.

In response to a question by Supervisor McCarthy, John Anderson, Urban Renewal Analyst for the Mayor, advised that the subject proposal would permit the Department of City Planning and the Human Rights Commission to put two persons in the field to work on problems needing immediate solution which come to their attention through contact with people in the area.

Director of City Planning Allan B. Jacobs stated that the proposed appropriation would be used to place an additional qualified person on the South Bayshore planning team. That person would have the task of identifying those social and physical problems that are capable of immediate or short-run solutions. He would work primarily on community liaison.

Supervisors Francois and Beeman stated that the subject proposal has nothing to do with the previously rejected Demonstration Cities Project.

Supervisor Ertola urged a "no" vote. The Board is being asked to appropriate funds for public relations work. This service is not vital to the running of the City and County. The proposed program would be a duplication of work being done by the State Division of Highways and the Redevelopment Agency.

Motion to amend adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

Supervisor Ertola, seconded by Supervisor von Beroldingen, moved re-referral to Committee. The Chair directed that referral be to joint Planning and Development and Finance Committee.

Special Election for Selection of a State Senator.

Supervisor Francois advised his colleagues that he had requested an opinion from the City Attorney as to whether it is possible for the Governor or other duly constituted authority to call off the proposed general election scheduled for August and in lieu thereof reschedule it for November 7, 1967, when the General Municipal election will be held. The City Attorney has advised that there is no legal way in which such a change of date can be accomplished; therefore, San Francisco will be forced to meet the cost of holding a special election in August.

Supervisor Francois said that in his opinion it is obvious that election of a State Senator to represent San Francisco will have very little effect on the current session of the Legislature and that the Board should have, prior to the holding of the special primary election, asked the Governor to reconsider his decision setting dates for the primary and special elections, particularly in view of the City's current tax problems.

Report on Disposal of Garbage.

Supervisor Francois requested that by next Monday the Chief Administrative Officer or the Director of Public Works advise the Board as to the present situation with respect to disposal of San Francisco's garbage at Brisbane: status of pending litigation, possible alternative methods of disposal, and anticipated immediate future developments.

Committee Hearings on Recommendations Resulting from Arthur D. Little, Inc., Tax Study.

Supervisor Morrison announced that on Tuesday, July 25, at 7:30 p.m., the Finance Committee will have its first hearing on the principal business tax recommendations of the Arthur D. Little, Inc., tax study. He stated that from conversations he has had with the Controller, it now appears unlikely that any measures the Board might enact will affect this year's tax rate. Supervisor Morrison stated that he felt, however, that it was important that the Board not delay enactment of measures to readjust the present tax burden.

In response to questions by Supervisor McCarthy, Controller Nathan Cooper advised that the revenue these tax measures are anticipated to produce is such that he could not consider them as good and sound receivables in submitting the tax rate to the Board for enactment not later than September 15. Also, it is very likely that no matter which revenue measure the Board adopts, it would be subject to litigation. On that basis, alone, the Controller would not be able to include an estimate of revenue therefrom in any proposal he might submit to the Board for the levying of taxes.

In response to a question by Supervisor McCarthy, Deputy City Attorney Bernard Ward advised that litigation might take anywhere from three to eighteen months, with all parties cooperating.

Supervisor McCarthy asked Mr. Ward and the State Legislative Representative to report to the Board next Monday as to whether or not there is a possibility of reviving proposed legislation in the State Legislature to permit charter cities to enact a payroll tax. After further discussion, Supervisor McCarthy asked Mr. Ward—if the Board has already taken a position favoring State legislation which would permit imposition of a payroll tax—to re-emphasize the City's position and try to revive the bill either in the Senate or Assembly. Mr. Ward

stated that he would relay Supervisor McCarthy's request to the State Legislative Representative.

In response to a question by Supervisor McCarthy, Controller Cooper stated that if litigation were brought against a tax measure enacted by the Board, any revenue deriving from such measure would be deposited, pending litigation, into the unappropriated or surplus fund to reduce taxes for subsequent years; unless the Board appropriated that money during the current fiscal year.

In response to a question by Supervisor Blake, Controller Cooper advised that the courts have held that once a budget is adopted, it is beyond the power of the Board to change the budget. Moneys have been appropriated and must be raised from some source.

SPECIAL ORDER—2:00 P.M.

Presentation by the Transit Task Force and the City's Urban Design Consultants of a progress report on plans for the restoration of the surface of Market Street and adjoining plaza areas.

File No. 137-67.

Edward I. Murphy, Project Manager, Transit Task Force, advised that the plans as presented today will be submitted to various City officials and civic groups for their review and comment. In September or October, the recommended plan will be presented to the Board for approval. Mr. Murphy then introduced John Carl Warnecke, who reviewed the work that has been done and the procedures yet to come before presentation of the final recommendation. Mario Ciampi and Michael Painter then showed diagrams and discussed the plans in some detail.

At the conclusion of the report, Supervisor McCarthy requested that when the final report is submitted later this year it include a detailed report on the design of station extensions, plaza development, and a recommendation on use of the Lincoln Building site.

Final Passage as Amended.

There being no objection, on motion of Supervisor Tamaras, the following from Finance Committee appearing on the Calendar under "New Business" was taken up out of order:

Appropriating \$45,000, Mayor, economic opportunity program, for a summer youth employment program; an emergency measure.

File No. 79-67-1, Ordinance No. 204-67.

Supervisor Morrison, seconded by Supervisor Francois, moved "do pass."

Supervisor Morrison stated that in Committee hearing, members received an even keener appreciation of the extreme need for this appropriation. He expressed the hope that, by its vote, the Board will state the determination of this enlightened community to move ahead quickly to solve one of the City's most pressing problems.

Adopted.

Motion to Amend.

Supervisor von Beroldingen moved amendment as follows: Add a new section reading: "Section 2. This appropriation is conditioned on the San Francisco Economic Council's submitting an application to the Office of Economic Opportunity for funds with which to reimburse this expenditure from the Emergency Reserve fund. Change existing Section 2 to Section 3." Motion seconded by Supervisor Ertola.

Supervisor von Beroldingen stated that she made this motion in full recognition of the severe problem which faces many members of the Board who have given their personal pledge that no additional

funds will be expended until some tax relief is afforded the people of San Francisco. Supervisor von Beroldingen recalled her service with the Economic Opportunity Council and the fact that the summer job program had been curtailed because promised Federal funds had not been forthcoming. By treating this appropriation as an advance on funds to be reimbursed by the Federal Government, the Board will have fulfilled its promise to both the taxpayers and the young people who want to work.

Supervisor Francois urged an "aye" vote. He said that even if the City is not reimbursed by the Federal Government, the money would be well spent. Local taxpayers have the responsibility of coming to grips with this problem. If the implication to be gathered from the proposed amendment is that the entire responsibility rests with the Federal Government, the Board would be misleading its citizens. Supervisor Francois said that although he did not mean to suggest that San Francisco receives a fair return on the Federal taxes paid by its citizens, in the meantime, local government must recognize its responsibilities and act freely and without coercion.

Supervisor McCarthy said that, although he believes summer employment for high school youths is important, the general problem of unemployment is a far greater problem. Because there are indications that this larger problem is being recognized, he would vote in favor of the subject proposal with the hope that such recognition will spur a far more thorough attack on the problem of unemployment generally.

Supervisor Beeman said that the Board is being asked by this proposal to do justice to a group of young people to whom a promise was made. This is the time to respond affirmatively and support the measure.

Supervisor Tamaras said that while he would vote in favor of the proposal, he did not approve of the method used in presenting the request for these funds. He will vote in favor in order that promises of summer employment will be fulfilled.

Motion to amend adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Blake, Casey—2.

Finally passed as amended by the following vote:

Ayes: Supervisors Beeman, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Blake, Casey—2.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

The following from Finance Committee was taken up:

Adopting a proposed five year urban beautification program for San Francisco and authorizing the Department of City Planning to file an application for and accept Federal funds in support of the program during the fiscal year 1967-68.

File No. 298-67, Resolution No. 486-67.

Supervisor Francois stated that some of the members of the Committee and the audience were not entirely pleased with the order of priorities contained in the plan. The Department of City Planning has agreed to review these priorities and recommend amendment at a later date. The Committee had approved the plan in order that the application for Federal funds might be submitted promptly; however, Supervisor Francois wished to make it clear that he feels strongly that the neighborhoods are in much greater need of attention.

Supervisors von Beroldingen and Tamaras inquired what the estimated cost to the City would be for maintenance of street trees planted under the program. Supervisor Francois explained that the programs are already budgeted and no additional City expenditure will be required.

Supervisor McCarthy, seconded by Supervisor von Beroldingen, moved that consideration be continued to August 7, 1967, for an explanation by representatives of the Recreation and Park Department. After an explanation by a representative of the Department of City Planning as to the purpose of adopting a five-year plan at this time, Supervisor McCarthy withdrew his motion to continue consideration and requested instead that the proposal be adopted but the Finance Committee ask the Recreation and Park Department to explain to the Committee at its meeting of August 2, 1967, what additional maintenance costs might be involved in the proposed street tree planting program.

No objection and request granted.

Supervisor Tamaras stated that he agreed the program should be adopted at this time in order not to jeopardize the City's request for Federal funds; however, such proposals come to the Board so late that the Board is constantly in the position of having to meet a deadline if such funds are not to be lost. He said that departments should give the Board members sufficient time to inform themselves about the various programs before acting.

Supervisor Francois, seconded by Supervisor Tamaras, moved that a memorandum be circulated to all City departments indicating the Board's displeasure with such late submissions.

No objection and motion adopted.

Upon being informed by the Director of Planning that restoration of the windmills in Golden Gate Park could properly be included in the beautification program, Supervisor Ertola asked Director Jacobs to prepare for Board consideration a proposed amendment to the program to include restoration of the windmills. Director of Planning Jacobs indicated he would do so.

Ayes: Supervisors Beeman, Boas, Ertola, Francois, McCarthy, Morrison, Tamaras, von Beroldingen—8.

Absent: Supervisors Blake, Casey, O'Shea—3.

The following recommendation of Joint Finance and Governmental Services Committee was taken up:

File No. 323-67, Resolution No. 517-67.

Supervisor Ertola, seconded by Supervisor von Beroldingen, moved to amend the legislation in order to permit a refund to the person or organization renting the reels if the reel is returned within ten days rather than five days.

In response to a question of Supervisor Morrison, County Clerk-Recorder Martin Mongan advised that ten days would permit a reasonable time for use and return and that additional tapes can be provided if demand requires.

Plans for Construction of a Second Deck on Golden Gate Bridge.

Supervisor Francois called attention to reports that the Directors of the Golden Gate Bridge had decided to proceed with plans for construction of a second deck on the Golden Gate Bridge.

Supervisor Francois requested that the question of a second deck be placed on Committee calendar for a report from the Bridge Directors as to just what the proposal is. He stated that he hoped the Committee will recommend legislation serving notice that if a second deck is constructed, San Francisco will not build a freeway to accommodate the additional traffic.

No objection; request referred to Streets and Transportation Committee.

Supervisor McCarthy called attention to the fact that the Bay Area Transportation Study Commission will consider adoption on Thursday, August 3, a policy statement which states, in part, that "The proposal for a second bridge deck, the improvement of approaches, and provision for a modern bus rapid transit system, impresses the Commission as a practical approach upon which an immediate start can and should be made. Action along these lines will be fully compatible with the Commission's long-range transportation planning program."

Supervisor McCarthy said that the question of a second deck must be related to decisions being made in Marin and San Francisco Counties. He said he had asked the Chairman of Streets and Transportation Committee to set a date sometime during September for a special meeting to consider the entire question. Supervisor McCarthy said he would desire a full hearing, particularly on the important question of what use will be made of additional revenues received from tolls.

Supervisor McCarthy requested that a letter be sent the General Manager, Public Utilities, asking for some guidance as to what San Francisco's policy should be. If a rapid transit bus system is to be established between San Francisco and Marin, who will administer the system.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.

Supervisor Boas called attention to press reports that Congress had refused to enact legislation which would make some \$40 million of Federal funds available to cities for extermination of rats. Super-

visor Boas said that if San Francisco has a problem and if City departments had anticipated receiving a Federal grant for extermination of rats, legislation should be introduced to take care of the problem. He asked that the following letters be written with the request that replies be referred to Health Committee for public hearing: (1) To the Departments of Public Health and Public Works and to the chairmen of the poverty program area offices, asking for a report as to whether or not a problem exists; and (2) to the various neighborhood associations, asking if they are aware of any problem.

No objection and Clerk directed to comply.

Request Granted.

Supervisor Boas stated that during Finance Committee consideration of the proposed Airport bond issue, he had understood the General Manager of Utilities to say that the only two concessions at the Airport from which the City derives revenue are the automobile parking lot and the drive-yourself companies.

Supervisor Boas asked that a letter be sent to the General Manager asking if his understanding is correct and asking for suggestions as to other concessions at the Airport from which the City might receive revenue.

No objection and Clerk directed to comply.

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, vonBeroldingen—10.

Absent: Supervisor Casey—1.

Supervisor McCarthy called the Board's attention to the fact that it is anticipated that nineteen million dollars will go out of San Francisco as the result of tax measures recently enacted by the State Legislature, and that under other laws which have been in existence for some time, San Francisco receives very little State aid for education. Supervisor McCarthy said that the State Legislature has not taken into consideration the multiplicity of educational problems in urban areas, where large sums must be spent to provide special educational programs for disadvantaged children.

Supervisor McCarthy requested that letters be sent the School Department and the Controller, asking that they submit as much information as possible to enable the Board of Supervisors to make a good case for change in the State law next year so that school districts such as San Francisco will receive a greater portion of State aid to counties for education.

No objection and Clerk directed to comply.

The following from Streets and Transportation Committee without recommendation, heretofore considered, was taken up:

Granting revocable permission to California State Automobile Association Inter-Insurance Bureau to construct and maintain a pedestrian bridge over Hayes Street.

File No. 480-66, Resolution No. 552-67.

Supervisor Ertola, seconded by Supervisor Blake, moved adoption.

Supervisor Boas, seconded by Supervisor O'Shea, moved that the legislation be amended to provide that should the Association vacate the premises in question, they shall be required to remove the bridge entirely at their expense.

Supervisor Beeman, seconded by Supervisor Francois, moved re-referral to Committee with the direction that Committee explore the question of what revenue might be realized by vacation of air space rather than by granting a permit to use without charge.

Supervisor Francois, seconded by Supervisor Beeman, moved, as an amendment to the pending motion, re-referral to Committee with the direction that Committee explore the question of what revenue might be realized either by vacation of air space or by charging a fee for the granting of a revocable permit.

In response to an inquiry by Supervisor O'Shea, Deputy City Attorney James Stark advised that if applicant were charged a fee for the granting of the requested permit, it was his opinion that it would be necessary to require compensation from all persons to whom such permits have been granted without charge.

Motion to re refer to Committee refused adoption by the following vote:

Ayes: Supervisors Beeman, Francois, Morrison—3.

Noes: Supervisors Blake, Boas, Ertola, McCarthy, O'Shea, Tamaras—6.

Absent: Supervisors Casey, von Beroldingen—2.

In response to questions by Supervisor Boas, Deputy City Attorney Stark advised that the subject permit is revocable at any time upon demand by the Board of Supervisors. Upon revocation, the bridge would become a code violation and would have to be removed. Director of Public Works Tatarian stated that a provision within the permit requires removal upon demand by the Board of Supervisors. Mr. Stark said that the permit does not run with the land. Any successor in interest would have to apply for a permit to maintain the occupancy.

Supervisor Boas thereupon withdrew his motion to amend.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Ertola, McCarthy, O'Shea, Tamaras—6.

Noes: Supervisors Beeman, Francois, Morrison—3.

Absent: Supervisors Casey, von Beroldingen—2.

Supervisor McCarthy called the Board's attention to the fact that during a recent Finance Committee meeting a member of the audience had exhibited a firearm in a menacing manner.

Supervisor McCarthy stated that in response to an inquiry of his, the City Attorney had advised that AB 1591, effective July 28, 1967, prohibits the carrying of loaded firearms on one's person or in a vehicle in any public place or on any public street, and that legislative action by the Board of Supervisors on the subject appears to be unnecessary. He asked that it be clearly understood by any member of the Police Department assigned to cover the Board Chambers that any time a person in the audience has a firearm on his person, that person is to be removed immediately from the Chambers and from the City Hall.

Supervisor Francois said that he was not convinced that State law is adequate. He asked that the Chief of Police be requested to work with the City Attorney in preparing legislation for Board consideration

The following recommendations of Joint Finance and Social Services Committee were taken up:

(Supervisors Ertola and O'Shea dissenting in Committee.)

Adopting a New Careers Program for San Francisco and authorizing Civil Service Commission to file application for a Federal grant of \$486,130 in support of the program for the period ending June 30, 1968.

File No. 234-67-1, Resolution No.

Supervisor Morrison, with assistance of Mr. Harry Albert of the Civil Service Commission, explained that this was a pilot project to train 180 hard-core unemployables to new job opportunities in Civil Service.

Both Supervisor Ertola and Supervisor O'Shea stated that they had dissented in committee because they were unsure of the success of the program and also because they hesitated to commit the taxpayers to any further commitments at this critical time.

Supervisor Blake added that rather than having the City take on this project, the Federal government should create job opportunities for an even greater number of unemployed persons.

Supervisor Beeman, joined in by Supervisor Francois, urged that this pioneer program would not only take people off of welfare and unemployment rolls but that the City would be gaining by the services performed during their training period.

Supervisor Tamaras felt that since this was both a financial and social consideration, the Board should look for something that is going to hire more people and not further burden the people of San Francisco with this program.

Refused adoption by the following vote:

Ayes: Supervisors Beeman, Casey, Francois, McCarthy, Morrison—5.

Noes: Supervisors Blake, Ertola, O'Shea, Tamaras, von Beroldingen—5.

Withdrawn.

Motion to sit as Committee of the Whole.

Supervisor Morrison, seconded by Supervisor McCarthy, moved that the Board sit as a Committee of the Whole to consider subject legislation. Supervisors Blake and Ertola spoke in opposition, whereupon Supervisor Morrison withdrew his motion.

Supervisor Morrison explained that the Finance Committee has for some months contemplated transfer of any available funds to the General Fund in order to reduce the tax rate for the current fiscal year. He said that the Committee has not recommended taking all of the existing surplus funds of the Airport and Water Department.

James K. Carr, General Manager of Public Utilities, spoke in opposition to the proposed transfer of funds from the Airport and Water Department and presented the following communications for the record (See File 201-67-5): Copy of communication from the City Attorney to the General Manager of Public Utilities dated September 5, 1967, advising that if there is no appropriation for a surplus fund within the meaning of Section 127, it is his opinion that there may be no transfer of what would then amount to unappropriated revenues; copy of memorandum from William J. Dwyer to James K. Carr, dated September 1, 1967, reporting on purposes for which unappropriated revenues of the Airport and Water Department have been accumulated.

In response to questions by Board members, William F. Bourne, Public Utilities Counsel, stated that the City Attorney would require more time to reach an opinion as to how and when funds may be appropriated to a surplus utilities fund and asked that a written request for an opinion be directed to the City Attorney.

Adopted.

Motion to Continue Consideration and Request City Attorney's Opinion.

Supervisor von Beroldingen, seconded by Supervisor Ertola, moved that consideration be continued to September 11, 1967, and—as a composite of the questions asked during the foregoing discussion—the City Attorney's opinion be requested concerning the following: (a) Is

there in existence at the present time a surplus fund of the Airport or the Water Department? (b) If such a surplus fund does exist, may the Board next Monday, by amendment of the Annual Appropriation Ordinance, transfer the excess therein to the General Fund? (c) If such a surplus fund does not exist, may the Board next Monday create it by ordinance either of the Board's own volition or upon recommendation of the Public Utilities Commission and approval by the Mayor, as specified for a supplemental appropriation ordinance? (d) May the Board create such a surplus fund at the time of adoption of the budget and enactment of the Annual Appropriation Ordinance or at another time during the fiscal year without the prerequisites of Commission recommendation and Mayor's approval? (e) May unappropriated balances in a utility's accounts be designated a surplus fund by action of the Board of Supervisors at any time, independent of Commission recommendation and Mayoral approval? (f) In the absence of Commission recommendation and Mayoral approval, what, if any, action may be taken by the Board so that the requisite excess of a utility's unappropriated balances may be placed in a surplus fund and thereafter transferred to the General Fund? (g) Does either the Commission (with the Mayor) or the Board possess the exclusive power of determining that unappropriated balances in a utility's accounts constitute a surplus which is available for appropriation to a surplus fund?

In response to a question by Supervisor Morrison, Controller Nathan Cooper stated that, in light of the discussion today, he believed he had erred in his letter to the Finance Committee wherein he referred to "utility surplus as at June 3, 1967" and that it should have read "unappropriated balance."

After further discussion by Board members, former Mayor Elmer G. Robinson stated that he was appearing before the Board first as a former Mayor of San Francisco, secondly as a representative of the Executive Committee of the Civil League of Improvement Clubs, and thirdly as a taxpayer and citizen of San Francisco. He spoke in opposition to the proposed transfer of any funds from Public Utilities to the General Fund.

Motion to continue consideration and request City Attorney's opinion *adopted* by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Taken Up Out of Order

Passage for Second Reading As Amended. (See infra.)

There being no objection, on motion of Supervisor Blake, the following from Finance Committee with recommendation "Do pass after amendment." was taken up out of order:

Amending Sections 502 and 515 of Part III of the Municipal Code, to provide for increase in rate of tax on transient occupancy of hotel rooms from 3% to 5% of rent, and for allocation of ((20% of total)) revenues therefrom for purpose of a sports arena-convention center; effective October 1, 1967.

File No. 101-67-3, Ordinance No.

(Proposed amendment is as follows:

"Amend Section 515, subdivision 4, to provide that the amount appropriated for publicity and advertising purposes shall not exceed 60% of the total amount of the moneys collected and deposited in the Hotel Room Tax Fund.")

Supervisor Francois, seconded by Supervisor Beeman, moved suspension of the rules in order that Mr. Mark Sullivan, representing the San Francisco Hotel Association, be permitted to speak.

No objection and motion carried.

Mr. Mark Sullivan, attorney for the Hotel Employers Association of San Francisco and representing the hotel industry, stated that it was his understanding that the original proposal was to increase the hotel room tax from 3% to 4%, with the 1% increase being allocated for construction of a sports arena. He said the hotel industry is opposed to increasing the tax to 5% with the additional 1% tax allocated to the General Fund to be used for purposes for which it was not originally intended.

Supervisor Ertola, seconded by Supervisor Francois, moved that Mr. George Johns, Secretary of the Labor Council, be permitted to address the Board.

No objection and motion carried.

Mr. George Johns, Secretary of the San Francisco Labor Council, spoke in opposition to any increase in the amount of the hotel room tax.

Adopted as Amended.

Motion to Amend.

Supervisor McCarthy suggested that the Board consider using the entire 2% increase for the General Fund for the period October 1, 1967, through June 30, 1968, and that thereafter, the entire 2% increase be allocated for construction of the sports arena-convention center.

Supervisor McCarthy, seconded by Supervisor Boas, thereupon moved amendment of Section 515, subparagraph (3) as follows: At the beginning of the first sentence, ADD "Effective July 1, 1968,;" at the beginning of the second sentence, ADD "On and after said date"; DELETE "twenty percent (20%)" and ADD "forty percent (40%)".

Supervisor Ertola stated that he believed a time limit should be placed upon allocation of funds for construction of the sports center.

Supervisor McCarthy stated he did believe there should be a time limit for accumulation of funds for construction of the sports center, but he felt there were two separate questions involved; enactment of the subject legislation today and then an immediate follow-up with corollary action to determine a program for construction of the sports center. When the Board has determined that program, it can proceed to establish a time limit for allocation of funds thereto.

Supervisor Morrison called attention to the fact that the Redevelopment Agency has said that 1% of the anticipated revenue will enable the Agency to finance the sports center; therefore, there seems to be little point to allocating 2% for that purpose. Supervisor Morrison suggested that the subject legislation be continued one week.

In response to a question by Supervisor O'Shea, Deputy City Attorney said he believed the legislation could be amended to incorporate a

time limit beyond which funds could not be accumulated for construction of the sports center.

Supervisor Blake, seconded by Supervisor Ertola, moved amendment as follows: That funds be put aside for five years from date of enactment, after which funds shall revert to the General Fund if construction of the sports center has not been begun.

The foregoing amendment, with the concurrence of Supervisor Blake, was accepted by Supervisor McCarthy as part of his pending motion to amend.

Supervisor Francois urged passage of the proposal as recommended by the Finance Committee. He said he felt it unfair to divert funds intended to assist the taxpayers to construction of a sports center.

Supervisor Ertola, seconded by Supervisor Blake, moved that legislation be amended to provide only for allocation of revenue from the 2% additional tax to the General Fund through June 30, 1968. At the end of the fiscal year, if actual plans for the sports center are presented, the Board could allocate funds for that purpose.

Chief Administrative Officer Thomas J. Mellon advised against any departure from the original intent of the hotel tax, which was to promote and stimulate the tourist and convention business. He said that he believed at least 3% of the revenues derived from a hotel tax should be reserved to the intent of the original enacting legislation.

After further discussion, Supervisor Ertola withdrew his motion to amend.

Supervisor McCarthy, seconded by Supervisor Ertola, thereupon amended his original motion, as amended by Supervisor Blake, to amend Section 515, subparagraph (3) by adding thereto the following language at the end of the last sentence: "through the fiscal year ended June 30, 1971, unless such date is further extended by the Board of Supervisors."

At this point, the complete amendment proposed by Supervisor McCarthy of Section 515, subparagraph (3) read as follows: "(3) Effective July 1, 1968, appropriating funds for the acquisition, construction or completion of a Sports Arena-Convention Center in the Yerba Buena Redevelopment Area. On and after said date forty percent (40%) of the total amount of the moneys collected and deposited in the Hotel Room Tax Fund pursuant to this Article shall be specifically allocated and set aside for this purpose through the fiscal year ended June 30, 1967, unless such date is further extended by the Board of Supervisors. Provided, however, that funds shall be so allocated for a period of five years from date of enactment of this ordinance; if construction of the Sports Arena-Convention Center has not begun within said five-year period, such funds shall then revert to the General Fund."

Supervisor Ertola asked that the record reflect that Deputy City Attorney Stark stated, in response to a question by Supervisor Ertola, that the proposal before the Board would not bind the Board to any particular plan for a sports arena-convention center.

Supervisor Beeman moved further amendment to provide that at the end of the second year one percent of the Hotel Room Tax Fund shall

be allocated to the General Fund and one percent to the Sports Arena-Convention Center. Motion lost for want of a second.

Supervisor von Beroldingen proposed an amendment of Section 515, Subparagraph (3) as follows: After "unless such date is further extended by the Board of Supervisors." ADD a new sentence: "Provided, however, that such funds must be encumbered on or before July 1, 1971, or such funds shall revert to the General Fund."

Supervisor McCarthy accepted the foregoing proviso as part of his original motion. Possible Use of Cash Reserve or Emergency Reserve Funds for Reduction of the Tax Rate.

In response to questions by Supervisors Tamaras and Blake as to the possibility of using the cash reserve fund or the emergency reserve fund in order to reduce the tax rate, Controller Nathan Cooper advised that Charter Section 80 contains a mandate to the Controller to transfer unused and unencumbered balances existing at the close of any fiscal year to a "cash reserve fund" until the "cash reserve fund" equals ten percent of the current or last preceding tax levy. He said it would be his judgment that the Board has no jurisdiction over the amount credited to the "cash reserve fund" in the present circumstance. With respect to the emergency fund, if the Board desires to curtail the operations of the City and County to the extent that no funds would be available from which emergency appropriations can be made, the Board could enact an amendment to the Annual Appropriation Ordinance. He continued by saying that if this were done, any emergencies encountered by a department could only be taken care of by use of unappropriated funds of that department.

Amending Annual Appropriation Ordinance to give effect to revenue changes pursuant to Section 78 of the Charter; adjusting the revenue and expenditures of the San Francisco Unified School District to conform to its final budget; adjusting appropriation for the Bay Area Air Pollution Control District; adjusting appropriation for neighborhood arts program; adjusting appropriations for the Health Service System to conform to Charter Section 172.1.11; creating a reserve for tax delinquency; appropriating funds and creating positions for the Municipal Court, Superior Court and Juvenile Court; appropriating funds for the Department of Social Services for county share of the cost of Medical; appropriating funds for the Department of Education—County Office, to meet the requirements of the 1967 California Statutes; all as a prerequisite to the levying of a tax pursuant to Section 78 of the Charter; an emergency ordinance.

File No. 201-67-5, Ordinance No. 246-67.

(Proposed amendments are as follows:

"Pursuant to Charter Section 129, transfer surpluses in the amounts of \$1,500,000 existing in Water Operating Fund, and \$800,000 existing in San Francisco Operating Fund to the credit of the General Fund; Increase amount transferred from Hotel Room Tax Fund to General Fund by \$450,000; amend Revenue Appropriations, as follows: Taxes—General Fund (\$1.65 Limit) from (\$13,102,314) to \$15,852,314), Revenues other than Taxation: Hotel Room Tax, from \$98,955 to \$998,955; Reserve for Sports Arena-Convention Center from nil to -\$450,000 less: transfer to General Fund from -\$98,955 to -\$548,955; San Francisco Airport Operating Fund—Less: Transfer to General Fund, from nil to -\$800,000; Less: Unappropriated Revenues from -\$1,742,396 to -\$942,396; Water Operating Fund, Less: Transfer to General Fund, from nil to -\$1,500,000; Less: Unappropriated Revenues from -\$1,386,081 to \$113,919; Receipts by Transfer: General Fund (\$1.65 Limit) from \$1,098,955 to \$3,848,955; amend title to reflect amendments.")

Supervisor Morrison recalled that last Monday the Board had continued consideration of subject legislation to permit the City Attorney to review applicable law and advise the Board relative to creation of and possible transfer to the General Fund of surplus utility funds.

Deputy City Attorney James Stark read to the Board from City Attorney's Letter Opinion No. 67-63-A dated September 11, 1967, a copy of which is contained in File No. 201-67-5. The City Attorney's response to the Board's question (d) "May the Board create such a sur-

plus, either in its adoption of the budget and enactment of the Annual Appropriation Ordinance, or at another time during the fiscal year, in either case without the prerequisites of Commission recommendation and Mayor's approval mandatory?" The City Attorney's reply read in part, "In my opinion, if the Board in its consideration of the proposed budget pursuant to Section 72, and proposed appropriation ordinance finds that the budget estimate, proposed budget and proposed appropriation ordinance do not set forth an appropriation from the receipts of any utility operated by the Public Utilities Commission for a surplus fund pursuant to Section 127 of the Charter, the Board may direct the Controller to ascertain if, in fact, such a surplus does exist and the amount thereof, and amend the budget as adopted and the annual appropriation ordinance as enacted to reflect the same without the prerequisites of Commission recommendation and the Mayor's approval. With respect to the second part of your question, it is my opinion that the same rule applies at the present time when the Board has before it for consideration the ordinance which amends the annual appropriation ordinance."

Controller Nathan Cooper reported that his office has examined cash of the Water Department on deposit with the Treasurer as of June 30, 1967, and the items to which that cash must apply. There is available \$305,000 for appropriation to a surplus fund; however, this amount is less than twenty-five percent of Water Department expenditures for operation, repairs and maintenance for the preceding year and is, therefore, not available for transfer to the General Fund. With respect to the Airport, the Controller has found that all of the cash is allocable to obligations of the Airport and could not be appropriated to a surplus fund.

Adopted.

Motions to Amend.

Supervisor Morrison, seconded by Supervisor Blake, moved that Finance Committee's recommended amendment be amended to read: "Increase amount transferred from Hotel Room Tax Fund to General Fund by \$900,000; amend Revenue Appropriations as follows: Taxes—General Fund (\$1.65 limit) from \$13,102,314 to \$14,002,314, Revenues other than Taxation: Hotel Room Tax from \$98,955 to \$998,955; Reserve for Sports Arena-Convention Center from nil to -\$900,000; Less: Transfer to General Fund, from -\$98,955 to -\$998,955; Receipts by Transfer: General Fund (\$1.65 Limit) from \$1,098,955 to \$1,998,955; add a new Section reading 'Section 4. (Supervisors Morrison and Beeman dissenting in Committee.)

Approving in principle the offer of San Francisco Stadium, Inc., for the improvement and expansion of Candlestick Park Stadium, and rescinding Resolution No. 391-67.

File No. 219-67-1, Resolution No.

Supervisors Blake and Francois presented the Committee recommendation favoring deletion from the conditions for approval of the offer of San Francisco Stadium, Inc., the requirement that final drawings, cost estimates, and legal documents be submitted for consideration and approval by the Recreation and Park Commission and the Board of Supervisors, and addition of a proviso that approval thereof shall not be withheld provided they are substantially in accord with legal documents, plans and cost estimates of the schematic and pre-

liminary drawings previously approved.

COMMUNICATION.

Initiative Petition for Submission to Electors of a Proposed Amendment of Charter Section 78 relating to the tax levy.

The Clerk presented a communication from Citizens Committee for Property Tax Limitation, Inc., submitting a petition for submission to the electors of a proposed amendment to Charter Section 78, relating to the tax levy, to provide new limitation on property taxes and to eliminate certain present exemptions.

The Clerk advised that the Board is under a Constitutional directive to order the proposal submitted to the voters.

Ordered Submitted.

The following presented by the Clerk was taken up:

Charter Amendment—Section 78, tax levy.

File No. 367-67.

Supervisor von Beroldingen, seconded by Supervisor Beeman, moved that the proposed Charter amendment be ordered submitted to the electors.

In response to a question by Supervisor Blake, Deputy City Attorney Stark referred the Board to City Attorney's Letter Opinion No. 67-64-A, a copy of which had been given to each Member and a copy of which is contained in the file. He advised that the Board has no discretion in this matter. If the Registrar of Voters certifies there are sufficient signatures, the Board must submit the proposal to the electorate.

Controller Nathan Cooper stated that his analysis of the proposal indicates the effect—without going into details—would be to raise the \$1.65 limit to a \$3.65 limit, which would give effect to exemptions in our present Charter which would not be exempted under the proposed amendment. This would increase the \$1.65 limit by approximately \$2.00 so that we would in fact have a computative limit which this proposal would raise to \$3.65. The proposal would authorize the Board to appropriate monies for general purposes in excess of what they are now limited to.

Supervisor Francois, seconded by Supervisor Beeman, moved amendment as follows: Paragraph 4, Line 1, after "at such times and places" ADD "as may be recommended by the Human Rights Commission of the City and County of San Francisco and".

Supervisor O'Shea questioned whether the proposed amendment could be interpreted to require that persons shall be employed specifically because they are bi-lingual. He said he did not believe the Board should impose any requirement upon department heads to hire bi-lingual persons.

Supervisor von Beroldingen questioned the possible effect of the amendment upon the civil service system if an additional qualification might be required of persons already on eligible lists.

Supervisor von Beroldingen proposed a further amendment as follows: Paragraph 4, Line 3, after "provisions of the Charter" DELETE "," and ADD "and the rules of the Civil Service Commission,".

The immediately foregoing amendment, with the concurrence of Supervisor von Beroldingen, was accepted by Supervisor Francois as part of his pending motion to amend.

Supervisor Ertola directed that the record reflect the fact that his vote in favor of subject legislation is not to be regarded as a commitment to the appropriation of any funds for new jobs.

Supervisor Blake said he would oppose the proposed amendment because he did not believe this is a field in which the Human Rights Commission should be involved. Persons should be hired solely on the basis of qualifications without regard to color or nationality and the Human Rights Commission's activities should be directed toward this end.

Amending the Police Code by adding Sections 920 and 921 thereto, prohibiting registration under a fictitious name in lodging accommodations, and providing penalty for violation.

File No. 356-67, Ordinance No.

The Clerk presented a communication from the President of the San Francisco Hotel Association, urging support of subject legislation.

Supervisor Ertola asked if it would be possible to amend the legislation to apply only to persons who have previously been convicted of any crime. Deputy City Attorney Blanchard said that such an amendment would leave to the Police Department the necessity for establishing whether or not an individual has previously been convicted of a crime before making an arrest. This might create some practical problems.

Supervisor Beeman asked what would be the consequences of the Board's adopting such an ordinance applying only to prostitutes and letting the courts resolve the question of whether or not the State has pre-empted the field. Mr. Blanchard suggested that the Board might wish to hear from the District Attorney as to his views on enforcement.

Supervisor Beeman, seconded by Supervisor Boas, moved that consideration be temporarily postponed for attendance of the District Attorney.

Supervisor Morrison stated that he had received a communication from Citizens for a Vote on Vietnam, pointing out that that organization has gathered the signatures of 22,000 voters to a petition to present to the voters of San Francisco the question of withdrawal of United States troops from Vietnam, and asking the Board of Supervisors to sit as a Committee of the Whole today to hear that organization state its case. Supervisor Morrison said that the City Attorney has taken the position that the Board has no power to order the measure submitted to the voters and that even if the Board has such power, it is now too late to order submission at the election to be held November 7, 1967.

A representative of the District Attorney being present, Supervisor Francois asked if the District Attorney shares the City Attorney's apprehension to the extent that he would not prosecute under legislation applicable to prostitutes only and whether the District Attorney feels that this field is pre-empted by State law.

Mr. Frederick J. Whisman, representing the District Attorney, responded by saying that the position of the District Attorney is to endorse and support any legislation which will assist the Police Department. There are certain practical and legal difficulties involved, principally because of lack of local autonomy in the field of prostitution; however the District Attorney would not propose to substitute his judgment for that of the courts.

Supervisor Beeman, seconded by Supervisor Francois, moved amendment as follows: Sec. 920, Line 1, after "No person" ADD "who during a period of time ten years prior thereto shall have been convicted of a violation of Sections 647(a) and 647(b) of the Penal Code."

Determination of future uses for the Palace of Fine Arts.

File No. 389-67.

Supervisor Tamaras requested that the Clerk be directed to write the Mayor asking him to solicit public opinion as to the best use or uses to which the Palace of Fine Arts can be put. He said that, now that the edifice has been reconstructed with the expenditure of large sums of private and public funds, the Mayor might well publicize the fact that his staff would be receptive to comments concerning appropriate uses of the property from the general citizenry, since it is a public asset and any reasonable suggestions from the public should logically be considered. Supervisor Tamaras suggested that the Mayor might categorize the valid suggestions received and transmit them to the Recreation and Park Commission, which has the sole authority for making a decision concerning the ultimate use of the Palace.

Supervisor Blake stated that while he was in the East he noticed centers dedicated to the various arts. He suggested that it might be productive to pursue some investigation into the various types of such arrangements made in other cities so that eventually the highest and best use of the Palace will be made. Supervisor Tamaras agreed that this suggestion be incorporated in his request.

No objection and Clerk directed to comply.

Request Granted.

Absent: Supervisor Casey—1.

Request Granted.

Operation of Ferries on San Francisco Bay.

Supervisor Blake stated that he intends to introduce legislation which would initiate formation of an inter-county district for acquisition and maintenance of ferries to operate on San Francisco Bay. He added that he is considering the possibility that a non-profit corporation might be franchised by the district to operate the ferry system, but he recognizes that such enfranchisement may be complicated by the possibility that

State law has taken from the counties the authority to grant such franchises.

Supervisor Blake requested that the City Attorney be asked to draft and submit to him such legislation as may be in order for the purpose of initiating formation of an intercounty district, to be comprised of San Francisco and any other county in the San Francisco Bay Area which wishes to participate, and for the purpose of defining general powers relating to acquisition and operation of a ferry system on San Francisco Bay.

No objection and Clerk directed to comply.

Committee Meeting.

Supervisor Ertola announced that the Streets and Transportation Committee would not hold its regular September meeting, since all matters referred to Committee are either completed or being held for departmental reports and recommendations.

Taken Up Out of Order.

Adopted.

There being no objection, the following recommendations of Joint Finance and Social Services Committee, appearing on the Calendar under Unfinished Business, were taken up out of order:

(Supervisors Blake and O'Shea dissenting in Committee.)

Adopting a New Careers Program for San Francisco and authorizing Civil Service Commission to file application for a Federal grant of \$486,130 in support of the program for the period ending June 30, 1968.

File No. 234-67-1, Resolution No. 651-67.

Motion to reconsider, pending from meeting of September 11, 1967, was *adopted* by the following vote:

Ayes: Supervisors Beeman, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Noes: Supervisor Blake—1.

Supervisor Morrison stated that the only new information to come to the Committee was that received from the General Manager, Personnel, a copy of which is in the file.

Supervisor Ertola requested that the Journal of Proceedings reflect the fact that, in response to a question by Supervisor Ertola, Deputy City Attorney H. Leroy Cannon advised the Board that the legislation presently under consideration could not legally be amended to include a requirement for creation of the tri-partite committee as suggested by the Labor Council, since the Economic Opportunity Act, under which the program is being instituted, has no such provision.

In response to questions by Supervisor von Beroldingen, Deputy City Attorney Cannon stated that the federal funds must come to the City through the Economic Opportunity Council because that Agency has been designated in the Economic Opportunity Act to perform this function, that the contract with the federal government specifies how much money is to be spent for each specific purpose; no money is specified for the Economic Opportunity Council.

Ronald Dellums, Manpower Director of the Economic Opportunity Council, stated that the funds specified for administration are in a completely separate allocation and total about \$182,000. Controller Nathan Cooper said that funds for this program will be earmarked for the program and disbursed only for this purpose.

Adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Boas, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—11.

(Supervisors Blake and O'Shea dissenting in Committee.)

File No. 275-67-5, Resolution No. 652-67.

Motion to reconsider, pending from meeting of September 11, 1967, was *adopted* by the following vote:

Taken Up Out of Order.

Adopted.

There being no objection, on motion of Supervisor von Beroldingen, the following recommendation of Joint Finance and Cultural Activities Committee, heretofore considered, was taken up out of order:

(Supervisors Beeman and Morrison dissenting in Committee.)

Approving in principle the offer of San Francisco Stadium, Inc., for the improvement and expansion of Candlestick Park Stadium, and rescinding Resolution No. 391-67.

File No. 219-67-1, Resolution No. 649-67.

In response to a question by Supervisor McCarthy, Controller Cooper advised that the proposal of San Francisco Stadium, Inc. is the only way that expansion of the stadium can be financed through revenue bonds. The only other way this program could be financed would be by general obligation bonds which might be for expansion only or for re-funding the existing debt as well. This proposal is the best financial arrangement the non-profit corporation could work out.

Supervisor Beeman requested that the Controller advise him what the prepayment penalty would be on existing bonds.

Adopted by the following vote:

Ayes: Supervisors Blake, Boas, Casey, Ertola, Francois, O'Shea, Tamaras—7.

Noes: Supervisors Beeman, McCarthy, Morrison, von Beroldingen—4.

The Board thereupon resumed consideration of Calendar items in the order set forth therein.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.

Engineering Fees paid by Bay Area Rapid Transit District.

Supervisor Beeman requested that a communication be directed to the Bay Area Rapid Transit District asking for a contract-by-contract breakdown of engineering fees paid or obligated to be paid to date on a cost-plus basis.

Supervisor Beeman said it is a matter of legitimate concern that BARTD has apparently pursued a policy of letting engineering contracts on a cost-plus basis, which practice has resulted in fantastically large engineering fees. Upon receipt of the requested report, the Board will be in a position to ascertain where any fault might lie and what action might be taken to prevent such procedure in the future.

No objection and Clerk directed to comply.

Adopted.**Commending Captain John A. Engler.**

File No. 6-67.

Supervisor Blake, seconded by Supervisor Ertola, moved that a resolution be adopted commending Captain John Engler, respected officer of the Police Department, on the occasion of his retirement as of November 1, 1967, upon completion of almost four decades of service to the City and County.

The President pointed out that the Board had agreed that commendations by the Board would be adopted by motion and conveyed by means of a printed certificate of honor. If the Board wished to change this form, the President said that would be perfectly satisfactory, but until such a change is made, the Board is obligated to use the certificate of honor.

Hearing Requested.

Requesting Redevelopment Agency to cease activity in Western Addition Redevelopment Project Area A-2 until such time as the Board of Supervisors has approved a relocation plan for persons to be displaced.

File No. 11-67-3, Resolution No.

Supervisor Morrison said he believed it universally conceded that the relocation report from the Redevelopment Agency is insufficient on its face. Supervisor Morrison called attention to the subject legislation which he had introduced October 3, 1967, and which had been referred to Planning and Development Committee. He called for a hearing thereon within the next couple of weeks.

Supervisor von Beroldingen, Chairman of Planning and Development Committee, stated that the Committee is presently having a series of hearings on the proposed comprehensive C-3 District rezoning and that the next regular Committee meeting is committed to that subject. Supervisor von Beroldingen said she would be pleased to confer with Committee members as to the possibility of calling a special meeting to consider subject legislation.

Supervisor Morrison moved that the Committee of the Whole request Planning and Development Committee to hold hearings within the next two weeks on subject legislation.

The Chair stated that he would make the request of Planning and Development Committee.

Supervisor McCarthy stated that the subject of relocation of persons displaced by the redevelopment program had been referred to Planning and Development Committee originally; but because of the importance of the subject, he had moved that the Board sit as a Committee of the Whole to hold public hearings relative to establishment of policy.

Supervisor McCarthy renewed his previous request that the Department of Housing and Urban Development be asked to submit any report or recommendation prior to the end of October.

Supervisor McCarthy said he believed it would be senseless to ask the Planning and Development Committee to hold hearings on the subject legislation because it is part of the very subject presently before the Board, and should be brought before the Board sitting as a Committee of the Whole when further information is received from the Mayor.

Supervisor Morrison indicated that would be acceptable; his only concern is that an early hearing be held.

Adopted.

Motion fixing date for public hearing by the Board of Supervisors sitting as a Committee of the Whole relative to establishment of City and County policy for relocation of persons displaced by the local redevelopment program.

File No. 250-67.

Supervisor Morrison, seconded by Supervisor Beeman, moved that Monday, October 23, 1967, as a special order of business at 7:30 p.m., be fixed as date for continuance of public hearing by the Board sitting as a Committee of the Whole relative to establishment of City and County policy for relocation of persons displaced by the local redevelopment program.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, Casey—2.

Supervisor Francois presented:

File No. 80-67-36, Ordinance No.

Referred to Finance Committee.

Report Submitted.**Investigation of legality of using gas tax funds for street cleaning.**

Supervisor Morrison stated that one of the things that inevitably strikes one in the eye in traveling about San Francisco is the littered and dirty condition of many streets. He said that this is a major complaint of residents and is a valid complaint; the Board and all City agencies should try to do something about this condition. This year the budget for street cleaning was somewhat over \$3,500,000, which amount was raised from ad valorem taxes.

Supervisor Morrison said that he has been informed that other cities use gas tax funds for street cleaning; therefore, he has asked the City Attorney to look into the possibility of San Francisco's doing the same. If gas tax funds can be used for this purpose, it may be that more money can be spent on keeping San Francisco streets clean while at the same time easing the tax burden of home owners and tenants.

Request Granted.**Cutbacks in the California Medi-Cal Program.**

Supervisor Tamaras expressed his concern with the plight of a number of aged Medi-Cal patients who have been transferred from private institutions to San Francisco General Hospital, because of financial cutbacks in the California Medi-Cal program.

Supervisor Tamaras requested that a communication be directed to the Director of Public Health, asking whether there is anything which the City and County can do to avoid or alleviate the extreme inconvenience being suffered by these elderly patients, and whether, in the Director's opinion, such precipitant removal may be dangerous to their health.

Supervisor Tamaras mentioned that the rate for care in the Garden Hospital is twenty dollars per day and that patients therein, while remaining eligible for State long-term care under the Medi-Cal program, have been subjected to a State imposed ceiling of \$12.74 a day, which is too low for nursing homes in San Francisco. He said that as soon as a reply has been received from the Director of Public Health, he would consider the advisability of presenting a resolution for Board consideration, asking the State to rectify a situation which apparently is roundabout to the discredit of this community.

No objection and Clerk directed to comply.

Reference to Committee.**Recommending acquisition by the City and County of certain real property located in the Cliff House-Sutro Baths area for park purposes.**

File No. 402-67.

Supervisor Tamaras presented a communication from the President, City Planning Commission, transmitting copies of Commission Resolution No. 6142, requesting the Board of Supervisors to declare that the public interest and necessity require the acquisition by the City and County of Lots 8, 16, 18, 20, and 21, Block 1313, for park purposes; and Commission Resolution No. 6143, requesting the Mayor to appoint a delegation to go to Washington, D.C., in an attempt to secure Federal participation in the financing of acquisition of the Cliff House-Sutro Baths area for public open space.

Supervisor Francois called attention to the fact that there are private organizations which make funds available in situations where immediate action is required. The Nature Conservancy, 215 Market Street, San Francisco, is one such organization. Supervisor Francois asked that consideration be given to the possibility of interim use of private funds for acquisition of this property.

Referred to Joint Finance and Cultural Activities Committee.

Charter Amendment—Section 168.1.6, providing continuation of retirement allowance to widows of members of the uniformed force of the Police Department who die from any cause after retirement for disability.

Supervisor Tamaras presented:

File No. 405-67.

Referred to Legislative and Personnel Committee.

Adopted.

In Memoriam—Virginia Casey.

Supervisor Tamaras, on behalf of all members, presented:

File No. 2-67, Resolution No. 672-67.

Adopted by a rising vote as follows:

Ayes: Supervisors Beeman, Blake, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—10.

Absent: Supervisor Casey—1.

Reference to Committee.

Repealing Section 305.5 of the City Planning Code, relating to deferment of permits or licenses when proceedings are pending on reclassification of real property or on establishment or change of set-back lines.

Supervisors von Beroldingen, Ertola, and Tamaras jointly presented:

File No. 404-67, Ordinance No.

Referred to Planning and Development Committee.

Requesting reconsideration of construction of stairways on Blairwood, Glenhaven, Oakhurst and Oak Park Lanes in Forest Knolls area.

File No. 131-63.

Supervisor Blake stated that a delegation of residents of the Forest Knolls area has asked him to request committee reconsideration of the matter of construction of stairways on Blairwood, Glenhaven, Oakhurst, and Oak Park Lanes in the Forest Knolls area. He said that Patricia A. Carson, attorney for some of the residents, has requested reconsideration because she believes her clients now have a proposal that will be more desirable for the neighborhood than the stairways which the Board has considered in the past.

Referred to Streets and Transportation Committee.

Adopted.

Motion that the Board adjourn its meeting this date out of respect to the memory of deceased as follows:

Joseph Clarence Musto (Supervisor Tamaras).

Mrs. Lloyd Gould (Supervisor Ertola).

The Chair inquired if anyone present desired to protest.

Mr. and Mrs. Johan O. Bergengren, 445 Collingwood Street, San Francisco, appeared to protest in general the assessment which had been levied on their property, Lots 9H and 9I, Block 2770.

Mr. Samuel Duca, representing the Assessor's Office, informed the Board that Mr. Bergengren's appeal on the assessment of the property in question was currently pending before the Tax Appeals Board.

The Chair informed Mr. Bergengren that he would be advised when the Tax Appeals Board was ready to hear his case, but that the correction of the clerical error presently before the Board of Supervisors was required regardless of the decision of the Tax Appeals Board on the question of reduction of the assessment of this property.

Request Granted.

Supervisor Blake requested that the suggestion be transmitted to the Assessor that he consider adopting the procedure used by the Assessor of Sonoma County in notifying taxpayers of the possibility of obtaining tax relief from the State of California under certain circumstances, i.e., include with notices of assessed valuation mailed to property owners annually an explanation of the method, together with pertinent forms, used in applying to the State Board of Equalization for tax relief, as well as an explanation of conditions which are requisite to the establishment of eligibility.

With further reference to Supervisor Blake's request, Supervisor Beeman requested that the Clerk be directed to prepare legislation

which would require such notice to be included in the mailing of notices of assessed valuation, in the event that the Assessor may not presently be empowered to comply with the suggestion made by Supervisor Blake.

No objection and request granted.

The Chair inquired if there were any other persons present who wished to protest.

Mrs. George Fong, 123 Vienna Street, San Francisco, appeared to protest the loss of her late husband's Veteran's exemption on her property, Lot 34A, Block 5959.

Mr. Samuel Duca and Mr. Donald Michalske, representing the Assessor's Office, explained that the statement of total valuation of property owned by Mrs. Fong (over \$10,000) has placed her in a category ineligible for the Veteran's exemption.

Mrs. Fong explained that the assessment on certain property she owns in Butte County had been greatly increased, which was the cause of her being declared ineligible for the Veteran's exemption.

At the request of the Chair, subsequent to further discussion of the matter, Messrs. Duca and Michalske agreed to check the accuracy of the reported increase in assessment of Mrs. Fong's Butte County property, and if it is determined that she is eligible for Veteran's exemption in San Francisco to propose the necessary adjustment in the assessment roll.

There being no others present who wished to protest, the Chair declared the hearing concluded.

Adopted.

The following from Finance Committee was taken up:

Authorizing correction of clerical errors in 1967-68 Assessment Roll which will increase amount of taxes payable.

TAKEN UP OUT OF ORDER.

Passage for Second Reading.

There being no objection, on motion of Supervisor Francois, seconded by Supervisor McCarthy, the following recommendation of the Finance Committee appearing on the calendar under "New Business" was taken up out of order:

(Supervisor Morrison dissenting in Committee.)

Amending Article 7, Part III, San Francisco Municipal Code, relating to a tax on transient occupancy of hotel rooms, by amending Section

515 thereof to provide for a specific allocation for publicity and advertising purposes and for deposit in the General Fund of such moneys not expended for such purposes.

File No. 101-67-4, Ordinance No.

Explanation of Vote.

Supervisor Francois explained that previous action amending the Hotel Tax ordinance had left unanswered the question of the exact extent of the intended commitment of revenues derived from this source to the Publicity and Advertising Fund. The subject amendment would guarantee that 60% would be allocated to this purpose.

Supervisor Morrison stated that he dissented from this proposal in Committee and recommended a negative vote by the full Board. He indicated he felt without this legislation the tourist industry would still be in the same position it has always been since the tax was first imposed. He said he did not understand the impulse on this Board to remove this whole question from the purview of the elected representatives of the people. He observed that the Board of Supervisors had seen fit to place some of this revenue in the General Fund for tax relief purposes in the recent past, and he felt there was no way of guaranteeing that the Board would never be faced with the same kind of situation again.

Supervisors Blake and Beeman indicated that they would vote for the measure, but they felt more study and consideration was necessary of projects for which the hotel tax funds were to be expended.

Supervisor Tamaras stated he felt that inasmuch as tourism is a major industry in San Francisco and contributes immeasurable benefits to the overall economy, it is fitting and proper that the City should spend its hotel tax revenue to promote those activities which redound to expansion of this industry.

Thereupon the roll was called and the foregoing legislation was passed for second reading by the following vote:

Ayes: Supervisors Beeman, Blake, Ertola, Francois, McCarthy, O'Shea, Tamaras, von Beroldingen—8.

Noes: Supervisor Morrison—1.

Absent: Supervisors Boas, Casey—2.

The Board resumed consideration of the calendar items in the order set forth therein.

Public hearing by the Board of Supervisors, sitting as a Committee of the Whole, relative to establishment of City and County policy for relocation of persons displaced by the local redevelopment program.

File No. 250-67.

Supervisor Beeman, seconded by Supervisor von Beroldingen, moved that the Board sit as a Committee of the Whole and that Supervisor Tamaras act as Chairman of the Committee of the Whole.

No objection and motion adopted.

The Chair stated that the Committee would first hear from representatives of the Redevelopment Agency.

Communication.

The Clerk presented a letter dated October 18, 1967, from Robert B. Pitts, Regional Administrator, Department of Housing and Urban Development, advising that his Department has suspended assembly of an official report to the Secretary of Housing and Urban Development pending receipt from the Board of Supervisors of a request for re-certification of San Francisco's Workable Program for Community Improvement.

Ordered filed.

The presence of Mr. Richard G. Mitchell, Assistant Regional Administrator, Renewal Assistance Office, and Mr. John H. Tolan, Assistant Regional Administrator for Program Coordination of the Department of Housing and Urban Development, was acknowledged.

Mr. E. Glenn Isaacson, Acting Executive Director, Redevelopment Agency, indicated that the Agency was prepared to respond to requests for information which had been made at the last hearing. He stated that the presentation would not take more than twenty minutes.

Supervisor Morrison commented it was obvious from communications received that no immediate solution to the problem at hand would be presented, and, therefore, he felt the Committee should recommend to the Board the resolution which would be before them tonight, requesting that the Agency hold up acquisition of additional property in Western Addition Area A-2, the demolition of properties already acquired, and the eviction and relocation of persons from the area, until such time as the Board has approved a relocation plan.

Preliminary to presentation of the Agency report, commentary by

Messrs. Tolan and Mitchell was invited, and they answered questions presented by the Committee members.

Representatives of the Redevelopment Agency presented an exposition of the Agency's Phasing Program, and upon conclusion of the presentation the privilege of the floor was granted to the following for comment and rebuttal on the Agency report:

Professor Wallace F. Smith, University of California, presenting commentary on Relocation Report by E. M. Schaffran;

E. M. Schaffran, whose company prepared "Relocation Survey Report" for the Redevelopment Agency;

Professor James R. Carmos, Technical Consultant to Mr. Schaffran in preparation of subject report.

At this point Supervisor Morrison requested that one hour be allotted to hearing from members of the public who had come to make statements. There was no objection, and the Chair proceeded to grant the privilege of the floor to the following:

Percy H. Steele, Jr., Executive Director, Bay Area Urban League, Inc., presented resolution of his organization re relocation policy;

Virgus Streets, 1280 Grove Street, member of Western Addition Community Organization Technical Committee;

Mrs. Dennis Sheldrick, 1537 Octavia Street, wife of second previous speaker;

Diamantes D. Katsikaris, 619 - 15th Street, Oakland, California.

Motion Adopted.

Supervisor Beeman, seconded by Supervisor Morrison, moved that the hearing be declared concluded and the matter taken into the hands of the Committee.

No objection and motion adopted.

Recommended as Amended.

The Board, sitting as a Committee of the Whole, considered the following removed from the jurisdiction of the Planning and Development Committee by direction of the Board, and calendared for consideration at this time by the Committee of the Whole:

Requesting Redevelopment Agency to cease *specified* activity in Western Addition Redevelopment Project Area A-2 until the Board of Supervisors has approved a relocation plan for persons to be displaced.

File No. 11-67-3, Resolution No.

Motion Adopted.

Clarification of Intent of Resolution.

Supervisor Morrison moved recommendation of the resolution, stating he felt it was advisable to request the Redevelopment Agency to stop further acquisition of housing, demolition of housing which has been acquired, and relocation of people from Area A-2 until San Francisco has a relocation program which will really work. He noted indications have been given that a Workable Program for this purpose will not be adopted until sometime in January of next year.

Supervisor McCarthy seconded the motion, stating that in doing so he had no intention of asking for termination or suspension of other Federally-subsidized programs in San Francisco, such as the FACE Program, nor was he suggesting that some kind of physical renewal in Western Addition Area A-2 is not necessary.

Supervisor Ertola asked the author, Supervisor Morrison, if his resolution was intended to ask for cessation of activity, or just that the Agency stop further acquisition of property, further demolition of property acquired and eviction of residents in the area in question.

Supervisor Morrison, seconded by Supervisor Ertola, moved inclusion of the following clarifying language:

The title shall indicate that the resolution refers to certain "specific" activity in Western Addition Area A-2, and the text amended to indicate that such activity be described as follows: ". . . activity in the acquisition of property, in the demolition of real property improvements already acquired, and in the displacement or relocation of persons, . . ."

No objection and motion adopted.

Motion to Amend.

Supervisor Morrison, seconded by Supervisor Beeman, moved that the resolution be further amended to include the following provision:

"Further Resolved, That the Redevelopment Agency and the Mayor be and they are hereby requested to report to the Board of Supervisors on or before December 18, 1967, their recommendations for the relocation portion of the Workable Program for Community Improvement."

Supervisor Francois commented that the resolution did not take cognizance of the fact that some people were in the process of selling their property to the Agency and have discontinued mortgage payments in anticipation of such sale. Therefore, seconded by Supervisor Ertola, he moved as a substitute amendment that the resolution be amended with regard to involuntary acquisitions, demolitions and relocations and that no further action be taken by the Agency without first reporting back to the Board of Supervisors and permitting affected persons to have a hearing before the Board or a Committee designated by the President to consider the propriety of action contemplated.

Motion defeated by the following vote:

Ayes: Supervisors Francois, O'Shea, Tamaras—3.

Noes: Supervisors Beeman, Ertola, McCarthy, Morrison, von Beroldingen—5.

Absent: Supervisors Blake, Boas, Casey—3.

Motion to Amend.

Thereupon Supervisor Morrison, seconded by Supervisor Beeman, moved that the resolution be amended by insertion of the following qualifying language descriptive of the property which may be acquired by the Agency: "except voluntary sales of single-family dwellings," and property which may be demolished: "except housing which is unoccupied and has been condemned by the Department of Public Health." Also included in the amendment was the request to the Agency and the Mayor to report to the Board by December 18, 1967, their recommendations for the relocation portion of the Workable Program for Community Improvement, which was presented earlier by Supervisor Morrison.

No objection and motion adopted.

Explanation of Vote.

Supervisor Tamaras stated he had been hopeful the Committee would not act on this resolution until an opinion thereon had been obtained from the City Attorney, because he did not feel that the Committee had sufficient information to vote on the matter at this time. He indicated that for this reason he would not support the resolution.

Supervisor O'Shea indicated that before voting for this resolution he would like to have an opinion from the City Attorney as to consequences to the City which would result from this action. He commented further there was no guarantee that the terms of the resolution could be fulfilled. In the absence of the City Attorney's opinion he stated that he would not support the resolution.

Supervisor Francois stated he would vote for the resolution with reluctance, his concern being in not knowing the full consequences.

Thereupon the roll was called and the resolution, as amended, was recommended by the following vote:

Ayes: Supervisors Beeman, Ertola, Francois, McCarthy, Morrison, von Beroldingen—6.

Noes: Supervisors O'Shea, Tamaras—2.

Absent: Supervisors Blake, Boas, Casey—3.

Motion to Rise and Report.

Supervisor Morrison, seconded by Supervisor Beeman, moved that the Committee of the Whole rise and report its action to the full Board.

No objection and motion adopted.

Reconvening as Board of Supervisors.

Thereupon the Chair announced that the Board having completed its hearing as a Committee of the Whole was now in session as a Board of Supervisors.

Adopted.

The following recommendation of the Committee of the Whole was considered:

COMMUNICATION.

Veto by Mayor.

Requesting Redevelopment Agency to cease specified activity in Western Addition Redevelopment Project Area A-2 until the Board of Supervisors has approved a relocation plan for persons to be displaced.

File No. 11-67-3, Resolution No.

The Clerk presented a communication from his Honor, the Mayor, dated October 25, 1967, disapproving subject legislation.

Supervisor Morrison said that he felt consideration should be continued for attendance by the full Board. He also advised that he has asked the City Attorney to investigate the legality of the Mayor's action.

Taken Up Out of Order.

Reference to Committee.

Requesting Redevelopment Agency to discontinue displacement of persons in Western Addition Redevelopment Project Area A-2 until the Board of Supervisors has approved a relocation plan for persons to be displaced.

There being no objection, Supervisor Francois presented the following out of order:

File No. 11-67-4, Resolution No.

Supervisor Francois urged immediate adoption of subject legislation, as being consistent with the purpose the Board seeks to serve; i.e., to forestall any relocation of persons until the Board of Supervisors has adopted a workable program. He stated that last week he had expressed some concern about the breadth of proposed resolution File No. 11-67-3, which has been disapproved by the Mayor, because of the fact that some innocent persons could be injured by the prohibitions contained therein. He said he failed to see why the Board should go further and face the financial risks and legal questions involved in attempts to discourage the Agency from any further operation.

In response to a question by Supervisor McCarthy, Supervisor Francois stated that in his mind the request contained in the subject legislation that the Redevelopment Agency "refrain from involuntary displacement or relocation of persons" means any removal against the wishes of the resident and that it would include eminent domain proceedings with respect to owners of property and unlawful detainer actions with respect to tenants. Supervisor McCarthy requested that the record reflect Supervisor Francois' definition of "involuntary displacement."

On the request of Supervisor Blake, the Chair referred subject legislation to Planning and Development Committee.

COMMUNICATION.

Presentation by Transit Task Force and the City's urban design consultants of schematic design plans for restoration of Market Street for consideration and approval by the Board.

File No. 137-67.

The Clerk presented a communication from his Honor, the Mayor, dated October 23, 1967, requesting that the Board place on its agenda the subject presentation.

There being no objection, the Chair directed that the matter be calendared for the Board meeting of November 6, 1967, as a special order of business at 2:00 p.m.

Adopted.

The following recommendation of Joint Finance and Cultural Activities Committee, heretofore considered and temporarily postponed, was taken up:

Declaring that public interest and necessity require acquisition by the City and County of approximately 12.5 acres of ocean-front property as delineated in Department of City Planning "Cliff House-Sutro Baths Acquisition Study," and authorizing Department of City Planning, with assistance of the Director of Property, to file application for Federal funds to assist in said acquisition.

File No. 402-67, Resolution No. 714-67.

Supervisor McCarthy called attention to the fact that many Recreation and Park Department projects have been in process for many years and that some neighborhoods are crying out for financial assistance to complete these needed facilities. Supervisor McCarthy said that he would like to determine the priority of these pending projects and how this proposal would affect these priorities. He suggested that consideration be continued one or two weeks for receipt of information as to the intent of the Recreation and Park Department and the Mayor's office as to the effect of this property purchase upon prior projects which have not been completed, some of which have been pending since the 1964 Recreation and Park bond issue.

Refused Adoption.

Motion to Continue Consideration.

Supervisor Morrison, seconded by Supervisor McCarthy, moved

that consideration be continued to November 6, 1967.

In response to a question by Supervisor Ertola, the Director of Planning and the City Engineer advised that an application was filed October 10 or 11, 1967, with the Bureau of Building Inspection for a permit to grade the site in question. This application has been forwarded to the Department of City Planning for approval or disapproval. Failure of said Department to act within thirty days upon the application will constitute approval.

Supervisor Beeman said that ordinarily he would support a motion to continue consideration. However, in this case, he felt it important to apply for Federal assistance as soon as possible. While the application is being processed the Board can review the matter of priorities. Board action today would not bind the City to this purchase. If later developments should indicate that purchase is not feasible, the Board would have an opportunity to stop the process. Right now the City is faced with the possibly major desecration of the San Francisco shoreline.

Supervisor McCarthy requested that the Journal reflect the fact that he also opposes the desecration of any important lands in San Francisco. However, the Board had received assurance from the City Engineer that such desecration could be averted next Monday.

President Tamaras urged a "do pass" on the subject legislation, saying that the problem before the Board at this moment is not the order of priorities for the various pending Recreation and Park Department projects. He said that the Board should keep in mind the fact that the Fontana Apartments are the results of delay by the City and that he was certain all members of the Board would strongly oppose any such construction on this site.

Supervisor Ertola stated that the questions Supervisor McCarthy has raised are certainly worthy of an answer and that ordinarily he would support the motion for a one-week continuance. However, there is a sense of urgency about the need for action in acquiring this property, and the Board should take this first step today.

Motion to continue consideration refused adoption by the following vote:

Ayes: Supervisors McCarthy, Morrison—2.

Noes: Supervisors Beeman, Blake, Ertola, Francois, O'Shea, Tamaras, von Beroldingen—7.

Absent: Supervisors Boas, Casey—2.

Adopted by the following vote:

Ayes: Supervisors Beeman, Blake, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Boas, Casey—2.

ROLL CALL FOR THE INTRODUCTION OF MEASURES AND COMMUNICATIONS NOT CONSIDERED OR REPORTED UPON BY A COMMITTEE.

Request Granted.**Distribution of City Employees' Salary Warrants.**

Supervisor Beeman stated that he has talked with a number of City employees who are concerned about the fact that salary warrants frequently are received after the date on which they are due.

Supervisor Beeman asked that a letter be sent the Controller asking what action the Board of Supervisors can take (1) to expedite distribution of salary warrants so that all employees may be paid on time; and (2) to implement the Charter amendment approved by the voters in 1964, providing for 26 equal pay periods per year for City employees.

No objection and Clerk directed to comply.

Request Granted.**Proposed Improvement and Expansion of Candlestick Park Stadium.**

Supervisor Beeman called attention to a recent newspaper article relative to the failure of the City and County to move ahead on the expansion of Candlestick Park Stadium, particularly statements attributed to Alan K. Browne that unless prompt action is taken, the proposed expansion of the stadium will not be completed in time for next year's athletic events.

Supervisor Beeman asked that a letter be sent the Controller requesting advice as to the present daily average attendance at Candlestick Park, what is the break-even point at the present, and what the break-even point will be in the event new bonds are issued for improvement and expansion of this stadium.

No objection and Clerk directed to comply.

Supervisor Beeman announced that the Social Services Committee will meet November 30 to hear recommendations as to the course of action the City and County should take relative to the proposed study of the administration of the Juvenile Court system in San Francisco.

File No. 417-67.

Referred to Joint Legislative and Personnel and Health Committee.

Request Granted.

**Transfer of the Chronically Ill to San Francisco General Hospital
Because of Cutbacks in the State Medi-Cal Program.**

Supervisor Ertola called attention to the transfer of elderly, chronically ill patients from private hospitals and nursing homes to San Francisco General Hospital because of the recent cutbacks in the State Medi-Cal program. He mentioned statements in the press attributed to Dr. Albers that should an emergency arise, there would not be space available at San Francisco General Hospital if all beds are occupied by the chronically ill.

Supervisor Ertola asked that a City Attorney's opinion be requested as to what, if anything, the City can do to require the state to live up to its original commitment under Medi-Cal; what the Board of Supervisors can do by establishment of policy or by any other steps to designate San Francisco General Hospital as being for the care of the acutely ill only, so that it will not be available to receive the chronically ill from other hospitals or nursing homes; what legal recourse the City might have to avoid a health emergency in San Francisco; and, in the event it becomes necessary to institute legal action in this matter, should the City hire special counsel.

No objection and Clerk directed to comply.

Committee Meeting.

Supervisor Beeman announced that the Social Services Committee will meet November 2, 1967, to hold its second hearing on the question of the effect of Medi-Cal cutbacks. He suggested that if the City Attorney could be prepared to answer Supervisor Ertola's questions as stated immediately above, the Committee would be in a position to prepare proposed action for consideration by the full Board next Monday.

Supervisor Tamaras called attention to the fact that the Lucinda Weeks School for Handicapped Children is being forced to close because of lack of funds. He requested that a letter be sent the Board of Education asking what, if anything, can be done immediately to perpetuate this school and, on a long-term basis, to incorporate in the structure of the Board of Education a program to take care of not only these children but many more like them who are entitled to the benefits of the public educational system. Request Granted.

Supervisor Tamaras stated that all citizens of San Francisco are much perturbed about the seeming inability of the City to prevent a rise in the crime rate. One of the reasons advanced by the Police Department is the lack of involvement of the citizens.

Supervisor Tamaras referred to a recent press report that a member of the uniformed force of the Fire Department had suffered a personal injury while on his way to work when he came to the rescue of a woman being attacked by an armed assailant. Upon reporting to San Francisco General Hospital, the Fireman had been refused treatment because the injury was not service-connected.

Supervisor Tamaras stated that he feels it a duty to acknowledge and encourage such actions on the part of Firemen and, in fact, on the part of all our citizens. He requested that a communication be sent the City Attorney requesting preparation of legislation which would (1) grant to Firemen engaged in life-saving activities while off duty the same hospital and disability benefits accorded to Policemen; and (2) provide free medical care to any citizen injured while attempting to assist anyone endangered by criminal activities of another.

No objection and Clerk directed to comply.

Adopted.

Request Granted.

Night Lighting of Palace of Fine Arts.

Supervisor Blake stated that he has had many complaints from residents of the area that the grounds of the Palace of Fine Arts are not lighted at night as they had been prior to reconstruction.

Supervisor Blake requested that a communication be directed to

the Recreation and Park Department asking for a resumption of night lighting on the exterior of the Palace of Fine Arts and that the fountain in the middle of the lagoon be turned on again.

No objection and Clerk directed to comply.

Request Granted.

Earth Movement on Potrero Hill Due to Construction of Southern Freeway.

Supervisor Blake referred to newspaper reports that the State Division of Highways has given notice to owners of property on the 300 and 400 block of Pennsylvania Avenue on Potrero Hill that their property will be acquired by the State so that corrective measures can be taken to stop earth slippage caused by construction of the Southern Freeway.

Supervisor Blake asked that communications be sent the State Division of Highways and the City's Department of Public Works, asking for a full report and that responses be referred to the Streets and Transportation Committee of the Board for public hearing.

Supervisor Tamaras stated that he shared Supervisor Blake's concern and added the request that the State Division of Highways be asked whether consideration has been given to the possibility of reinforcing the retaining wall which was originally constructed to stop earth slippage; and (2) what soil tests were made prior to the beginning of construction and what the soil tests revealed.

Supervisor Tamaras commented that since the State Division of Highways had created this condition, that Department should correct it. He suggested that heavy traffic on Pennsylvania in front of the affected homes should be curtailed until the homes are made safe, and that work on the freeway should also cease until the existing situation is corrected.

No objection and Clerk directed to comply.

Adopted.

Adding portion of Fifteenth Avenue, east side, north of Lake Street, to list of streets on which parking is prohibited, 7:00 a.m. to 6:00 p.m., Sundays excepted.

the Director of Finance and Records, asking what improvements are being contemplated in the method used by the Registrar of Voters to canvass votes in order to prevent a recurrence of the chaotic situation existing during the counting of votes cast at last Tuesday's General Municipal Election. Supervisor Tamaras suggested that perhaps the City should seriously consider the use of electronic methods.

Supervisor Francois added the suggestion that the physical set-up might be improved so that the work of counting votes could proceed without interference, keeping in mind the needs of the public media and interested persons.

Request Granted.

Improvement and Rehabilitation of Municipal Railway.

Supervisor von Beroldingen pointed out that San Francisco has a vital issue yet to be resolved: the run-down condition of Municipal Railway equipment. In view of recent past experience, she said, it seems doubtful that a general obligation bond issue to finance improvement of the railway—which would simply increase taxes for property owners—would be approved by the electorate.

Supervisor von Beroldingen stated that she understands the General Manager of Public Utilities has engaged in some preliminary conversations concerning the possibility of financing these desperately needed improvements. She asked that a communication be directed to the General Manager, asking him to continue with his efforts and to explore with all diligence every possible avenue—other than a bond issue—for financing improvement and rehabilitation of the Municipal Railway so that the Board can address themselves to this very critical remaining problem.

No objection and request granted.

Reference to Committee.

Motion—Investigation of State aid to private homes for care of the mentally retarded in San Francisco.

File No. 441-67.

Supervisor Blake stated that last week he had attended a meeting relative to State aid to the totally disabled. He said that he was informed that there are approximately 90 private homes in San Francisco which care for these people; some of these homes are licensed and some are not. Depending on location and how well City code standards are met, these home are classified as "A" or "B". The State grant for care in a Class A home is \$150 per month; in a Class B home, \$128 per month. This, in contrast to a cost for care at Sonoma and Napa State Hospitals of approximately \$400 per month. Patients in these private homes are being discriminated against, and with ever increasing costs for food and all services and rising property taxes, the monthly grant is increasingly more inadequate.

Supervisor Blake, seconded by Supervisor Casey, moved that a committee of the Board investigate the adequacy of State aid to private homes for care of the mentally retarded.

Referred to Social Services Committee.

Adopted.

Supervisor Morrison stated that subject legislation would decrease assessed valuation of real property by \$126,707; recent legislation enacted had decreased assessed valuation by some \$300,000. The Assessor has explained that these clerical errors are the result of the need to reassess almost every parcel of property within the county within a short period of time. Approving site on Pine Street between Octavia and Gough Streets for development by the Housing Authority of 126 low-rent housing units for elderly persons, Project Cal 1-23.

File No. 379-67, Resolution No. 755-67.

(It was recommended by Committee, at the instance of Supervisor Ertola, that the Board go on record by motion, urging the Housing Authority to confer with the Parking Authority on the possibility of an off-street parking facility on said property.)

Supervisor von Beroldingen explained that several citizens had testified before Committee relative to the difficult parking situation in that area. The Executive Director of the Housing Authority has agreed to explore with the Parking Authority the possibility of adding an off-street parking facility on this site. However, there is no such condition attached to recommended passage of this legislation.

Supervisor Francois requested that the record reflect the fact that he would oppose the diversion of any funds from the housing project for construction of a parking facility for the accommodation of other residents of the area, since this could only detract from the quality of the housing.

Supervisor Ertola explained that there is already a parking problem in this area. He said it is his belief that the City must look forward to this kind of joint use wherever and whenever possible as a means of conserving space and as a protection to the taxpayer who is financing the construction.

Request Granted.

Report re Efficacy of Increased Fines for Parking Violations.

Supervisor McCarthy requested that a communication be directed to the Police Department asking whether recently increased fines for parking violations have had the effect of reducing the number of com-

plaints relative to illegal parking in front of driveways in apartment house areas and what the effect has been in the number of violations throughout the city.

No objection and Clerk directed to comply.

John E. Sullivan, Attorney for the Housing Authority, stated that the Authority is willing to explore and seek opportunities to cooperate with other departments for joint use of sites. He said that if a joint venture of this kind is possible, the Authority will cooperate; however, development of off-street parking in a residential area would be a new field for the Parking Authority.

Supervisor Ertola presented:

File No. 322-65-1, Resolution No.

Referred to Streets and Transportation Committee.

Request Granted.**Relocation of Residents of Western Addition Redevelopment Area A-2.**

Supervisor François called attention to the fact that the Board still has before it the matter of approval of a Workable Program for 1967, and the problem of relocation of residents of Western Addition Redevelopment Project Area A-2. He mentioned the fact that authorization has recently been granted for development of 1,000 additional public housing units in San Francisco.

Supervisor François cited the increased tax revenue resulting from redevelopment of Western Addition Area A-1 and anticipated tax revenue to be realized when Western Addition Area A-2 is complete. He said that the Board should begin to think about making this increased revenue available to ease the situation of people directly affected by the redevelopment process, since Federal supplements and aids will be insufficient to do the entire job.

Supervisor François requested that communications be directed to the Redevelopment Agency and the Housing Authority, asking what effect the authorization for additional public housing units will have on relocation and housing supply available for low-and middle-income residents of Area A-2, and that the Redevelopment Agency also be requested to advise what amount of local aid—taking into consideration all the presently available or committed Federal aid—will be required to be made available from other sources in order to make entirely feasible the development of Western Addition Area A-2.

No objection and Clerk directed to comply.

Supervisor Tamaras expressed concern over the present labor dispute between the Musicians' Union and the San Francisco Symphony Association which threatens to force cancellation of at least a portion of the 1967-68 symphony season. He pointed out that besides injuring San Francisco's cultural image, the prospective financial losses are enormous.

Supervisor Tamaras requested that a communication be directed to Mayor Shelley, asking him to intervene on behalf of both factions in an effort to expedite settlement of the dispute at the earliest possible date.

No objection and Clerk directed to comply.

Report Submitted.**Action of State Division of Highways to protect homes on Potrero Hill threatened by earth movement caused by Southern Freeway construction.**

Supervisor Tamaras reported that records of the State Division of Highways show that there has been no further movement of earth on Potrero Hill during this last week. The Division has installed flexible pipe connection to all affected homes. A continuous watch will be maintained all winter and new permanent foundations installed next spring. At the moment, about half the owners of affected property have elected to remain in their homes and about half will evacuate if satisfactory financial arrangements can be made with the State.

Improvement of Procedures in the Office of Registrar of Voters.

In response to a question by Supervisor Boas, the Chief Administrative Officer advised that the Arthur Anderson Company has already begun a tally of all votes cast at the November 7, 1967, election. If the company should note any particular areas in which improvements can be made, the Chief Administrative Officer said he was sure these would be brought to the Registrar's attention; however, this is not included in the assignment.

Supervisor McCarthy requested that the Chief Administrative Officer be asked to report in writing on the current long-standing requests for the upgrading of certain positions in the office of the Registrar of Voters in order to eliminate much of the loss of key personnel through promotion to positions in other departments.

Supervisor Morrison requested that the report include a detailed discussion of the desirability of modernizing the entire voting procedure through use of electronic data processing equipment. He stated that a saving in the cost of transporting and storing the present bulky voting machines might be sufficient to pay for purchase of new equipment.

There were no objections and the Clerk was directed to comply. The Chair announced that immediately upon receipt, the requested

report from the Chief Administrative Officer will be referred to committee for review.

Request Granted.

Requesting Assessor to augment list of repairs to residential real property which will not result in an increased valuation for property tax purposes.

File No. 169-67, Resolution No. 789-67.

Supervisor McCarthy asked whether—when the Assessor publishes a list of repairs which can be made without escalating the assessed valuation—he gives any indication to the property owner that building permits are required for many of the repairs listed.

The Director of Public Works stated that he did not know, but he is concerned that the public might not be aware that a permit is required.

Supervisor Tamaras requested that a communication be directed to the Assessor asking how he intends to notify property owners of repairs to residential real property which will not result in an increased valuation for property tax purposes. Supervisor Tamaras commented that after the Assessor's response is received, consideration can be given to the question of whether the notice to property owners should be modified to indicate that building permits are required even though work will not result in increased assessment.

No objection and Clerk directed to comply.

Report.**Program for Undergrounding of Utilities.**

Supervisor Francois called the Board's attention to the fact that he and Supervisors Blake and Morrison had recently attended a conference in Los Angeles relative to the undergrounding of utilities. He said that one of the things that came to their attention was that 200 California cities require that utilities be undergrounded in new subdivisions, but that San Francisco is not one of these.

Supervisor Francois stated that such a requirement seems highly desirable and that he would be prepared to introduce appropriate legislation; however, there are certain unresolved problems: Whether cost of undergrounding within redevelopment project areas can be included as part of the cost of the redevelopment project; whether undergrounding in new subdivisions can be excluded from the 2½-mile annual program to which the public utilities are now committed.

Supervisor Francois said that at the present, he did not know how these problems can be resolved; possibly the California Public Utilities Commission will have to resolve the problems under some new formula. At any rate, some new revenue must be found in order that the undergrounding program can be accelerated.

Supervisor Beeman commented that the Governmental Services Committee has made it clear to the Redevelopment Agency that the Committee will not approve any more underground districts in redevelopment areas but would expect the Agency to look to the Federal Government for financial assistance therefor.

Supervisor Morrison presented:

Motion—Requesting Mayor to conduct a full and immediate investigation of charge of unequal service rendered by City Departments in the various neighborhoods.

Supervisor Tamaras presented a communication from the National Association for the Advancement of Colored People, charging that a double standard of service is being rendered by City Departments in the various neighborhoods, citing a particular incident in which the Fire Department was involved, and urging an investigation.

Supervisor Tamaras stated that these charges warrant an immediate, complete, and comprehensive investigation by the Mayor as required by law. If the charges are true, immediate action should be taken so that in the future no similar charge can be made. If the charges are false, the public should know that, too, so the Fire Department can maintain its high and excellent reputation.

Supervisor Tamaras, seconded by Supervisor Morrison, moved that a letter be directed to the Mayor asking for a full and immediate investigation and report.

COMMUNICATIONS.

Reference to Committee.

Arthur Andersen & Co. report of re-tally of votes cast at General Municipal Election November 7, 1967.

The Clerk presented the report of Arthur Andersen & Co. of the re-tally of voting machine readings and absent voter ballot counts of the November 7, 1967, General Municipal Election.

Supervisor Ertola inquired whether the Company had reached any conclusions relative to methods by which the vote counting procedure might be improved.

Mr. Crawford of Arthur Andersen & Co. stated that while the Company was not commissioned to study the procedures of the office of Registrar of Voters, they intend to accumulate any ideas which might be constructive and will present such ideas when completed. Any comment at this time would be premature.

Referred to Governmental Services Committee.

Calendared for Consideration.

Relocation Section of the Workable Program for Community Improvement.

The Clerk presented a communication from his Honor, the Mayor, transmitting his proposed relocation section of the Workable Program for Community Improvement.

The Chair reminded the Board that on October 23, 1967, the Board had last sat as a Committee of the Whole to consider establishment of City and County policy for relocation of persons displaced by the local redevelopment program, and asked the Board's pleasure with respect to this recommendation of the Mayor.

Supervisor von Beroldingen expressed her belief that the Mayor's recommendations are most constructive and urged that the Board sit as a Committee of the Whole to discuss his recommendation that the Housing Authority be appointed as a temporary relocation authority.

Supervisor Francois, seconded by Supervisor von Beroldingen, moved that the Board sit as a Committee of the Whole on December 18, 1967, to consider the Mayor's recommendations.

John Anderson of the Mayor's Office, urged that hearings be begun as soon as possible and that action not be delayed longer than is necessary to permit members of the community to express their opinions.

Supervisor Morrison commented that it appeared obvious that more than one meeting will be necessary before action is taken by the Board. If hearings are begun next Monday during the regular session, City departments and Federal officials could be heard from.

Supervisor Morrison, seconded by Supervisor Francois, moved as an amendment to the pending motion that the Board sit as a Committee of the Whole Monday, December 18, 1967, as a special order of business at 2:00 p.m., to consider the proposed relocation section of the Workable Program for Community Improvement as recommended by his Honor, the Mayor.

Motion adopted by the following vote:

Ayes: Supervisors Beeman, Boas, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Absent: Supervisors Blake, Casey—2.

Request Granted.

Invitation to Mayor-Elect and members of his staff to attend Board meeting of December 18, 1967.

Supervisor Beeman requested that a communication be directed to Mayor-Elect Alioto, advising him that on December 18, 1967, at 2:00 p.m. the Board will consider Mayor Shelley's proposed relocation section of the Workable Program for Community Improvement and asking if he and his Deputy for Development would care to comment on the proposal.

No objection and Clerk directed to comply.

Adjusting public parking rates and charges at Portsmouth Square public parking facility.

File No. 447-67, Resolution No. 810-67.

Explanation of Vote.

Supervisor Blake stated that he would vote against this proposal because it will not solve the parking problem in that area. The only thing that will be accomplished will be to decrease the number of all-day and monthly parkers in favor of short-term, temporary parkers. Supervisor Blake said that in his opinion more parking space should be made available by construction of a garage at Washington Square.

Reference to Committee.

Approving lease with Standard Oil Company, as lessee, for construction and operation of a chandlery and marine fueling float facility at Marina Small Craft Harbor.

File No. 780-59-8, Ordinance No.

Supervisor Morrison explained the Committee's recommendation and stated that there will be no major repairs done at this location. Design of the facility will come before the Recreation and Park Commission and the Board of Supervisors later for approval.

Supervisor Francois stated that the question has again been raised as to whether an effort has been made to extend to thirty years the period for repayment of City's loan from the State for development of this small boat harbor. Mr. Beauchamp of Recreation and Park Department advised that the Department had requested an extension of time for repayment of the loan and that on February 17, 1964, the State had refused.

Supervisor Blake urged that subject legislation be refused passage. He said he felt there was a danger of the chandlery's becoming a large, commercial operation, which would be most undesirable in this area, and, also, that he thought every effort should be made to have the time extended to thirty years for repayment of the loan to the State, so that such a development would not be required to make the operation financially feasible.

Supervisor Francois called the Board's attention to Board Resolu-

tion No. 296-67, memorializing the Small Craft Harbor Commission to review the existing loan with the Recreation and Park Commission for development of Marina Yacht Harbor looking to the extension of said loan from twenty years to thirty years, adopted by the Board May 8, 1967, and stated that he would like to know whether the Small Craft Harbor Commission had ever acted upon that request.

Supervisor Morrison, seconded by Supervisor Francois, moved that matter be re-referred to Finance Committee for further consideration.

Disorders at San Francisco State College.

Supervisor Beeman stated that every San Franciscan has a right to be disturbed about recent occurrences at San Francisco State College with the attendant disruption of academic affairs, damage to property, and the threat of physical harm posed to innocent bystanders. However, he said, San Franciscans have a greater right to be disturbed over the aftermath of that riot. San Francisco State College is the finest in the State College system in California, with a most outstanding faculty. Supervisor Beeman stated that he feels the Board of Supervisors has a responsibility to try to prevent this issue from becoming a political football and to prevent having the President, faculty, and the San Francisco Police Department become whipping boys for the political ambitions of the Governor and the State Superintendent of Public Instruction.

Supervisor Blake stated that he has talked to many people about the recent disturbances at San Francisco State College and all are very much concerned about the way the situation was handled. There was damage done to public and private property. He said the Board of Supervisors is responsible to the people of San Francisco; therefore the Chief of Police should explain his actions to the Board.

Refused Adoption.

Motion—That the Chief of Police be invited to appear before the Board of Supervisors on December 18, 1967, to explain what occurred at San Francisco State College and the policy of the Department for handling such disturbances.

Supervisors Francois and Morrison indicated that they both intended to present resolutions supporting the actions of the President of San Francisco State and the Chief of Police in this situation.

Supervisor McCarthy stated that he had been advised by the Chief of Police that the District Attorney is presently gathering evidence to bring charges against Professor Gerassi and all other persons who were guilty of any ascertainable violation of the Penal Code. Supervisor McCarthy suggested that if the Board were to begin an investigation at this point, it is possible that the Board might interfere with the efforts of the District Attorney and Police Department.

Placement of students of former Lucinda Weeks School for the Handicapped.

Supervisor Tamaras informed the Board that he had received a communication from the Superintendent of Schools, advising that it appeared many of the pupils of the former Lucinda Weeks School for the Handicapped can be placed in a public school program and that the Board of Education at the present time is investigating the possibility of using the Lucinda Weeks School site for a center for handicapped children.

Supervisor Francois informed the Board that last week he had attended a meeting in Sacramento at which there was considerable discussion about the availability of Federal funds for building or renovating facilities for the mentally retarded. Had San Francisco applied, the City might have received Federal aid to keep the Lucinda Weeks School in operation. Supervisor Francois said that to date San Francisco has made no such application for funds. Also, there is a new program which makes Federal funds available for staffing and programming for the mentally retarded.

Supervisor Francois requested that a communication be directed to the Superintendent of Schools asking whether any plans are under way for submission of applications for Federal funds for either building construction or renovation or for staffing facilities for the mentally retarded.

SPECIAL ORDER—2:00 P.M.**Hearing Held. Continued for Further Hearing.**

Public Hearing by the Board of Supervisors sitting as a Committee of the Whole of proposed relocation section of the Workable Program for Community Improvement as recommended by his Honor, the Mayor.

File No. 250-67.

The Clerk presented a communication from Mayor-Elect Alioto, advising that he will not be able to attend the hearing today because of a prior commitment.

Noted and ordered filed.

John Kent, Deputy for Development, presented a summary of the Mayor's report and principal recommendations as contained in his communication dated December 7, 1967, the original of which is in the file.

Mr. Kent then presented a statement of reasons for Mayor Shelley's recommendation calling for establishment of a central housing relocation service under the Housing Authority rather than the Redevelopment Agency, a copy of which statement is in the file.

Mr. Kent stated that the Mayor had transmitted a copy of his report and recommendations to the Federal Department of Housing and Urban Development with a request for comment. He then distributed copies of the response of the Regional Administrator, Department of Housing and Urban Development, advising that the Regional Administrator's recommendations for approval of San Francisco's relocation section of the Workable Program would have to be conditioned on approval of funding of a local rent assistance program and assurances that relocation functions will not be impaired pending operation of any new relocation service. A copy of the foregoing is in the file.

Mr. Justin Herman responded to questions by various Board members. He stated that he believed the Federal Government is concerned that there will be a system in the community for handling persons displaced by public action; their concern is not with the method by which this is done. The Redevelopment Agency voted against shifting the critical rehousing function at this time until the new Mayor makes what Mr. Herman believes should be a different type of study and can make his own recommendations to the Board of Supervisors.

In response to a question by Supervisor Beeman, Mr. Kent stated that it is his opinion and that of Mayor Shelley that San Francisco will not, in fact, have a workable program until decisions are made relative to appropriation of funds for a relocation service and for a local rent assistance program. A decision must be made as to which agency or department will administer these funds.

In response to questions by Board members, Mr. John H. Tolan, Assistant Regional Administrator for Program Coordination and Services, Department of Housing and Urban Development, reviewed the position of the Department as stated in the communication of the Regional Administrator presented earlier by Mr. Kent.

Mr. Justin Herman showed a chart depicting new housing units to be constructed and housing units to be demolished. Supervisor Morrison requested that Mr. Herman reduce the information contained on the chart to narrative form, detailing the effect of redevelopment on the housing supply each year until completion of the project. Mr. Herman indicated he would do so.

In response to a question by Supervisor Morrison, Mr. Eneas Kane, Executive Director of the Housing Authority, advised that it is not possible at this time to say how many of the leased housing units recently authorized for public housing will be available for relocation of residents of Western Addition Redevelopment Area A-2. (See Agency communication of December 1, 1967, addressed to Supervisor Terry Francois in File No. 11-67.)

Supervisor O'Shea Excused.

Supervisor O'Shea, at the hour of 5:25 p.m., requested permission to be excused from attendance.

No objection and request granted.

Adopted.

Motion setting date for further consideration of foregoing public hearing.

Supervisor Francois stated that in his opinion the Board should proceed with hearings and reach a decision concerning the Mayor's recommendations at as early a date as possible.

Supervisor Francois moved that consideration be continued to December 26, 1967.

Supervisor Blake, seconded by Supervisor von Beroldingen, moved as an amendment to the pending motion that consideration be continued to January 15, 1968, as a special order of business at 2:00 p.m.

Authorizing City Attorney to enter into agreement for securing legal opinion in connection with the sale of 1967 Airport bonds.

File No. 246-67-6, Resolution No.

Supervisor Ertola, seconded by Supervisor Beeman, moved rereferral to Finance Committee. Supervisor Ertola called the Board's attention to the fact that Mayor-Elect Alioto, who is an outstanding trial attorney, has expressed himself about the payment of high fees for such legal opinions when the Supreme Court of the State of New York has rendered an opinion that such are not required. Supervisor Ertola stated that he understands the same law exists in the State of California; therefore, it might be well to postpone action.

Supervisor Morrison stated that he had no objection to re-referral to committee; however, when this same question arose after the last bond election, it was pointed out that the critical issue was whether the bond houses would purchase the bonds without such a legal opinion.

File No. 58-67-20, Ordinance No.

In response to a question by Supervisor Beeman, Mr. Beauchamp of the Recreation and Park Department advised that this parking plaza is on Recreation and Park Department land. The Department is not in the parking business; therefore, it is incumbent on the Department to put the operation out for lease. Cost of operation by the City would, no doubt, far exceed the lessee's costs.

Request Granted.

Supervisor Beeman stated that he was not prepared to vote in favor of this proposal today. He requested that a communication be directed to the Recreation and Park Department, asking for a report on the number of leases the Department has entered into for the operation

of parking lots, terms of each lease, and a statement as to the potentialities of the City's operating such lots.

Motion—Inquiry into Dispute between the Musicians' Union and the San Francisco Symphony Association.

Supervisor Morrison commented that, since each year the Board appropriates 250 to 300 thousand dollars for the symphony, it seems appropriate that the Board should ask representatives of the Symphony Association, the union, the Players' Committee, and Maestro Krips to come before a committee to report on the progress of negotiations.

Appropriating \$109,897, Mayor, for local community share under the Economic Opportunity Act.

File No. 79-67-2, Ordinance No.

In response to questions by Supervisor Blake, Nathan Cooper, Controller, advised that his office has no authority to audit the accounts of the Economic Opportunity Council. The City and County Controller is merely the disbursing officer for the Council. Were it not for the fact that the funds in question are deposited in the City and County Treasury, the Controller would have no authority whatsoever. The

Controller does require the Council to certify that the Finance Committee of the Council has approved expenditures as being in accordance with the budget as approved by the Federal Office of Economic Opportunity.

Controller Cooper further stated that the two million dollar budget which was before the Finance Committee when the original \$80 thousand appropriation for local community share was approved has not gone up; however, it has been determined that the local community share of \$80 thousand is not sufficient. Mr. Cooper said he did not know the reason.

Supervisor Blake stated that he would like to have more information before voting on the appropriation.

Supervisor Morrison, seconded by Supervisor Blake, moved that consideration be temporarily postponed for attendance by a representative of the Mayor.

No objection and motion carried.

Declaring San Francisco Examiner to be official newspaper of the City and County for the period January 1, through December 31, 1968.

File No. 465-67, Resolution No. 846-67.

Supervisor Blake stated that he is not satisfied that the San Francisco Examiner distributes the required number of copies of the edition within which the City's official advertising appears.

Mr. T. F. Conway, Purchaser of Supplies, advised that his office has no way to check circulation on a day-by-day basis. He relies upon the certification of the Audit Bureau of Circulation in determining that a newspaper meets the definition of "official newspaper" as stated in Charter Section 13.

Request Granted.**Investigation of qualifications of Audit Bureau of Circulation.**

Supervisor Blake requested that the Purchaser of Supplies be asked to investigate and advise as to the qualifications of the Audit Bureau of Circulation to determine if the company is, in fact, qualified to certify as to average daily circulation of any given newspaper.

No objection and Clerk directed to comply.

Appropriating \$109,897, Mayor, for local community share under the Economic Opportunity Act.

File No. 79-67-2, Ordinance No.

Supervisor Ertola, seconded by Supervisor von Beroldingen, moved re-reference to Finance Committee for further consideration.

In response to a question by Supervisor Francois, Mr. Jack Mootz of the Mayor's Office advised that the appropriation should be approved sometime between now and the middle of February, 1968.

Supervisor von Beroldingen referred to a communication in the file dated December 7, 1967, from the Economic Opportunity Council and requested clarification during Committee consideration of a number of points contained therein, particularly with respect to special conditions attached to the Federal grant relative to use of City's contribution, and lack of information as to actual fund expenditures as of February 28, 1967. Supervisor von Beroldingen also suggested the Committee ascertain the result of the condition contained in Ordinance No. 204-67 that the Council submit an application to the Office of Economic Opportunity for reimbursement of \$45,000 appropriated by the City for a summer youth employment program.

Supervisor Ertola suggested that a representative of Price Waterhouse and Company be invited to attend the Committee hearing to inform the members of the result of their financial review of the Council's operations.

Supervisors Blake and Ertola spoke of the desirability of the Board's having the benefit of advice of the Controller relative to funding and expenditures of the Council. Supervisor Morrison stated that the Finance Committee would make a thorough investigation and that the matter would be placed on the Committee's calendar for January 3, 1968.

No objection and motion adopted.

Statement by Supervisor Morrison relative to various measures which might be considered by the Board as a means of bringing about some tax relief for home owners and renters.

Supervisor Morrison stated that it seems obvious now that the City will soon be embarking on another round of hearings in an attempt to bring about some tax relief for home owners and renters. He advised that Finance Committee has tabled those tax measures which were currently under consideration with the idea that any one of the measures can be taken from the table if it appears to be the best course of action.

Supervisor Morrison said that he has talked with many people and it seems wise to him to initiate now several actions so that the Board's position will be safeguarded and so that the widest possible area of choice will be available for action:

Local Income Tax: Supervisor Morrison requested that the City Attorney be asked to prepare legislation for introduction in the Board, asking the State Legislature at its next session to repeal the State prohibition on income taxes enacted at the local level.

No objection and Clerk directed to comply.

Taxation of Banks and Insurance Companies: Supervisor Morrison requested that the City Attorney be asked to prepare legislation asking the State Legislature to take action to permit the imposition of local business taxes upon banks and insurance companies.

No objection and Clerk directed to comply.

Increase of Hetch Hetchy Water Supply and Power rates: Supervisor

Morrison requested that a Committee of the Board investigate the recommendation of the Arthur D. Little Company report that Hetch Hetchy Water Supply and Power rates be increased to yield an additional \$3 million a year in revenue.

Referred to Finance Committee.

Charter amendment—Amending Section 24 relative to license taxes:

Supervisor Morrison requested that the City Attorney be asked to re-draft a proposed Charter amendment, amending Section 24 to delete prohibition against imposition of a local business license tax.

No objection and Clerk directed to comply.

Different Assessment Ratios for Residential and Business Property:

Supervisor Morrison requested that the Board of Supervisors reaffirm to the Governor and the State Legislature the Board's position that different assessment ratios should be applied to business and residential properties.

Referred to State and National Affairs Committee.

Increase of Health inspection fees: Supervisor Morrison requested that a Committee of the Board investigate the recommendation of the Arthur D. Little Company report that Health inspection fees be increased by \$400,000 annually.

Robert D. Platt, Attorney at Law, representing the applicant, requested permission to have the proceedings taken by a court reporter. There being no objection, the Chair granted permission.

Mr. Platt requested a continuance of this hearing.

The Chair ruled that no continuance could be granted.

The Clerk thereupon read the following communication:

TO: Each Member of the Board of Supervisors.

FROM: Clerk of the Board.

SUBJECT: County Board of Equalization Hearing—Safeway Stores, Inc.

Item No. 2 on the Board calendar today is the scheduled public hearing on the application of Safeway Stores, Inc. for equalization of certain assessments levied for the years 1964, 1965 and 1966. This memorandum is written for the purpose of bringing the Board members up-to-date with respect to the procedural matters involved in the pending application.

The City Attorney has advised us categorically that equalization hearings on escape assessments imposed pursuant to the current mandate in the Knoff case are not ordinary equalization proceedings, and

that therefore the observations of the City Attorney contained herein below are valid. The pending application of Safeway, Inc. is one of a substantial number which have arisen out of the current mandate in the Knoff case.

- (1) At this juncture, the Knoff mandate and order are binding and must be obeyed by the County Board of Equalization.
- (2) Neither ratio nor cost is an open question, and it is emphasized for the information of each applicant that no evidence will be received on either question.
- (3) Cost under the Knoff judgment and mandate has been duly determined by independent Certified Public Accountants. The County Board of Equalization may not determine otherwise.
- (4) The County Board of Equalization cannot inquire into or take testimony concerning the evidence and propriety of various ratios, including average ratios.
- (5) Any taxpayer who contends the Assessor has made a clerical error, or who contends that the taxpayer has supplied the Assessor with erroneous information, resulting in an excessive assessment justifying a refund, may claim a refund pursuant to Revenue and Taxation Code, Section 5096 and following sections.
- (6) With respect to the pending application, there will be no equalization hearing in the ordinary sense. The taxpayer's equalization application shall be deemed his offer of proof, and no other offer of proof will be entertained. The Board should proceed to deny the application.

We have been informed that Safeway, Incorporated has filed an action in the Superior Court for the purpose of commanding the Tax Appeals Board to accept the petition for equalization which is the subject matter of the application before the Board of Supervisors today. We are informed further that applicant will request a continuation of today's hearing.

Under the circumstances, and in view of the City Attorney's ruling concerning applications for equalization arising out of the Knoff case, and in acknowledgment of the legal representative of applicant being present with his offer of proof (the equalization application) and no other offer of proof being entertained, it would be in order for the President to accept a motion to deny the application, thus permitting the applicant to pursue any other legal remedies available to him.

ROBERT J. DOLAN.

Mr. Platt requested permission to make an offer of proof.

The Chair ruled that the Board could not entertain the offer.

Mr. Platt then requested that the minutes of April 17 and 24, 1967, be incorporated herein and be made applicable to his application.

No objection and request granted.

Mr. Platt remarked that Superior Court Judge Byron Arnold has issued a Writ of Mandate compelling the Tax Appeals Board to accept this application; and the prosecution of the present application could not in any way be interpreted as an admission that the County Board of Equalization had jurisdiction over the matter.

Supervisor Ertola, seconded by Supervisor Blake, moved that the application be denied.

Motion carried by the following vote:

Ayes: Supervisors Blake, Casey, Ertola, Francois, McCarthy, Morrison, O'Shea, Tamaras, von Beroldingen—9.

Assessment of Real Property located within Hunters Point Reclamation District.

Supervisor Blake requested that a communication be directed to the ber 20, 1967, to the effect that owners of real property in the Hunters Point Reclamation District might have a proper case for reduction of assessments if it could be determined that the action of the Bay Conservation and Development Commission has substantially diminished the potential use and value of the property by denying application for permission to fill the Bay.

Supervisor Blake asked that a communication be directed to the City Attorney asking that the State and National Affairs Committee be advised on or prior to December 1, 1967, whether there is any way in which real property taxes on parcels lying within the District can be reduced for the fiscal year 1967-68. Supervisor Blake suggested that other cities apparently find some way in which to lower or abolish real property taxes for a specified period of time in order to attract new industries and expressed the thought that there may be an analogy present which could be adapted to the property within the District.
